Chief Marshal of this parade, who was approved by the Mayor, will be Sgt. Charles McGillivray, holder of the Congressional Medal of Honor. Other events held in connection with March 17 will take place under the sponsorship of the South Boston Citizens' Association, which has played an active role in observing this patriotic anniversary for the past several years.

HOLY CROSS CATHEDRAL HOUSING PROJECT SOON TO BE STARTED—BIDS FOR CONSTRUCTION ASKED.

The Boston Housing Authority on March 5 invited bids for the construction of a low-income development in the South End of Boston adjacent to the Holy Cross Cathedral. This development will rise on a site previously tenanted with substandard homes which had been cleared in 1940 as a substandard area. Construction on this site had been deferred due to the war emergency and subsequent federal administrative regulations governing the construction cost.

Mayor Curley, in cooperation with the Boston Housing Authority, has expended considerable time and effort with a view to the development of this area which has been a blight on the city for more than seven years. The development when completed will house 508 families, will enhance the surrounding area by its architectural design, and would possibly provide the incentive for a modern building program in this section of Boston.

After construction has been started on this project, bids for construction of the development in South Boston will be advertised.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

INSTITUTIONS DEPARTMENT.

Upon March 3 the Mayor approved a contract with John E. Pray for the complete asphalt tiling of the first and second floors of the so-called Children's Hospital, Long Island Hospital, Boston Harbor. The following bids were received:

John H. Pray, \$3,212; Merenda Floor Company, \$3,797; Appalachian Flooring Company, \$3,985.

PUBLIC WORKS DEPARTMENT.

Upon March 4 the Mayor approved a contract with the C. & R. Construction Company for machinery repairs on north drop, South Ferry, East Boston side, at an estimated cost of \$3,475.

The work was to be commenced immediately after signing of the contract by the Mayor and shall be fully completed within two weeks from that date.

The following bids were received March 1:

C. & R. Construction Company, \$3,475; Martin J. Kelly Company, Inc., \$3,840.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, etc., for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

INSTITUTIONS DEPARTMENT.

March 4, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your authority is respectfully requested to permit the Institutions Department to enter into a contract in the sum of \$3,953 with P. J. Riley & Company, 295 Highland street, Roxbury, for the supplying and installation of certain plumbing at the Long Island Hospital without the formality of public bidding.

The hospital is starting a school for attendant nursing which we expect to open on April 1, 1948. The State Approving Authority has approved the location of classrooms, practice rooms, and toilets, and has specified two 48-inch cabinet sinks, one service sink, one low-down water closet, one sump ejector, one bathtub, one lavatory, and one sterilizer to be installed. The bathtub, lavatory, and sterilizer will be furnished by the city and installed by the contractor.

To complete the installation, waste vents, hot and cold water supplies must be taken from their source, and the steam line with reducing valve must be taken 100 feet to the sterilizer. Considerable digging through concrete and setting up of a trench for the sump pump must be made. I deem the work of an emergency nature.

P. J. Riley & Company, the low bidder on the cafeteria, has submitted a price of \$3,953, which is considered fair and reasonable. In my opinion the best interests of the city are being adequately protected.

Yours respectfully,

G. FRANK McDONALD,
Commissioner.

SUFFOLK COUNTY.

REGISTRY OF DEEDS.

February 20, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In accordance with the provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to dispense with advertising for proposals for Deeds, particularly with respect to Items B-1 and D-1 of the budget, for the following reasons:

Practically all of Item B-1 is for the binding of indexes and record books. This work is being done by a competent concern who has agreed to do said work at a fair price.

Item D-1 covers the furnishing of grantor and grantee indexes for the Recording Department and for the Registered Land Department which are furnished under the same conditions referred to in paragraph 1; and the item also covers standard record paper and sundry articles of stationery, which are furnished at standard prices.

Respectfully yours,

LEO J. SULLIVAN,
Register of Deeds.

CHANGES IN CONTRACTS.

BOSTON HOUSING AUTHORITY.

Matthew Cummings Company has been allowed to make a change in the contract for the general construction of 55 houses at Captain John's Hill, West Roxbury. This extension of time is necessitated due to causes beyond the control of the contractor, as outlined in letter of January 26, 1948.

The City of Boston has determined that (1) the delay is due to unforeseen causes beyond the contractor's control and without his fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract.

Now, therefore, subject to conditions hereinafter set forth, an equitable adjustment of the contract time is established as follows:

The contract time for completion is extended thirty (30) days, to March 2, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

MATTHEW CUMMINGS COMPANY,
77 Summer Street,
BOSTON, MASS., January 28, 1948.
THE BOSTON HOUSING AUTHORITY, 10
Post Office Square, Boston, Mass.
Re: Veterans' Housing, Captain John's
Hill.

GENTLEMEN,—We request that the completion date for the above project be extended to May 15, 1948.

The unusually severe winter weather has eliminated all chance of doing any outdoor work. This means that this work will have to wait until the weather becomes milder.

Plumbing fixtures, doors and windows, nails, electric fixtures are all being delivered slowly. Some of the delay is due to the great demand everywhere for building materials. The truckmen's strike has also affected deliveries, particularly nails.

These delays are beyond the control of the contractor, and practically all construction work is suffering from them.

Yours truly,

MATTHEW CUMMINGS COMPANY,
By MATTHEW J. CUMMINGS, *President*.

FIRE DEPARTMENT ORDERS.

POLICE DEPARTMENT ORDERS.

General Order No. 1,021.

Patrolmen John J. Hurley and Coleman J. Costello, both of Division 1, are commended for meritorious police duty performed on March 3, 1948.

About 1.40 a. m., Patrolman Hurley, while on foot patrol, observed a man acting in a suspicious manner in Canal street. He immediately investigated and found that the front door of a business establishment had been forced open.

Patrolman Hurley approached this man, who then attempted to run away. The officer chased him and succeeded in taking him into custody after he had discharged one shot in the air. At this time the prisoner attempted to draw a loaded automatic pistol from his pocket. As Patrolman Hurley grappled with the prisoner, Patrolman Costello arrived upon the scene, having heard the shot, and assisted in placing the man under arrest.

Further investigation revealed that the safe in the establishment had been forced by means of knocking off the combination and handle, but the contents of the safe were found intact. A search of a room in a nearby hotel uncovered a number of burglarious tools, including two bags containing an electric drill and biting tools, a small sledge, and a revolver.

The Commissioner is pleased to recognize this outstanding police work, which reflects credit not only on the officers but on the department as a whole, as it undoubtedly prevented the consummation of a safe burglary.

It is hereby further ordered that each officer be given one week's additional vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,022.

The Police Commissioner having heard the complaint of Robert A. Lynch, captain, commanding Division 6, against patrolman Robert W. Whitley, of the same division, on Friday, February 27, 1948, at Police Headquarters, charging him with violation of Rule 54 of the Rules and Regulations of the Police Department, has made a finding of "guilty."

Therefore, It is hereby ordered that the said Patrolman Whitley be suspended for a period of thirty days, effective as of Friday, February 27, 1948, at 5.45 o'clock p. m., and at the expiration of which time he shall perform 120 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,023.

The resignation of Patrolman James F. Gilligan, Superintendent's Office (armed service roll), having been presented, it is hereby accepted to take effect as of Monday, March 8, 1948, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 1, 1948.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President HANNON in the chair. Absent, Councilor Hurley.
The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments: Barney Rubin, 318 Blue Hill avenue, Roxbury, as Constable, without power to serve civil process, and to serve without bond, for term ending April 30, 1948.

Biagio Carabello, 608 Main street, Medford, as Weigher of Goods, for term ending April 30, 1948.

Severally referred to Committee on Confirmations.

USE OF LAND ON FROST AVENUE AS PUBLIC WAY.

The following was received:

City of Boston,

Office of the Mayor, February 18, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Board of Real Estate Commissioners relative to your order of January 12, 1948, concerning the transferring to the custody of the Board of Street Commissioners, the land located on Frost avenue, Ward 16, known as lot 4, consisting of 305 square feet of land, which was taken under tax title proceedings, for acceptance as a public way.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Board of Real Estate Commissioners,

February 18, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I am in receipt of your letter of January 22, 1948, with the enclosure of an order filed by Councilor Beades requesting that the Board of Real Estate Commissioners transfer to the custody of the Board of Street Commissioners land located on Frost avenue, Ward 16, known as lot 4, consisting of 305 square feet of land, which was taken under tax title proceedings, for acceptance as a public way.

I beg to inform you that I have communicated with the Street Commissioners, and upon receiving a request from them that they will use the land for the purpose set forth on the councilor's order, I would be pleased to present it before the Board of Real Estate Commissioners for a vote to transfer the said property to the Street Commissioners for public use.

Sincerely yours,

IRVING LEWIS, Chairman.

TRAFFIC LIGHTS, DIMOCK STREET AND COLUMBUS AVENUE, WARD 11.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order dated February 2, 1948, concerning the installing of push button traffic lights at the intersection of Dimock street and Columbus avenue, Ward 11.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, February 17, 1948.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—In reply to Council order of February 2, 1948, requesting the Boston Traffic Commission to install push button traffic lights at the intersection of Dimock street and Columbus avenue, I respectfully recommend that no action be taken on this matter.

Columbus avenue, from Jackson square to Egleston square, was recently reconstructed and a divisional island set up in the middle of the roadway.

I believe that the erection of a push button signal would greatly impede the flow of traffic.

Respectfully,

LEO F. CURLEY, Commissioner.

SLOWING DOWN OF CARS AND BUSES.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Metropolitan Transit Authority relative to your order of February 9, 1948, concerning the slowing down of cars and buses as a safety measure.

Respectfully,

JAMES M. CURLEY, Mayor.

Metropolitan Transit Authority,

February 17, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I am in receipt of memorandum from your office dated February 11, 1948, enclosing order of the Boston City Council, dated February 9, "That the Members of the Metropolitan Transit Authority be requested, through his Honor the Mayor, to direct all operators of cars and buses to slow down their speed as a safety measure."

This Authority has specific rules with which all operators are familiar concerning the operation and speeds of all types of vehicles. In addition, we have a corps of trained instructors whose duties involve a constant check on all operators with relation to safety of operation and conformance with traffic regulations. It is the duty of these instructors to reinstruct operators who may be found to violate any of the Authority's rules with relation to the operation of transit vehicles.

Very truly yours,

EDWARD DANA,
General Manager.

LEASE OF FIREHOUSE, DORCHESTER LOWER MILLS.

The following was received:

City of Boston,

Office of the Mayor, February 16, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Fire Commissioner relative to your order of January 26, 1948, concerning the leasing or renting to the Dorchester Lower Mills, Memorial Post 8699, Veterans of Foreign Wars, the quarters now unoccupied in the firehouse at the corner of Temple and River streets, Dorchester Lower Mills.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Fire Department, February 13, 1948.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—I acknowledge receipt of a City Council order requesting the Fire Commissioner, through his Honor the Mayor, to lease or rent to the Dorchester Lower Mills, Memorial Post 8699, Veterans of Foreign Wars, the quarters now unoccupied in the firehouse at the corner of Temple and River streets, Dorchester Lower Mills.

With your Honor's permission, I am glad to comply with this request inasmuch as the Fire Department will have no further use for the unoccupied quarters in the firehouse in which Engine Company 16 is stationed.

It is my recommendation that the space be leased to the post at a rental rate sufficient to pay the city for the estimated cost of heating the premises inasmuch as there is only one central heating unit for the entire building.

If advisable an electric light meter could be installed so that the post could pay the Boston Edison Company direct for light consumed.

If your Honor concurs with the above recommendation, I shall request the Law Department to draw up a lease between the City of Boston and the post, to include special covenants pertaining to light and heat charges.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

WAITING STATION, SOUTH BOSTON, FOR SANITARY DIVISION.

The following was received:

City of Boston,

Office of the Mayor, February 17, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public

Works relative to your order of January 12, 1948, concerning the establishment of sanitary headquarters at or near I street and East Second street, South Boston, for the purpose of having a waiting station for men employed in the Sanitary Division in South Boston.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department,

February 16, 1948.

Mr. J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—Receipt is acknowledged of your memorandum of February 11, attaching copy of Council order, dated January 12, 1948, as follows:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make provisions for a sanitary headquarters at or near I and East Second streets, South Boston, for the purpose of having a waiting station for men employed in the Sanitary Division in South Boston."

The Sanitary Division of the Public Works Department does not have property in the South Boston district at which to establish a waiting station, as requested by Councilor Wenzler. At the present time, the men wait for the equipment at the Health Unit, on Dorchester street, on noon hours.

Very truly yours,

ROBERT P. CURLEY,

Commissioner of Public Works.

REPLACING OF GAS LAMPS, LINCOLN STREET, WARD 22.

The following was received:

City of Boston,

Office of the Mayor, February 27, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 26, 1948, concerning the replacing of antiquated gas lamps on Lincoln street, Ward 22, with modern electric arc lamps.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department,

February 27, 1948.

Mr. J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works replace the antiquated gas lamps on Lincoln street, Ward 22, with modern electric arc lamps, and this will advise you that the Lighting Service of the Public Works Department will have a survey made of this area with a view to making the suggested changes.

Very truly yours,

ROBERT P. CURLEY,

Commissioner of Public Works.

CLEANING OF CATCH-BASINS.

The following was received:

City of Boston,

Office of the Mayor, February 16, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 26, 1948, concerning the cleaning of all the city's catch-basins, and especially those in the Ward 14 section.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department,

February 16, 1948.

Mr. J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—In regard to City Council order dated January 26, 1948, requesting the cleaning of all catch-basins in the city, we believe that this has reference to clearing snow and ice from the tops of catch-basins so that melting ice and snow can reach the basins.

This work started about January 20, 1948. At the present time the combined labor force of the Public Works Department is engaged in clearing ice and snow from more than 22,000 catch-basins. Due to adverse conditions the progress is slow but the work is being carried out in a systematic manner.

Very truly yours,

ROBERT P. CURLEY,

Commissioner of Public Works.

REPLACING GAS LAMPS WITH ELECTRIC STREET LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, February 27, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 9, 1948, concerning the replacing of all street gas lamps with electric lights wherever necessary.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
February 27, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works make a survey for the purpose of replacing all street gas lamps with electric lights and to proceed without delay with replacements wherever necessary, and this will advise you that the Lighting Service of the Public Works Department has requested the Boston Edison Company to make a survey relative to this matter.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

ERECTION OF FENCE BY NEW YORK, NEW HAVEN & HARTFORD RAILROAD.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Law Department, together with plan, relative to your order of February 2, 1948, concerning the erection of a fence along the Midland Division of the New Haven Railroad, particularly in the vicinity of Uphams Corner Station.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, February 18, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—On February 4, 1948, you transmitted to me the following order passed by the City Council on February 2, 1948:

"Ordered, That his Honor the Mayor be requested to direct the Law Department to confer with the New York, New Haven & Hartford Railroad and the Department of Public Utilities relative to the erection of a fence along the Midland Division of the New Haven Railroad, particularly in the vicinity of Uphams Corner Station."

Shortly after the receipt of your communication this department wrote Edmund J. Moore, Esq., counsel and attorney for the New York, New Haven & Hartford Railroad Company, concerning the matter. In reply, Mr. Moore sent us the enclosed plan, stating that "in the coming spring chain link fencing will be erected at the locations shown in red."

Under the circumstances, no further action by this department at the present time would appear to be warranted.

Yours very truly,

JOSEPH A. SCOLPONETI,
Corporation Counsel.

REPAIRS TO WALWORTH STREET BRIDGE.

The following was received:

City of Boston,
Office of the Mayor, March 1, 1948.
To the City Council.

Gentlemen,—I am in receipt of a communication from the Commissioner of Public Works in which he calls attention to the necessity for repairs to the Walworth street Bridge. This bridge crosses the tracks of the New York, New Haven & Hartford Railroad at Walworth street in the West Roxbury district of the City of Boston.

In order that this bridge may be repaired to insure the safety of the public, it is necessary for the City of Boston to apply to the Department of Public Utilities for a hearing relative to this subject matter.

I am therefore submitting herewith an order providing that the Corporation Counsel of the city apply for such hearing, and I respectfully recommend the adoption of the order by your Honorable Body.

JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
February 19, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—The Walworth Street Bridge, a public highway in the West Roxbury district of Boston, which crosses the tracks of the New York, New Haven & Hartford Railroad Company, is in need of alterations and repairs to insure the safety of the public.

In order to have proper repairs made on this bridge, it is necessary that a petition be filed with the Department of Public Utilities and a hearing had relative to this subject matter.

I respectfully recommend, therefore, that the enclosed order be transmitted to the City Council for the approval of that Body, as it will be necessary for the Corporation Counsel to secure such an approval before instituting proceedings with the Department of Public Utilities.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Whereas, In the opinion of this Council it is necessary for the security and convenience of the public that Walworth Street Bridge, carrying Walworth street, a public way, over and across the railroad of the New York, New Haven & Hartford Railroad Company, be altered and structural changes and repairs be made thereto; now therefore it is hereby

Ordered, That the Corporation Counsel of the City of Boston be instructed to apply to the Department of Public Utilities of the Commonwealth of Massachusetts for said department to take action in regard to such alterations, structural changes and repairs in said Walworth Street Bridge, under the provisions of chapter one hundred and fifty-nine and chapter one hundred and sixty of the General Laws, as most recently amended, and under any other appropriate statutory provisions.

Referred to the Executive Committee.

APPROPRIATION FROM CEMETERY FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, March 1, 1948.
To the City Council.

Gentlemen,—In the preparation of the 1948 budget provision was made, as in previous years, that \$60,000 of the maintenance expenses of the Cemetery Division of the Park Department should be charged against income of the Cemetery Fund. Before this income can be utilized, it is necessary that an appropriation be made.

I accordingly submit herewith, in accordance with the provisions of chapter 117 of the Acts of 1913, an order providing for the appropriation from the income of the Cemetery Fund in the sum of \$60,000, the same to be utilized in meeting maintenance expenses of the Cemetery Division, and respectfully recommend adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, February 18, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—By vote of the Board of Park Commissioners on February 17, 1948, you are respectfully asked to issue an order on the City Council that the sum of \$60,000 be appropriated from the income of the General Cemetery Fund—to be expended under the direction of the Park Commission for Cemetery Division maintenance and improvement.

This sum may be appropriated under the provisions of chapter 117 of the Acts of 1913. When making up the budget estimates of the Cemetery Division for the year 1948 it was indicated that the amount of \$60,000 could be deducted from the A-1 item (Permanent Employees), if permission was given to use \$60,000 for maintenance and improvement of our cemeteries from the General Cemetery Fund.

Respectfully yours,
JOHN J. MURPHY, Chairman,

Ordered, That under the provisions of chapter 117, Acts of 1913, the sum of sixty thousand dollars (\$60,000) be, and hereby is, appropriated from the income of the Cemetery Fund, to be expended under the direction of the Park Commissioner, for Cemetery Division maintenance and improvement.

Referred to the Committee on Appropriations.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

PROPOSALS FOR FURNISHING SURGICAL DRESSINGS.

The Supply Department of the City of Boston invites proposals for furnishing surgical dressings for city departments, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Surgical Dressings." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Thursday, March 25, 1948, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLING CAST-IRON SECTIONAL BOILERS IN THE ALBERT PALMER SCHOOL, EUSTIS STREET, ROXBURY, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for furnishing and installing cast-iron sectional boilers in the Albert Palmer School, Eustis street, Roxbury, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, March 24, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of the contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,

(Mar. 13.) Superintendent of Construction.

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING 8-INCH WATER PIPE IN FERNCROFT ROAD, WEST ROXBURY; PLATT ROAD, BRIGHTON; NEPONSET VALLEY PARK- WAY, WASHINGTON STREET EXTENSION, BADGER ROAD AND COLCHESTER ROAD, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying 8-inch water pipe in Ferncroft road, West Roxbury; Platt road, Brighton; Neponset Valley Parkway, Washington Street Extension, Badger road and Colchester road, Hyde Park.

A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Laying 8-Inch Water Pipe in Ferncroft Road, West Roxbury; Platt Road, Brighton; Neponset Valley Parkway, Washington Street Extension, Badger Road and Colchester Road, Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of MONDAY, MARCH 22, 1948, with a certified check for THREE HUNDRED and FIFTY DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Mar. 13.) Commissioner of Public Works.

HEAVY LIFT LIGHTER TO SERVE HUB PORT.

A new all-steel, diesel-powered, heavy lift lighter has been obtained by Charles L. Hazelton & Son Co. of East Boston. With a capacity to lift from 60 to 70 tons. it was built for the U. S. Army and completed just as the war came to an end, and features an elevated boom which makes it more adaptable for all around general port work. It can also be used for dredging by attaching a 5-ton grab bucket.

The lighter is 135 feet long, has a 50-foot beam, and was purchased recently from the Maritime Commission. According to its owners it has the heaviest lifting capacity of any equipment north of New York. It cost \$265,000.

CONSTRUCTION OF VETERANS' HOUSING DE- VELOPMENT—THIRTY-SIX HOUSES.

The City of Boston, acting by and through the Boston Housing Authority, pursuant to the provisions of chapter 372 of the Acts of 1946, as amended by chapter 479 of the Acts of 1947, will receive sealed bids for the construction of a veterans' housing development located on the south side of River street, in the Mattapan district, City of Boston, Mass., until one o'clock p. m., Eastern Standard Time, March 24, 1948, at the office of the Boston Housing Authority, 10 Post Office square, Boston, Mass., at which time and place all bids will be publicly opened and read aloud. A duplicate copy of the proposal, without bid security, shall be left with the City Auditor previous to the time named for opening of bids.

The successful bidder will be required to furnish a Performance and Payment Bond, as set forth in the specifications.

Attention is called to the fact that not less than the minimum wage rates as set forth in a schedule contained in the specifications must be paid on this project. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment.

Contract documents, including drawings and specifications, are on file at the office of the Boston Housing Authority, 10 Post Office square, Boston, Mass. Copies of the documents may be obtained by depositing \$10, in the form of a certified check or cash with the Boston Housing Authority, for each set of documents so obtained. The amount of the deposit will be refunded to each person who returns all the documents in good condition within 10 days after opening of bids.

Sub-bids will be taken on the following portions of the work until 12 o'clock noon, Eastern Standard Time, March 22, 1948:

1. Heating. 2. Lathing and Plastering. 3. Plumbing. 4. Roads and Utilities.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest so to do. The City of Boston also reserves the right to reject all bids of the sub-bidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

Cash, certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company, shall be submitted with each bid as follows:

1. By general bidders, in the amount of five (5) per cent of the Base Proposal.

2. By sub-bidders listed under Item 2 of the General Contractor's Bid Form, in not less than 5 per cent of the sub-bidder's bid price.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Boston Housing Authority and no bid of a sub-bidder shall be withdrawn prior to thirty (30) days from the opening of bids, without the consent of the Boston Housing Authority.

MAYOR CURLEY HITS BACK AT FINANCE COMMISSION ON CHARGES OF EXCESSIVE TAX ABATEMENTS—ACCUSES BODY OF MISINTERPRETING FIGURES IT PRESENTED IN ANNUAL REPORT TO LEGISLATURE—ASSERTS AIM IN ACCUSATIONS WAS TO BOLSTER PUBLICITY EFFORTS TO SECURE FUNDS FOR MUNICIPAL GOVERNMENT SURVEY—INSTEAD, HE CHARGES, HIS ADMINISTRATION IS BEING FORCED TO SUFFER PENALTY AND BURDEN FOR "ILLEGAL ASSESSMENTS" LEVIED ON BOSTON REAL ESTATE IN OTHER RECENT YEARS—STATEMENT REPLIES TO REPORT AND PROMISES ASSESSORS WILL HEREAFTER BY-PASS STATE TAX BOARD.

On March 12 Mayor Curley issued the following statement in answer to Finance Commission's charges on tax abatements:

MAYOR CURLEY MAKES PROVISION FOR 121 ADDITIONAL VETERANS' FAMILIES IN HOUSING PROJECT PROGRAM—HOMES AVAILABLE IN ABOUT TWO MONTHS.

Mayor Curley, through the Boston Housing Authority, announces the assignment of 121 additional veteran families to the one- and two-family homes presently being constructed under the City of Boston Veterans' Housing Program.

These families have been chosen for occupancy because of their dire need for housing accommodations; many of them are under court eviction order. The majority of those selected are living doubled or tripled up with other families, and the remainder are living in cramped and inadequate quarters.

The new homes will be available to the tenants in approximately two months and are located in various sections of the city. The number of families selected and the locations of the homes are as follows:

- 59 families to River street, Mattapan.
- 31 families to Captain John's Hill, West Roxbury.
- 20 families to Baker street, West Roxbury.
- 5 families to Everdean street, Dorchester.
- 6 families to Saratoga street, East Boston.

In addition to the families selected today, 92 families have been selected previously. Included in these 92 families are 61 families already living in the developments at River street, Mattapan; Everdean street, Dorchester; and the Orient Heights section of East Boston.

Also among the families assigned to new homes are seven families from the temporary housing development at Columbia Village, who are living in the area hardest hit by the poor drainage following the winter storms.

Much of the subject matter of the Finance Commission's 1947 report has been aired and answered at least three times during the past year. A desire to create in the public's mind the opinion that the Finance Commission's record is one of achievement prompts a repetition of their shopworn rigmarole at this time. The Finance Commission apparently thinks that a little publicity may help to secure favorable action on their request for \$150,000 with which to survey the city departments. We hope the survey leads to more logical deductions than the Commission's interpretation on matters of taxation.

Periodically since February of 1947 the Commission has been pontificating on the subject of inflated assessed valuations and subsequent abatements. The Board of Assessors has reported to his Honor the Mayor at great length on this subject, proving conclusively that sales prices and rentals of mercantile property in 1946 had increased substantially, that increases in assessments were warranted, and that abatements were made principally not of the 1946 valuations, but of the illegal assessments levied from 1936 through 1945.

Facts Misinterpreted.

A report this day submitted to the Committee of Municipal Finance of the Massachusetts Legislature by the Finance Commission, plus the articles appearing in the press, to the effect that \$95,000,000 in abatements was granted in 1946, is a misinterpretation. The total amount abated by the city in 1946 was about four million tax dollars. The \$95,000,000 represents property valuation and not tax dollars.

Of the total of \$4,000,000 of abatements made in 1946, \$600,000 was abated for the Boston Elevated Railway Company. This abatement with respect to the year 1946 was part of a compromise effected with the Elevated Trustees on their claim for \$3,500,000. The abatement granted as a result of the compromise was based on the fact that some \$5,000,000 of personal property valuation was levied upon the Boston Elevated Railway Company in 1942, 1943, and 1944, to make a showing on the tax rate by the then administration. The 1945 administration increased this valuation by \$4,000,000, making a total valuation of \$9,000,000 on personal property.

The Assessing Department engaged engineers, and, after a survey covering nearly a year, was unable to find where a valuation substantially in excess of \$850,000 could be justified. In other words, the valuation of \$5,000,000 put on personal property by the Assessing Department in 1942, and the \$4,000,000 additional put on in 1945, was an unjust appraisal and could not be sustained by the facts. The then Chairman of the Board of Assessors, Edward Kelly, a competent and honest city official, refused to approve this. As a result of the actions of previous administrations, when the Metropolitan Transit Authority was established, a provision was inserted in the act prohibiting assessments on personal property controlled by the Metropolitan Transit Authority.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR CURLEY REFUTES CHARGE OF FINANCE COMMISSION RELATIVE TO EXCESSIVE TAX ABATEMENTS—ASSERTS BODY MISINTERPRETS OWN FIGURES GIVEN IN ANNUAL REPORT.

(Continued from page 281.)

Two hundred thousand tax dollars were abated on 1946 taxes for the wool dealers due to the claim made by them and sustained by the courts that wool in transit is not subject to local taxation. It would have been unnecessary to make the abatement of \$200,000 were it not for the unwarranted action taken by previous administrations from 1936 on in levying a value of \$5,000,000 a year on wool in transit.

The sum of \$80,000 was abated on the 1946 taxes upon real and personal property of the bankrupt subsidiaries of the New York, New Haven & Hartford Railroad Company. This abatement was as a result of compromise of litigation which had been pending for some years in the United States District Court for the District of Connecticut, and was based on the contention of the railroad that the assessments were excessive and unjustifiable.

The sum of \$1,214,000 represents abatements made by the Appellate Tax Board of the Commonwealth, over which, unfortunately, the City of Boston has no control. These abatements approximated 26 per cent of valuation as against less than 10 per cent of valuation where settlements aggregating \$750,000 were effected by the Law or Assessing Departments.

WIDOWS AND AGED.

The abatements granted by the Assessors to aid widows and aged persons totaled \$270,000, and to aid veterans, \$200,000.

To recapitulate, the tax dollars abated on account of 1946 taxes in 1947 were as follows:

Appellate Tax Board decisions.	\$1,214,000
Boston Elevated.....	600,000
Wool.....	200,000
New Haven subsidiaries.....	80,000
Widows.....	270,000
Veterans.....	200,000
Settlements of Appellate Tax Board litigation.....	750,000

Total.....\$3,314,000

The grand total of the foregoing abatements, largely beyond the control of the Assessing Department officials, is \$3,314,000, leaving the amount for which the Assessors are directly responsible slightly over \$700,000, which is in striking contrast with the claim of \$95,000,000.

The Commission treats at some length the matter of deficits in the overlay account. It offers a definition of the "overlay" as a "sum authorized by statute to be used largely for refund of taxes collected when it was found subsequently that the valuation fixed at tax-rate determination time could not be sustained." This definition is somewhat inaccurate, but it is a great improvement over a previous definition by the Finance Commission that the overlay was a device to "take care of Assessors' mistakes." The true purpose of the overlay as expressed in the statute is twofold: (1) to avoid fractional tax rates; (2) to provide a fund for abatements.

For many years an overlay of approximately 1½ per cent was sufficient for this latter purpose, for abatements were

sought only by widows and others in distress. The creation of the Appellate Tax Board, however, entirely changed the picture. The transfer from the Superior Court to the Appellate Tax Board of appeals for abatement of real estate taxes has become an invitation to the vested interests of this city to shift the incidence of taxation from mercantile property to residential property. Overlays increased from 1½ per cent to 3½ per cent have proven insufficient to meet the demands of the predatory mercantile property owners.

Reductions in assessed valuations of 30, 40, 50, and 60 per cent are not enough they come back for more and, if they don't get it from the Assessors, they appeal to the Appellate Tax Board. That body, vitally concerned with self-perpetuation, grants excessive and unwarranted reductions, thus encouraging the owners to come back for more. The result—the overlay is exhausted. From then on every abatement made causes a further deficit in the overlay account. At the meeting of the Board of Assessors this week they will have before them the question of abating taxes on a parcel of downtown property for the years 1942 to date. They will attempt to settle it to the best interest of the city. If they don't settle it, the Appellate Tax Board will grant a greater abatement. No matter what course is pursued, any abatement will create a greater deficit in the already exhausted 1942 to 1945 overlay, exhausted before the present Board of Assessors took office.

The present board has formulated a long-term policy to cure this rising evil. The policy necessarily entails the granting of abatements on presently existing appeals, but it anticipates the filing of future appeals so that the base upon which taxation in Boston is predicated shall possess some semblance of inherent stability. Reduction of the total assessed valuation from \$2,000,000,000 in 1930 to \$1,500,000,000 in 1946, together with increased appropriations over which the Assessors had no control, has caused the increase in the tax rate. Unless additional sources of revenue are provided, we foresee tax rates far in excess of the present \$46.50.

INVITED TO CONFER WITH ASSESSORS.

If the purpose of the Commission in its latest utterance is nothing more than the blowing of its own horn, we should drop the discussion at this point. If, however, the commission sincerely desires to aid the Assessors in devising means to promote the financial welfare of the City of Boston in the immediate future, the Commission is cordially invited to visit the Assessors and to discuss their mutual problems. There are now pending in the Appellate Tax Board appeals from assessments upon properties which have enjoyed reductions as high as 60 per cent in assessed valuations. In these cases the Board of Assessors has carried in current years the valuation to which previous years' assessments had been abated; and in such current years, despite the reductions granted and the inflationary economic trend, the taxpayer has appealed for further relief. There is no satisfactory irreducible minimum, except freedom from all taxation. An examination of the innumerable cases of this type proves that no tax rate no matter how high can be firmly held while an Appellate Tax Board exists.

It is indeed calamitous to find that the Boston Finance Commission failed to take the initiative and prevent the conditions

from arising under previous administrations for which the present administration is required to bear the penalty and the burden.

MAYOR RECEIVES REPLY FROM EIRE PRIME MINISTER ON IRISH TRANSATLANTIC AIR SERVICE.

His Honor the Mayor has received the following cablegram from Costello Taoiseach (John A. Costello, Prime Minister, Eire):

THANKS FOR YOUR CABLE. I FULLY APPRECIATE GREAT INTEREST OF IRISH POPULATION OF GREATER BOSTON IN IRISH TRANSATLANTIC AIR SERVICE, BUT EXAMINATION OF THE POSITION SINCE I ASSUMED OFFICE INDICATED INEVITABLE HEAVY LOSSES AND LACK OF NET DOLLAR EARNING CAPACITY. GOVERNMENT FEELS IT DIFFICULT TO JUSTIFY RESULTANT HEAVY BURDEN ON IRISH TAXPAYERS. NO FINAL DECISION HAS YET BEEN REACHED, AND THE MATTER IS STILL RECEIVING ANXIOUS AND SYMPATHETIC CONSIDERATION WITH A VIEW TO FINDING A SOLUTION.

COSTELLO TAOIS.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

PARK DEPARTMENT.

BOSTON, March 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Last year the dreaded Dutch Elm disease first affected elm trees in the City of Boston. It was definitely found that 17 trees were proven cases and had to be removed so as to prevent spread of the disease to trees not affected at that time. It was also found necessary to remove many other trees that were dead. The Dutch Elm disease, when it does strike, is deadly, and in a matter of a year or two, the tree is dead and positively must be removed and burned. The United States Department of Agriculture and the State Department of Agriculture recommend, first, that dead trees be removed and burned and, second, that live trees be pruned and then sprayed with DDT, starting in April. This is the only recognized method of preventing the infestation of nearby healthy trees.

It is now advisable to remove a number of dead trees in the city, mainly elms, and to trim some other live elms so as to put them in as healthy condition as

possible early in the spring in an effort to try and prevent the spread of the disease this year.

Last year the work of trimming and removing trees was done by Fred Ralston & Co., whose work was found to be very satisfactory. This company has the proper equipment for the work and also men well trained in tree pruning and removal. We have had considerable experience with this company and find that they are tree experts and well qualified to do the work. This is the type of work that can not be advertised for bids as the over-all work to be done is very indefinite, so it is therefore to the advantage of the city to engage a reputable tree concern at a reasonable and fair rate per hour for men and equipment.

You are therefore respectfully requested to award a contract without publicly advertising for bids to Fred Ralston & Co., 337 Washington street, Brighton, Mass., for the trimming of trees and the removal of dead trees on city streets and on parks and playgrounds, where directed, all to the satisfaction of this department, at a cost of \$1.65 per hour for tree men and \$1 per hour for a 1½-ton truck without driver, and other equipment at regular rates. The work to be done under this contract is not to exceed \$7,000 and is to be charged to B-42 in the Park Department budget.

Very respectfully yours,

JOHN J. MURPHY, Chairman.

SUPPLY DEPARTMENT.

BOSTON, March 1, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that permission be granted me to award an order to the Addressograph Sales Agency, Boston, for furnishing to the Boston Retirement Board the following: one (1) Model 6383 Graphotype at \$1,109.50; less allowance on old Model 6180, \$20; plus express charges, \$20; total \$1,109.50.

The Addressograph Sales Agency are the manufacturers of this machine and public advertisement for bids would not result in any saving to the city.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 1, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order to the Brandt Automatic Cashier Company, 161 Devonshire street, Boston, for furnishing the following to the Boston Traffic Commission: two (2) Brandt Bank Specials with carry-over meter coin machines, \$635 each.

The Brandt Automatic Cashier Company are the manufacturers of these machines and therefore, in my opinion, no advantage would be gained by publicly advertising for bids.

Total amount of order, \$1,270, net.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 1, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order

to the Photostat Service Company, 303 State street, Rochester, New York, for furnishing the following to the Public Welfare Department: 54 rolls. 14-inch photostat paper, \$1,034.28; 8 cases. 5-quart size, developer, \$86.32; 10 cases 3-quart size, fixing powder, \$67.50.

Since the Photostat Service Company are the manufacturers of the above equipment, no advantage would be gained from public advertisement for bids.

Total amount of order, \$1,199.10.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 8, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This office is in receipt of several requisitions from the Water Division of the Public Works Department for meter parts for the Gamon meter.

It is respectfully requested that permission be granted me to award a contract, without public advertisement, to the Worthington-Gamon Meter Company, 298 South street, Newark, New Jersey, for furnishing these meter parts. Owing to the fact that the Worthington-Gamon Meter Company are the sole manufacturers and that these meter parts are patented items, no advantage will be gained from a public advertisement for bids.

Total amount of contract is \$19,413.30, less 30 per cent, making a net total of \$13,589.31.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Preparatory to spring of each year, it is necessary to purchase repair parts on an emergency basis to overhaul the Elgin street sweepers of the Public Works Department. When the maintenance division of that department anticipates major repairs on several pieces of sweeping apparatus, the purchase of such parts may exceed \$1,000, and thereby be subject to public advertisement for bids, and the subsequent public opening, awarding, and drawing up of formal contracts.

Since these parts are of special manufacture and can be obtained only from The Clyde Everett Equipment Company, direct agents of Elgin Sweeper Company, and since they are usually purchased on an emergency basis, we have found that the formality of publicly advertising for bids serves no purpose insofar as competitive prices are concerned, and results in a delay in obtaining the equipment with the inevitable slackening of efficiency of the apparatus in question.

Your permission is respectfully requested therefore, to obtain these parts as they are requisitioned by the Public Works Department, dispensing with public advertisement and formal contracts for the year ending December 31, 1948.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Martin J. Kelly Company, Inc., has been granted an extension of the time of completion of the contract for furnishing new tail truck at Warren Bridge, to April 30, 1948. This extension is requested for the reason that a fire occurred at the foundry where the casting was being made, which delayed the furnishing of the body of the truck. Material is now on hand, and the machining and fabricating of the tail truck is proceeding.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 23, 1946, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Burrwood street, be, and the same hereby is, amended, by adding to said order the amount \$40, as an award to James L. Shaughnessy and Mary A. Shaughnessy, husband and wife as tenants by the entirety; that the amount \$40 be, and the same hereby is, awarded to James L. Shaughnessy and Mary A. Shaughnessy, husband and wife as tenants by the entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 3, 1946, as amended, determining damages caused by the making of the public improvement consisting of laying out of Eastland road, be, and the same hereby is, amended, by adding to said order the amount \$205, as an award to Alice M. Kerrigan; that the amount \$205 be, and the same hereby is, awarded to Alice M. Kerrigan for the damages so sustained.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following request of the Traffic Commissioner:

BOSTON, March 3, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—This department is desirous of purchasing one (1) panel delivery truck, which vehicle will be used in connection with the collection of parking meter receipts.

At the present time we have unencumbered in our Departmental Equipment Loan, Motor Vehicle item, the sum of \$1,446.07. The estimated cost of the vehicle desired will be \$1,693.93, and it is respectfully requested that additional funds in the sum of \$247.86 be transferred from the Reserve of the Departmental Equipment Loan to the Departmental Equipment Loan, Motor Vehicle item, of this department.

Respectfully submitted,

LEO F. CURLEY,
Commissioner.

POLICE DEPARTMENT ORDERS.

General Order No. 1,024.

A Trial Board, consisting of Captains William D. Donovan, Justin McCarthy, and William H. Britt, having heard by reference a complaint made by Lieut. Thomas F. Friel, commanding Division 19, against Patrolman Joseph P. McLean, Division 19, charging him with conduct unbecoming an officer, has reported a finding of not guilty.

Finding of Trial Board is approved, in accordance with which it is hereby ordered that the complaint against the said Patrolman Joseph P. McLean be dismissed.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

REPORTS BY POLICE ON UNLIGHTED STREET LAMPS.

The following was received:

City of Boston,

Office of the Mayor, March 3, 1948.

To the City Council.
Gentlemen,—I transmit herewith communication from the Police Commissioner, relative to your order of February 16, 1948, concerning the instructing of all uniformed men in the various station houses to immediately notify the Street Lighting Service of the city relative to all gas lamps and electric lamps which are observed to be not operating.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department, March 1, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I return to you herewith order of the City Council dated February 16, 1948, as follows:

"Ordered, That all division captains be requested by Police Commissioner Sullivan, through his Honor the Mayor, to instruct all uniformed men in the various station houses to immediately notify the Street Lighting Service of the city relative to all gas lamps and electric lamps which are observed to be not operating."

The Rules and Regulations of the Police Department make specific provision relative to street lamps as follows (Rule 24, Section 19):

A patrolman, while on duty, shall note "all street lamps out of repair and not lighted or extinguished at the proper time; and shall make report thereof without delay in writing to his commanding officer."

When an officer observes a defective street lamp, it is his duty to notify the officer in charge of the station, who in turn notifies the Gas Company or the Electric Company, directly or through the Bureau of Operations.

On October 30, 1943, a new form and method of reporting street light outages was put into effect by the Commissioner of Public Works, and each division now reports, also, on postcard forms all defective street lamps, which postcards are forwarded daily by United States mail to the Public Works Department.

In addition to the above, division commanders report on their daily reports to the superintendent the number of defective lamps reported for the 24 hours ending 8 a. m.

For the year ending November 30, 1947, a total of 4,658 defective lamps were reported by the several divisions, which indicates that there is no negligence on the part of the police in observing and reporting defective street lamps.

Very truly yours,
THOMAS F. SULLIVAN,
Police Commissioner.

Placed on file.

INSTALLING OF PEDESTRIAN LIGHTS, WARD 22.

The following was received:

City of Boston,

Office of the Mayor, March 8, 1948.

To the City Council.
Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of January 12, 1948, concerning the installing of pedestrian traffic signals at the corner of Franklin and Lincoln streets in Ward 22.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, March 4, 1948.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to the City Council order submitted by Councilor Shanley, requesting that pedestrian traffic signals be installed at the corner of Franklin and Lincoln streets, Ward 22, please be advised that an investigation is being made by the Engineering Division of this department and, when this investigation is completed, I shall inform you as to the decision arrived at.

Very truly yours,
LEO F. CURLEY, Commissioner

Placed on file.

MAKING OF L STREET A THROUGH WAY.

The following was received:

City of Boston,

Office of the Mayor, March 8, 1948.

To the City Council.
Gentlemen,—I transmit herewith communication from the Traffic Commissioner, relative to your order of February 16, 1948, concerning the placing of "Stop" signs on all streets that cross L street, and the making of L street, from Columbia road to First street, a through way.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, March 4, 1948.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to Council requests of Councilor Wenzler that L street be made a through way and that traffic lights be installed at the intersection of Dorchester street and Broadway, please be advised that a survey is being undertaken. When this survey is completed, I shall further advise you as to the decision of this commission.

Very truly yours,
LEO F. CURLEY, Commissioner.

APPROPRIATION FOR RENTAL OF CADETS' ARMORY.

The following was received:

City of Boston,

Office of the Mayor, March 8, 1948.

To the City Council.
Gentlemen,—Under the Statutes of 1947, chapter 685, Item 0406-05, the state this year is making available to the City of Boston for rental and maintenance of the First Corps of Cadets' Armory the sum of \$5,000. This sum is in addition to the \$7,000 annually made available for this purpose and is necessary to meet additional maintenance expenses at the armory.

Before payment may be made for these additional expenses it is necessary that an appropriation be provided. I submit herewith an order providing for the appropriation of \$5,000, said appropriation to be met from payments received from the Commonwealth, and recommend adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, that the sum of five thousand dollars (\$5,000) be, and the same hereby is, appropriated from the income received from the Commonwealth under the provisions of chapter 685, Item 0406-05 of the Acts of 1947, said sum to be expended for the following purpose:

STATEMENT OF JOSEPH CASHMAN, BOSTON DAILY RECORD, IN MEMORY OF FRED LANE

Mr. White presented the following statement:

Chairman: I would like to inscribe on the School Committee records of this meeting, the following statement of Mr. Joseph Cashman of the Boston Daily Record at the dinner of the Boston Chapter of Baseball Writers.

The occasion was the presentation of an award to Ted Williams in memory of Fred Lane, a fellow sports writer who had died suddenly. I appreciate the sincerity of the thoughts which these words express of the feeling his associates had for Mr. Lane. I only wish that I could portray the depth of sincerity Mr. Cashman displayed in making the statement:

"Joe—Fate could hardly play a stranger trick than the one which finds you receiving and me presenting this award.

"The unpredictable fellow for whom it is intended is in Florida. The jolly little guy who would have been a natural to present it is in Valhalla.

"This is a gift from the Boston baseball writers to Teddy Williams in recognition of his feat of being top man in batting, home runs and runs batted in last season, thus becoming the first American Leaguer ever to win the triple crown twice.

"I'm not sure whether this fire-arm is called a gun, rifle, musket or blunderbus. Few, if any, members of the Boston chapter would know. But Freddie Lane, to whose memory it is dedicated, could have told you instantly and accurately.

"In that the mere mention of field and stream set his blood a-tingle; in that he thrilled to hunting and delighted in fishing; in that he much preferred to roam the wide open spaces armed with rifle or reel to taking bows at a banquet board, Freddie Lane above all other members of this Chapter spoke and understood the Williams language.

"He learned shortly before the untimely death on New Year's Eve what we planned to present Ted.

" 'Finally getting smart,' he said, 'giving the boy (he called everybody "boy" probably because that's what he was until the day he died) giving the boy something from which he'll derive some pleasure instead of another of those plaques to gather dust hanging on a wall.'

"Joe, ever since coming to Boston you knew Freddie Lane as a fair and able newspaperman. I knew him as a fellow-worker and most loyal friend for 30 years. Williams unfortunately never had the privilege of knowing him intimately.

"I hardly need tell you that you would pay Freddie Lane the tribute he'd cherish most if, when you turn over this gun, you would inform the Kid that it is dedicated to a little guy who furnished everybody he ever met more laughs in an hour than Teddy has ever hit homers in a season.

"Joe—a trophy for a champion, in memory of a champion."

The Committee adjourned.

Duties: To construct and mark written examinations for positions in technical or specialized fields as assigned, either independently or in collaboration with consultants and to do the necessary research in connection with such work; to prepare schedules for the marking of training and experience and to mark training and experience sheets of applicants; in connection with appeals to the Director of Civil Service or to the Civil Service Commission with reference to the validity or marking of examinations, to submit detailed reports which shall include authority and supporting data concerning such validity or marking; when assigned, to make statistical analyses and computations of the results of examinations; to carry out miscellaneous minor tasks such as clerical work in figuring of scores, conducting written examinations at the various examination centers throughout the state, and assisting in conducting physical, strength, or practical performance tests; and to perform related work as required.

The following are required: Ability to construct suitable subjective test questions and objective test items; ability to establish proper standards for marking subjective examinations and to maintain uniformity in the marking of such examinations; ability to weigh and evaluate job specifications and to plan the scope of the written examination to cover various aspects of the duties set forth in the specifications; knowledge of sources of authoritative reference materials; knowledge of English and general information.

The duties are such that work is required on Saturdays throughout the greater part of the year, and may be required at other times outside of regular office hours.

Entrance Requirements: Applicants must have at least four years of full-time, paid employment in which the construction of written examinations was a major duty, such as in the fields of education or personnel work. *Substitutions:* (1) Education in a recognized degree-granting college or university may be substituted for the required experience on the basis of two years of education* for one year of experience. (2) A successfully completed year of full-time, or equivalent part-time, graduate study leading to a master's degree in a recognized college or university may be substituted for two years of the required experience. (3) Full-time, paid employment in the Massachusetts Division of Civil Service in responsible work in connection with the preparation of examinations may be substituted for the required experience on the basis of three years of such employment for one year of the required experience.

*One year of such education is equal to 30 semester hours' credit or the equivalent in term hours, quarter hours, points, majors, or courses.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the Governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

STATE FISCAL AIDS TO CITIES AND TOWNS FOR PUBLIC ELEMENTARY AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, *i. e.*, partly based on expenditures by the municipality.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR ERECTION OF CINDER BLOCK AND TILE PARTITION AT LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for erection of cinder block and tile partition at Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Monday, March 29, 1948, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$600, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, MARCH 27, 1948.

No. 13

THE DUTY OF THE PEOPLE OF THE UNITED STATES OF AMERICA IS TO STAND UNITEDLY WITH EAMON DE VALERA FOR THE ESTABLISHMENT NOW OF IRELAND, AN INDEPENDENT NATION.

SPEECH OF HON. JAMES M. CURLEY OF MASSACHUSETTS IN THE HOUSE OF REPRESENTATIVES, THURSDAY, JUNE 15, 1944.

[Reprinted from the *Congressional Record of Proceedings and Debates of the 78th Congress, Second Session.*]

MR. CURLEY. Mr. Speaker, I preface my remarks by reading the resolution:

Joint resolution requesting the President to use his good offices with the Prime Minister of Great Britain for the purpose of obtaining immediate and complete independence for the Irish Free State.

Whereas recent events in the European theater of war present an opportunity for a demonstration of faith in the Atlantic Charter; and

Whereas the Atlantic Charter declares that it is the national policy of the United States and Great Britain to respect the right of all peoples to choose the form of government under which they will live; and

Whereas the granting of full and complete independence to the Irish Free State would result in a definite alignment of such state, as a free and independent nation, on the side of the United Nations; and

Whereas united action by the nations favorable to the Allied cause is essential to the winning of the war and the destruction of Nazi-ism and its Japanese counterpart: Therefore be it

Resolved, etc., That the President of the United States is requested to use his good offices with the Prime Minister of Great Britain to the end that the Government of Great Britain shall immediately grant, in conformity with the provisions of the Atlantic Charter, full and complete independence to the Irish Free State.

Mr. Speaker, it must be apparent to every friend of the Allies that the neutrality of Ireland served not alone as a protection to the people of Ireland but a safeguard to English and American troops quartered in Ireland. It must be remembered that Ireland if subjected to air attack could be destroyed almost in a day and that lacking the defensive weapons with which to combat an attack any course other than the one taken would be suicidal and indefensible.

The fact stands clearly forth that despite broken promises of independence in every crisis for 700 years, in this war as in World War No. 1 the Irish people have done their full part to make victory possible for the Allied cause.

In the present war with a population of less than 3,000,000, or about one-half as great as New York City, Ireland has furnished upward of 250,000 men in the combat service and an equal number in war industries or one-sixth of the total population.

Provided America contributed in the same proportion we would be required to furnish for combat service 11,500,000 men.

It must be understood that in addition to the 250,000 furnished by Ireland di-

rect there are many millions of Irish descent today serving with honor and distinction from every portion of the world where her scattered sons may be found.

It has long been the contention that religious differences prevented the establishment of an Irish Republic and that the rights of the non-Catholic element of the population would not receive just consideration. The lie was given this assertion when Douglas Hyde, a Protestant, was chosen President of the Free State Government of Ireland unanimously although the population was two-thirds Catholic.

Under his brilliant leadership with the return of peace and an independent republic, there is assurance of an Irish renaissance that may yet cheer, charm, and contribute to the cultural advancement of the world.

The concluding chapter is yet to be written, but so long as the destinies of Ireland continue in the hands of men as devoted and unselfish as Eamon de Valera, Cosgrave, Douglas Hyde, and countless others whose names shine out like beacons, there is a certainty that not only will a united Ireland be possible in our day, with a condition similar to that which obtains in our own country—no North, no South, but a united land and the epitaph written that Ireland has taken her place among the nations of the world. It will indeed be a period of rejoicing for every individual with Irish blood in their veins, a rejoicing based on the knowledge that the last great advance in the far-flung movement of the handful for the freedom of Ireland has been accomplished in the same manner as was the conversion of Ireland by St. Patrick, without the shedding of a drop of blood.

The things that are beautiful, the things of the mind and heart and soul we have inherited from our race, we must bring to lay upon the altars of our new and beloved country, as our contribution to her greatness and glory.

Let us cherish the graces and virtues of the race that is ours; let us pray that peace and its noble fruitage may be the lot of the old land. The American Irish have given generously of their substance and services to Ireland in the past that she might win her right to sit in the hall of nations, free and unfettered.

Here is our country, America, with her problems calling to us for the best we have in us, and here we must help to solve them with a service that must not be divided. Our duty is here—our responsibility is here. The fate, the fortune, and future of our country and our homes are involved in the way we respond to the call of our country and our response must never be timid or faint-hearted.

I can say with pride the Irish have given America good and unselfish services in the past and that they stand ready today and always to march with her and for her into the future that lies ahead, ready to face all hazards and meet all eventualities for her security and honor unafraid.

The cradle of our race we should recall with affection and tenderness, with love and sentiment, and make her memory the inspiration for our duty and the spur for our service to the land we live in, the greatest Nation upon the face of the earth—our own United States of America.

The futility of persecution and oppression is perhaps more abundantly proven in the case of Ireland and its people than in the case of any other country or people in the history of the world. Notwithstanding a program of savagery that would shame the wild Indian of the western plains of early days, the people of Ireland have remained faithful to the teaching of St. Patrick and loyal to the principles of liberty. No darker page has ever been written in the history of the world than that which was written by Oliver Cromwell, whose sole purpose apparently was the extermination of the Irish race. The atrocious and horrible character of his infamy is forcibly brought home to a traveler who has occasion to visit the island of Haiti. With a view to the destruction of the race, Cromwell shipped 50,000 boys and girls, between the ages of 12 and 18, to the island of Haiti. Those who survived the voyage and the climate were required in the course of time to marry Negroes, constituting the population of Haiti, and a visitor even at the present day will find Negroes with skin as black as any African Negro speaking with a brogue and bearing the names Murphy, O'Brien,

CORPORATION COUNSEL JOSEPH A. SCOLPONETI EXPLAINS DECISION NOT TO PRESENT PETITION ON QUESTION OF ERECTION OF MUSEUM OF NATURAL HISTORY OUT OF MONEYS OF GEORGE ROBERT WHITE FUND TO PROBATE COURT FOR RULING—POINTS TO POSSIBLE CONFLICTS OF INTERESTS IN MATTER AS DETERRENT TO ACTION REQUESTED.

Following a meeting of the George Robert White Fund Trustees on Wednesday, March 24, Mayor Curley made public the following statement concerning the matter of a museum of natural history urged to be erected out of the moneys of the White Fund. The Mayor also announced the resignation of Judge Jacob J. Kaplan from the Board of Trustees. The statement, in the form of a letter from the Corporation Counsel, follows:

TRUSTEES OF GEORGE ROBERT WHITE FUND, City Hall, Boston, Mass.

GENTLEMEN,—I have before me Mr. Fox's letter of March 19 transmitting the following vote of your Board, recorded on March 18:

"Voted, That the Corporation Counsel of the City be requested to submit to the Trustees of the George Robert White Fund before the next meeting of the Trustees, to be held on Wednesday, March 24, 1948, at 2:30 p. m., in writing his reason or reasons why the petition for instructions as prepared by the Law Department of the city has not been filed with the Probate Court for instructions as to whether the income of this Fund might be used for the building of a natural history museum as requested by the Trustees on several occasions."

The "reason or reasons" referred to in that vote were fully communicated and explained to Mr. Kaplan in the course of a two-hour conference at my office on March 9. Apparently Mr. Kaplan has not made known the results of that conference to the remainder of the Board, as I infer from Mr. Driscoll's letter to me dated March 15, which quotes from the records of the meeting of your Board on March 12, as follows:

"Trustee Kaplan stated to the Trustees that the petition for instructions from the Probate Court as to whether the Fund could expend the income for the establishment of a natural history museum in Boston has been completed by the Law Department as he understands and would like to inquire why the same has not been filed with the Probate Court."

In my conversation with Mr. Kaplan on March 9, I stated to him that the petition in question had not been filed for two reasons. First, the proposed action by the White Fund stated in that petition differs substantially from the former proposal considered by me in my opinion to your Board dated October 5, 1947, and has therefore not been passed upon by the Corporation Counsel, as is the usual and preferable practice.

The second and more fundamental objection stated by me to Mr. Kaplan in our conference of March 9 is based upon Mr. Kaplan's connection with the Boston Society of Natural History. By the terms of the proposed petition, as approved by your board on February 11, that Society is to occupy the museum if

constructed. The entire project originated in the recommendation of a subcommittee of your Board, of which Mr. Kaplan was a member. The appointment of such a subcommittee "to review and assemble projects" was recommended to the Mayor by Mr. Kaplan in a letter of April 28, 1947. The subcommittee was appointed on May 15, 1947. Mr. Kaplan held the positions of Trustee and Director of the Boston Society of Natural History until his resignation on July 16, 1947. On August 19, 1947, the subcommittee made a written report. Mr. Kaplan briefly summarized its contents, after which, as appears from the minutes of that date, it was voted that "the Trustees look with favor on the recommendation to establish from the income of the Fund a museum of natural history" Mr. Kaplan has been at all material times, and is at present, a dues-paying member of the Boston Society of Natural History. He will agree with me, I am sure, that he is strongly interested in the welfare of that Society and the advancement of its purposes.

In view of the possible conflict between Mr. Kaplan's interest as Trustee of the White Fund and his association with the Society of Natural History, I told him I could not proceed on the basis of the vote of your Board on February 11, approving the petition in question, since he had participated in that vote. In the circumstances, the filing of the petition in question would impose upon me a responsibility which it is not my duty to assume, and which, indeed, I am bound not to undertake.

Yours very truly,

JOSEPH A. SCOLPONETI,
Corporation Counsel.

AUDITING DEPARTMENT INSTRUCTIONS ON SLIDING-SCALE INCREASES.

City Auditor Charles J. Fox has made public the following for officials and employees regarding sliding-scale increases:

The following procedure should be observed in connection with the sliding-scale increases for which provision has been made in the 1948 budget:

1. Address a letter to the Mayor listing the names and ratings of employees

involved, the increases to be allowed and the anniversary dates on which effective. Send five copies of this letter to the Budget Department. In the case of city departments, General Personnel Form No. 15 need not be prepared. Notice should be given to the Civil Service Commission of all increases involving Civil Service employees. This notice should indicate that the increases are being granted under established sliding scales and that initial payments could not be made until the passage of the annual budget by the City Council.

2. After the Mayor's approval has been returned to your department, prepare a special pay roll covering any increases effective between January 1 and March 31 for employees paid semimonthly and monthly, and between January 1 and April 6 for employees paid weekly. These retroactive increases will be paid by check. The pay roll forms to be used in the preparation of this special roll may be secured in Room 60, City Hall.

3. The first regular pay rolls to include the increased rates will be those ending April 13 for employees paid on a weekly basis; April 15 for semimonthly, and April 30 for monthly paid employees. If the new rate of compensation established by the allowance of the sliding-scale increase falls in a different withholding wage bracket than the one now in effect, a change in the withholding deduction must be made commencing with the first regular payment of the increased rates.

4. With respect to withholding deductions on retroactive payments, the following procedure is suggested:

Ascertain the difference in the withholding deduction at the new and old salary rates and multiply this difference by the number of pay roll periods involved in the retroactive payment.

CHARLES J. FOX,
Auditor of the City of Boston
and the County of Suffolk.

CIRCULAR LETTER NO. 4.

CITY OF BOSTON,
MAYOR'S OFFICE, March 10, 1948.

To All Department Heads.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees of your department who are members of the Army Reserve Corps, the Naval Reserve Force, the State or National Guard, the Marine Reserve Corps and the Coast Guard Reserve and Auxiliary, to attend the annual tour of duty.

Respectfully,
JAMES M. CURLEY, Mayor.

CITY TREASURER AWARDS BOND ISSUE.

The City Treasurer on March 22 awarded the Halsey, Stuart & Co., Inc., of New York, notes for five-million dollar temporary loan dated March 25, payable November 3, 1948, at the rate of 1.22 per cent per annum with a premium of \$106.

The last previous loan was at the basis of 1.30 per cent which was dated March 19, 1948.

SPEECH OF HON. JAMES M. CURLEY OF MASSACHUSETTS IN THE HOUSE OF REPRESENTATIVES, THURSDAY, JUNE 15, 1944, URGING THE ESTABLISHMENT OF IRELAND AS AN INDEPENDENT NATION.

(Continued from page 301.)

McCarthy, and Sullivan, and other names prominent among persons of Irish extraction.

Not content with persecution of such atrocious character as to put to shame either Nero or Herod, the Irish people were subjected to engineered famines with the result that a population at one time in excess of 12,000,000 is today less than 3,000,000. The singular feature has been that, regardless of persecution or oppression, nearly every generation has contributed to the list of martyrs and every decade has produced its group of intellectuals, not swashbucklers but courageous, gallant men who, like their forebears were not afraid to die in the sacred name of liberty and for the honor and glory of the land of their fathers. The list is exceedingly large, but on an occasion of this character we would be remiss in an obligation and duty if we failed to direct attention to those who have made luminous the pages of Ireland's history, preserving by their courage and leadership, faith and principle.

We have Rory O'Moore, 1576, and in 1641 his namesake, Roger O'Moore, and 1778 Henry Grattan, in 1798 the valiant Wolfe Tone, and 1803 the martyred Robert Emmet, followed by that great leader, Daniel O'Connell, through whose genius, without the firing of a shot, Catholic emancipation was secured for the people of Ireland; the brilliant John Mitchell in 1848, and the talented James Stevens in 1865; the parliamentary genius Charles Stewart Parnell in 1881, and the recent martyrs to Irish independence on Easter Sunday in 1916, Sheehey Skeffington, Thomas McDonough, Patrick Pearce, James Connelly, Sir Roger Casement, and others.

The persecution and oppression and war of extermination against Ireland by the British Empire has been the most potential factor to the development of liberty and free government in the world. The wild-geese followers of Sarsfield scattered throughout the world by a decree of Cromwell shed luster and made luminous the pages of the history of every land which they graced with their presence and sword. Every pledge and every promise made to the Irish people through seven centuries of control by Great Britain has been callously violated.

When the American Revolution broke out, the restrictions upon Ireland were removed and Grattan at the head of 80,000 men in open revolt was lulled into the belief that Ireland's wrongs were to be righted, but, the war over, witnessed the return of the jailer and the enactment of laws even more oppressive than those which formerly existed. During the Napoleonic wars Ireland was again promised home rule and permitted to enlist to save the Empire; and at Waterloo, the Iron Duke of Wellington, an Irishman, defeated Napoleon; and again the Irish were rewarded by the restoration of the shackles, and return to their accustomed place—Ireland.

Yes; from Waterloo to the Crimean Peninsula; from the cotton bales of New Orleans under the Irish Andrew Jackson, from Cedar Creek under the Irishman

Sheridan to the field of Appomattox, under Grant; from Khartoum to Peking; from India to South Africa; from the dust of the unnumbered dead there arises like incense a demand for the absolute independence of Ireland.

There were many Americans of Irish extraction who were loud in their condemnation and protest of the insurrection in Dublin in 1916, but personally I do not believe there was justification for protest upon the part of any right-thinking American, since the insurrection in Dublin in 1916 did not differ either in purpose or principle from the insurrection in America on April 19, 1775, and men with Irish blood in their veins might well hold their heads in shame were it not for the fidelity and the courage of the group of intellectuals responsible for the revolt of 1916, which compelled the granting by the British Government of the autonomous form of government now enjoyed by Ireland.

It has been my privilege recently to visit Ireland for the first time and to marvel at the progress that has been made in a short period of 15 years. The one- and two-room houses are disappearing, giving way to modern, healthful places of habitation, and more school-houses have been erected in 15 years under the Free State Government than during the seven centuries of British misrule. The men constituting the Dail in Ireland are the equal if not the peers in intelligence of any legislative group to be found in the world. They are sincere, unselfish, patriotic, devoting time, energy, and talent to the welfare of the people and the land which they have been chosen to govern. They are making genuine progress and are still idealists.

We have been accustomed to regard Ireland in the past as the land of saints and scholars. Perhaps a little might be said of the artistic side of the race. It has been my privilege to visit both Trinity College and Dublin Museum and to gaze upon the Book of Kells, the most beautiful example of book illuminating ever produced in the history of the world, and produced eight centuries before the Pilgrims landed at Plymouth Rock. To gaze upon the chalice of Ardagh, the cross of Clonmacnoise, and the Bell of Patrick, the most wonderful examples of the art of the silversmith ever produced, and turned out in the seventh century. Yes, when the rest of the world was wandering down a blind alley in despair Ireland was keeping alive the torch of Christianity and civilization and culture of which we in America have been the beneficiaries.

The constructive character of Ireland's contribution to America's progress and prosperity has unquestionably been greater than that of any other race, but, unfortunately, too little attention has been given this phase of Irish progress, and too much attention has been bestowed upon other phases.

We have been prone to take such pride in the martial achievements of the Irish as to cause the impression to become deep-rooted that in their prowess as a fighting people alone have they been of value. It is not my purpose to detract

from the tremendous contribution to American history by gallant men of Irish blood, but, if possible, to clear the atmosphere of the impression that they have been purely a one-sided people. As soldiers, statesmen, poets, inventors, and orators they have been a contributing factor to human progress. As soldiers, even prior to the conception of liberty in the Colonies, they had achieved fame, and it is pleasing for American citizens of Irish blood to rejoice in those achievements which make luminous the pages of the Republic's history.

It is gratifying to know that the ember igniting Liberty's torch emanated from that distinguished Irishman, whose fiery utterances furnished the text which resulted in the Republic's birth, when, as a member of the Virginia House of Burgesses, those prophetic words were uttered: "As for me, give me liberty or give me death"—Patrick Henry.

The evacuation of Boston by the British and armed resistance at Bunker Hill was in a large measure due to the ammunition and arms secured through the daring of Capt. John Sullivan in consequence of the capture of Fort William and Mary, December 11, 1774, more than 4 months before the shot was fired at Lexington and "heard 'round the world."

As Americans of Irish blood visiting our northern neighbor, Canada, it is most interesting to gaze at those rugged heights, rising almost perpendicular from the St. Lawrence, and there find inserted a bronze tablet sacred to the memory of the first general who died in the struggle for liberty, and but for whose untimely death, in all probability, Canada would today be under the American flag, General Montgomery.

Ships were necessary to combat the mighty power of England and it remained for Michael O'Brien of Machias, Maine, with his six sons, to capture an English convoy, and, in return for their signal act of gallantry, for the Continental Congress to christen the first ship of the American Navy *Liberty*, and the second ship *Hibernia*, the first in command of Jack O'Brien, the second in command of his brother Jerry O'Brien, and the Navy in command of that dauntless hero, whose service to America has only recently received due recognition at the Capitol in Washington, the first commodore of the American Navy, John Barry.

It is pleasing to us as men of Irish blood, proud of our American citizenship, to know that the great "Father of our Country," Gen. George Washington, on the eve of St. Patrick's Day, 1776, placed in command of the Continental forces at Dorchester Heights Gen. John Sullivan, and the password on that memorable occasion which marked the departure of vested British tyranny and oppression from these shores was "St. Patrick."

Much stress has been laid for nearly a century upon the contribution of the French people to American liberty, and it was indeed a tremendous contribution and one worthy of a great people, but let it not be forgotten that the Irish regiments in the service of France pleaded that they might be selected, because of an hereditary hatred of the English, to serve under Washington and that prominent among the regiments were the regiment de Dillon, the regiment de Walsh, and the regiment de Lacey, made up wholly of the descendants of that Spartan-like band known as the wild geese

who, rather than serve under the conquering Cromwell, took service under the colors of France.

The most courageous document ever known in the world's history was the Declaration of Independence, and it is pleasing for us to know that Charles Thompson, an Irishman, was secretary at the first meeting of the Continental Congress and continued in that capacity until, at the close of the war, Washington tendered him his sword when liberty had been secured; that among those men who signed the Declaration of Independence 10 were of Irish blood; that 142 of the Minute Men who fought at Lexington and Concord were Irish and of those who participated in the Battle of Bunker Hill, 228 were of Irish blood; that the White House at Washington was designed by William Hogan, and is an exact reproduction of the home seat of the Duke of Leinster, near Dublin, Ireland; that the seat of our National Government was originally the farm of Daniel Carroll, brother of Charles Carroll, signer of the Declaration of Independence, who, at the conclusion of the war, tendered his farm as a seat for the American Government; that the figure of Liberty which surmounts the National Capitol was designed by the Irishman, Crawford, and that the Congressional Library with its matchless mosaics, its fairy-like colorings, its incomparable marble staircase, stands as a monument to the ability, the honesty, and the honor of its designer, an Army engineer named Casey.

Every great privation visited upon the Irish people has proven a blessing in disguise for America. Persecution and oppression in the seventeenth and eighteenth centuries furnished America with valiant sons and pure daughters, inured to poverty, born to privation, and eminently fitted for the blazing of a broad highway to progress and liberty in a new and strange land.

The famine of 1848 marked the beginning of a stream of immigration such as has seldom been witnessed in the history of any land. From 1848 to 1870, more than 2,500,000 Irish men and women came to these shores, not the infirm and the decrepit but the staunch and sturdy manhood and the wholesome and pure womanhood, the flower of Ireland, and these were the men that aided in making possible Grant's campaign in the Wilderness, Sherman's march from Atlanta to the sea, and Sheridan's master stroke at Cedar Creek. They were lovers of liberty first and Ireland second.

What a wonderful heritage is ours when we contemplate the character, the courage, and the manhood of these mighty men.

Picture the gallant Gen. Michael Corcoran on the occasion of the visit of Prince Albert to America in 1860, ordered by the Governor of New York to do escort duty with his regiment, and the manly Corcoran dashing his sword to the ground, stating "I refuse to do honor to the representatives of a government that for seven centuries has persecuted and oppressed my race," and for this utterance the Sixty-ninth Regiment disbanded by order of the Governor of New York.

Then picture Fort Sumter fired upon and the gallant American general, Corcoran, tendering the Governor of New

York the services of the Sixty-ninth Regiment in defense of the Union, and this regiment later welded into that fighting machine of imperishable memory, the Irish Brigade, first under Corcoran, and later under the immortal general, Thomas Francis Meagher, adding fresh laurels on every bloody field to the Stars and Stripes of our country until, in 1864, when the fighting was most severe, historians tell us the Irish Brigade in that year captured more flags and standards than the remainder of the Union Army combined and never lost one flag or standard.

We may well say with him who honored both the land of his birth and the land of his adoption, the lamented O'Reilly:

No treason we bring from Erin — nor bring we
shame or guilt,
The sword we hold may be broken, but we have
not dropped the hilt.
The wreath we bear to Columbia is twisted of
thorns, not bays;
And the songs we sing are saddened by thoughts
of desolate days.
But the hearts we bring for freedom are washed
in the surge of tears;
And we claim our rights by a people's fight
outliving a thousand years.

The chaste, humble, and Christlike life of St. Patrick and his teachings are the most treasured heritage of the Irish people. They have proven an adamant-like force in the pathway of materialism, atheism, and chaos in the life of this Republic. They stand for the purity of womanhood and for the sanctity of American home life, and there is no method by which their benefit and blessing to this Republic may be gauged.

The poet priest of the Southland, Father Ryan, spoke with a voice of prophecy when he wrote the poem "A Land Without Ruins."

A land without ruins is a land without memories — a land without memories is a land without history. A land that wears a laurel crown may be fair to see; but twine a few sad cypress leaves around the brow of any land, and be that land barren, beautiful, and bleak, it becomes lovely in its consecrated coronet of sorrow, and it wins the sympathy of the heart and of history. Crowns of roses fade, crowns of thorns endure, Calvaries and crucifixions take deepest hold of humanity — the triumphs of might are transient, they pass and are forgotten, the sufferings of right are graven deepest on the chronicles of Nations.

Yes, give me the land where the ruins are spread
And the living tread light on the hearts of the dead;
Yes, give me a land that is blest by the dust,
And bright with the deeds of the down-trodden just.
Yes, give me the land where the battle's red blast,
Has flashed to the future the fame of the past.
Yes, give me the land that hath legends and lays
That tell of the memories of long vanished days;
Yes, give me the land that hath story and song;
Enshrine the strife of the right with the wrong.
Yes, give me a land with a grave in each spot,
And names in the graves that shall not be forgot;
Yes, give me the land of the wreck and the tomb;
There is a grandeur in graves — there is glory in
gloom;

For out of the gloom future brightness is born,
As after the night comes the sunrise of morn;
And the graves of the dead with the grass over-
grown

May yet form the footstool of liberty's throne,
And each single wreck in the war path of might
Shall yet be a rock in the temple of right.

Noonan Company, 2 per cent; Parke Davis & Co., 2 per cent cash discount, either on payment within 30 days or the 15th proximo following date of invoice as preferred; Thomas W. Reed Company, 2 per cent; E. R. Squibb & Sons, 2 per cent, 30 days.

* Contract awarded.

Upon March 18 the Mayor approved a contract according to request in the following letter:

BOSTON, March 15, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On March 12, 1948, bids on proposals for furnishing composition castings to the Water Service of the Public Works Department were publicly opened and read in this office. Following is a tabulation of the bids received.

It is respectfully requested that permission be granted me to award a contract to the low bidder, Somerville Machine and Foundry Company, Somerville, Mass.

Total amount of contract, \$2,946.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Item 1. 2,000 pounds Castings.—Somerville Machine and Foundry Company, 46 cents per pound; Johnson Brass Foundry Company, 54 cents per pound.

Item 2. 4,500 pounds Castings.—Somerville Machine and Foundry Company, 42 cents per pound; Johnson Brass Foundry Company, 44.5 cents per pound.

Item 3. 350 pounds Castings.—Somerville Machine and Foundry Company, 39 cents per pound; Johnson Brass Foundry Company, 40 cents per pound.

Total Bid.—Somerville Machine and Foundry Company, \$2,946.50; Johnson Brass Foundry Company, \$3,222.50.

Cash Discount.—Somerville Machine and Foundry Company, net; Johnson Brass Foundry Company, net.

TRANSIT DEPARTMENT.

Upon March 15 the Mayor approved a contract with Tractors, Incorporated, for purchase of one self-propelled crane for use in Rapid Transit Facilities, East Boston District. Bids, opened March 3, were as follows:

Tractors, Inc., Lorain, TL 20, 6 x 4, self-propelled, 35-foot boom, price per crane, \$16,950, time of delivery, on receipt of contract, discount, net, net price, \$16,950.

Tractors, Inc., Lorain, TL 20, 4 x 2, self-propelled, 35-foot boom, price per crane, \$15,750, time of delivery, on receipt of contract, discount, net, net price, \$15,750.

Builders Equipment and Supplies Company, tayne, Model 22, self-propelled, 35-foot boom, price per crane, \$14,326, time of delivery, immediate factory shipment on receipt of purchase order, discount, 2 per cent, 10 days, net price, \$14,039.48.

Builders Equipment and Supplies Company, Unit 357, Mobile Crane, self-propelled, 35-foot boom, price per crane, \$13,230, time of delivery, immediate factory shipment on receipt of purchase order, discount, 2 per cent, 10 days, net price \$12,965.40.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial and supply houses for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, March 1, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the award of a contract, without advertising, to Smith & Burns for repairing CO₂ compressor in the Ice Plant, Boston City Hospital, in the sum of \$1,275.

Informal bids were requested and the following were received:

York Corporation, \$2,100; Smith & Burns, \$1,275.

The trustees feel that nothing can be gained by advertising, and therefore recommend the award of this contract to Smith & Burns in the sum of \$1,275.

Respectfully yours,

STUART C. RAND,
Acting President, Board of Trustees.

INSTITUTIONS DEPARTMENT.

BOSTON, March 15, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your authority is respectfully requested to permit the Institutions Department to award a service order in the sum of \$1,275 to the Galassi Company, 300 North Beacon street, Brighton, without the formality of public advertising.

The drains in the vegetable room at the Long Island Hospital and extending into the kitchen and the tunnels, have been backing up for a long time and flooding the kitchen. It indicated that the drain pipes under the concrete floors were not functioning. The entire area had to be finally dug up and new drains installed.

It is intended now to replace the floor with quarry tile to match the kitchen floors, and this work must be done without loss of time. Two concerns make a specialty in these floors and prices were invited.

Galassi Company, 300 North Beacon street, Brighton, \$1,275; Freeport Marble and Tile Company, Inc., 264 Adams street, Dorchester, \$1,990.

As Galassi Company quoted us the lower price, and it is my belief that no different result would be had by public advertisement, I urge the award as being in the best interests of the city so to do.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

SUPPLY DEPARTMENT.

BOSTON, March 18, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without public advertisement, to Willys-Boston, Inc., 1045 Commonwealth avenue, Boston, for furnishing to the Traffic Commission the following:

SUFFOLK COUNTY.

REGISTRY OF DEEDS.

BOSTON, February 20, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In accordance with the provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to dispense with advertising for proposals to the furnishing of supplies

for the Suffolk Registry of Deeds, particularly with respect to Item C-9 of the budget, for the following reason:

Item C-9 covers the purchase of the rented Rectigraph photo-copy machine that this department has been using since June 1, 1917. It is very essential that I retain this machine so that I can keep the recording all copied and up to date. The purchase price of said machine will not exceed \$4,000.

Very truly yours,

LEO J. SULLIVAN,
Register of Deeds.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of February 27, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying-out of Northbourne road, be, and the same hereby is, amended, by adding to said order the amount of \$45 as an award to Estella D. Imberger; that the amount of \$45 be, and the same hereby is, awarded to Estella D. Imberger for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 28, 1943, determining damages caused by the making of the public improvement consisting of the widening of Weld street, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to I. Alvina Salisbury in said order and inserting in place thereof the amount \$70.70; that the amount \$70.70 be, and the same hereby is, awarded to I. Alvina Salisbury for the damages so sustained.

POLICE DEPARTMENT ORDERS.

General Order No. 1018.

Rules and Regulations of Police Department are hereby amended as follows; effective February 10, 1948.

Strike out entire Rule 36 appearing on pages 125 to 129, inclusive, and insert in place thereof:

Rule 36. Pay and Allowances.

Annual vacations and sick leave allowances for police officers in the City of Boston are governed by chapter 146, Acts of 1947, accepted by Boston City Council February 2, 1948, and approved by his Honor the Mayor February 10, 1948.

SECT. 1. The police commissioner for the City of Boston shall grant to members of the police department of said city annual vacations, without loss of pay, as follows:

(a) For less than one year's service, a vacation allowance of one day for each month of service.

(b) For service of one year or more, but not more than ten years, a vacation allowance of two weeks.

(c) For service of ten years or more, but not more than twenty years, a vacation allowance of three weeks.

(d) For service of twenty years or more, a vacation allowance of four weeks.

SECT. 2. The assignment of vacation periods shall be arranged by said commissioner for such time or times as best serve the public interest. Vacation allowances may not be accumulated from one vacation year to another without authorization of said commissioner. Absence on account of sickness in excess of those authorized by this act may, at the discretion of said commissioner, be charged to vacation allowance.

SECT. 3. A member of said police department whose services have been terminated through resignation, retirement or dismissal, except dismissal for cause, prior to receiving a vacation in any year to which he would otherwise be entitled may be granted salary in lieu of any vacation not received. Any such member reinstated or on leave of absence without pay may be credited with his vacation status at the termination of his previous service and allowed such proportion of his vacation under section one as his actual service bears to full time for the same vacation year, except that employees in military service shall be allowed full vacation credit.

SECT. 4. Members of said police department shall, after completing six months of continuous service, be allowed sick leave with pay for periods not to exceed fifteen working days annually for each year of service thereafter. Sick leave not used in any year may be accumulated, but in no event to exceed ninety days, except that further sick leave may be granted in special cases by signed authorization of said commissioner. Sick leave with pay shall be granted to said members only when they are incapacitated for the performance of their duties by sickness, injury, exposure to contagious diseases or by serious illness or death of members of their immediate family. Notification of such absence shall, where conditions warrant, be given as early as possible on the first day of absence. If such notification is not given, such absence may, at the discretion of said commissioner, be applied to vacation leave or leave without pay. For periods of absence of five working days or more or a total number of days absence which exceeds ten working days in any one calendar year said commissioner may require evidence in the form of a physician's certificate of the necessity for such absence. If such certificate is not filed within seven days after a request therefor such absence may be applied, at the discretion of said commissioner, to vacation leave or leave of absence without pay.

SECT. 5. Members of said police department whose service is terminated through death, resignation, retirement or dismissal shall not be entitled to compensation in lieu of any leave not taken. Any of such members who are reinstated may be credited with accrued sick leave due them at the termination of their previous service.

SECT. 6. Said police department shall keep a register showing records of vacations, both accrued and granted and records of attendance, for each member in such form as directed by the budget department. The information on such register shall be transmitted to said budget department upon request.

SECT. 7. Upon the effective date of this act, all members of said police department shall be allowed a prior service sick leave credit equivalent to seven and one half working days per year for each prior year of service, but in no event to exceed ninety days.

SECT. 8. When an officer is absent from duty on account of sickness, injury or disability which his commanding officer certifies was incurred in the performance of duty involving risks, exertion or exposure not ordinarily attendant upon the performance of routine duty, and the existence of such sickness, injury or disability is certified to by a physician or surgeon approved by the commissioner, full pay for lost time may be allowed by the commissioner.

SECT. 9. When members of the force are injured in the performance of their duty to the extent that medical or surgical treatment is necessary, they shall go, or be taken to the accident floor of the City Hospital on Albany street for treatment.

In an emergency, when a member of the force is seriously injured he shall be taken at once to the nearest hospital.

Members of the force preferring to be treated elsewhere or by other physicians, may do so but it will be at their own expense unless otherwise provided in these rules. The commissioner will not approve any bills for medical or surgical treatment other than those rendered by the City Hospital except:

(a) In an emergency when an officer is seriously injured, or on specific instances where immediate medical attention is necessary.

(b) Upon petition, setting forth all the facts, special permission may be granted by the commissioner for other medical or surgical treatment.

When special permission is granted by the commissioner for outside medical or surgical treatment, a member of the force receiving such treatment shall cause to be presented monthly all bills for same in duplicate.

SECT. 10. No pay will be allowed if the sickness or injury is feigned, simulated, exaggerated, or arises from carelessness, improper or vicious conduct, excessive indulgence of appetite or other bad habits; or from improper, illegal or immoral practices; or if the sick or injured person shall fraudulently, by concealment, false statement or otherwise, seek to deceive or mislead the attending physician or surgeon in relation to his case; or if the member shall not remain at his residence, unless permitted by the commissioner to go elsewhere; or if he refuses or neglects to conform to the instructions of the attending physician or surgeon.

Members of the force absent for more than ten days on account of illness or injury not incurred in performance of police duty shall not be restored to duty until certificate of attending physician has been presented to the Superintendent of Police, certifying officer is physically fit to resume police duty.

SECT. 11. Members of the force detailed to perform duty in other cities or towns who have been paid for their services and expenses by such city or

town will not be paid by this department for the time they are absent.

SECT. 12. No member of the force or employee shall sell or assign his pay, or give power of attorney for the collection thereof, without permission of the commissioner, except that assignments of pay may be made to the City of Boston Employees' Credit Union for the purpose of securing loans made by said union.

SECT. 13. When an officer is transferred his commanding officer shall forward to his new commanding officer a certificate showing amount of creditable time for vacation and sick leave due the officer as of transfer date. His new commanding officer shall place his name on the Time Book and set forth such creditable time.

SECT. 14. For pay roll purposes absence from duty for any cause by a member of the department on detail shall be reported weekly on the form provided, to the commanding officer of the branch of the service to which the member is assigned.

SECT. 15. Members of the force shall report promptly to their commanding officer all witness fees paid to them; and all bills of expense incurred by them in their official capacity must be approved by the commissioner.

SECT. 16. When a member of the force loses any property of the department entrusted to him for his use the article shall be supplied by the property clerk on requisition, and the cost of the article shall be charged to the member. He shall forthwith make a report to his commanding officer in writing, setting forth all of the facts connected with such loss and his commanding officer shall make a report to the superintendent with his recommendation as to whether or not the officer should be held responsible and required to reimburse the department for the loss sustained.

SECT. 17. Commanding officers shall cause a Certificate of Time and Absence signed under penalties of perjury, to be made up to include the period beginning with Wednesday and ending with the following Tuesday, both days inclusive. Certificate shall be forwarded not later than Monday of each week, to the Chief Clerk. Certificate must show absences and allowances, if any, of those assigned to their division or unit; periods of absence on account of sickness or other cause; number of days absent and date of return to duty. Allowances thereunder must be accompanied by a petition for pay provided for the purpose and approved by the commanding officer.

Petition for pay for sickness, injury or exposure to contagious diseases, shall contain a medical certification, if any; a brief statement of the facts in the case and whether or not duty connected; and where pertinent, must show the employee's present condition and prospect of resuming duty.

Petition for pay for absence because of serious illness or death of members of their immediate family shall state name and relationship, place of confinement, and in case of death, time and place of funeral and place of interment.

SECT. 18. The following regulations concerning vacation sick leave and death

of members of immediate family shall apply to employees *not members of the force*.

Permanent and temporary employees, not members of the force, who have completed six months of continuous service, will receive vacation pay, not to exceed the following:

(a) For less than one year's service, vacation allowance of one day for each month of service.

(b) For more than one year's service but less than twenty years' service, vacation allowance of two weeks.

(c) For more than ten years' service but less than twenty years' service, vacation allowance of three weeks.

(d) For more than twenty years' service, vacation allowance of four weeks.

Assignment of vacation period shall be approved by the commissioner for such time or times as will best serve the public interest.

Vacation allowances may not be accumulated from one vacation year to another.

Division and unit heads shall keep a register, showing records of vacations and attendance of each employee, so that the same may be available for inspection.

When an employee has been absent thirty days in any one calendar year on account of sickness, no further pay shall be given such employee for absence on account of sickness during that year without special order from the commissioner.

Pay for not exceeding three days may be allowed employees, not members of the force, at the discretion of the commissioner during absence from duty on account of death of members of their immediate family. Applications shall state the relationship existing between the deceased and the applicant, where the funeral is to take place, and the time and place of interment.

SECT. 19. Salary shall be paid to each person entitled thereto in accordance with prescribed rules and regulations, subject to deductions for absence or suspension from duty. No pay for absences shall be allowed except as provided in these rules.

RULE 38. ABSENCE FROM DUTY—PAGE 132.

Strike out sections 4 and 5 and insert in place thereof the following:

SECTION 4. When a member of the force is injured or sick so that he is unfit for duty, he shall immediately report to his commanding officer. Should he be unable, on account of such disability, to report in person, he shall send word to his commanding officer as soon as possible. The commanding officer shall immediately detail an officer of rank to investigate the cause of absence and complete report shall be entered in journal.

SECT. 5. When a member of the force is absent from duty because of sickness, injury or disability, his commanding officer shall immediately investigate and report the facts to the superintendent, and reports shall be made weekly during the continuance of such disability.

RULE 38A. VACATION LEAVE OF CIVILIAN EMPLOYEES—PAGE 133.

Strike out entire rule.

RULE 39. REWARDS, GIFTS—PAGE 133.

SECTION 5. Strike out second paragraph which reads as follows:

"Police officers receiving pay during absence from duty on account of injuries received either from the wilful or negligent act of a third party, shall upon settlement of the claims against said third party, reimburse and pay back to the City of Boston, the expense incurred by the department in their behalf, and the amount received by them as pay during the period of absence from duty caused by said injuries."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,025.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officers, members of the Boston Retirement System, effective at the close of business, Wednesday, March 31, 1948:

Wherefore, In view of this operation of law, after March 31, 1948, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Patrolman Joseph F. Kenney, Division 11.

Patrolman Louis VanOunsem, Division 16.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

PROCEEDINGS OF CITY COUNCIL.

Monday, March 15, 1948.

Regular meeting of the City Council held in the Council Chamber, President HANNON in the chair. Absent, Councilors Carey, Coffey and Lanigan.

The meeting was opened with the salute to the Flag.

VETO OF ORDINANCE RE AUTOMATIC AMUSEMENT DEVICES.

The following was received:

City of Boston,
Mayor's Office, March 8, 1948.

To the City Council.

Gentlemen,—I am returning herewith, disapproved, the proposed ordinance concerning automatic amusement devices passed by your Honorable Body on March 1, 1948.

My objections thereto are that, even if I affixed my signature to the proposed ordinance, it could not as a matter of law be effective, for the proposed license fee of one thousand dollars per year or portion of a year for each device is clearly not "commensurate with the reasonable expenses incident to the licensing and all that can rationally be thought to be connected therewith." *Opinion of the Justices*, 250 Mass. 591, 602.

Respectfully,

JAMES M. CURLEY, Mayor.

Placed on file.

WEST STREET, WARD 18, IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of March 8, 1948, concerning the resurfacing of West street, from Hyde Park avenue and Poplar street, to Beech street, Ward 18, and the constructing of sidewalks thereon.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 11, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface West street, from Hyde Park avenue and Poplar street, to Beech street, Ward 18, and to construct sidewalks thereon, and this will advise you that this street will be put on the list of streets to be given consideration for construction this year.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

PREPARATION OF STREETS FOR MARCH 17th PARADE.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of March 8, 1948, concerning the cleaning of the streets and filling in of holes along the route of the March 17th parade in South Boston.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 11, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works take immediate steps to clean the streets and fill in the holes in South Boston along the route of the March 17th parade, and this will advise you that this work was started on March 1, and it is anticipated that same will be finished by Saturday night, March 13, 1948.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

EXECUTIVE COMMITTEE REPORTS.

Report on petition of Mary E. Wyllie (referred March 31, 1947) to be paid annuity on account of death of husband, Richard T. Wyllie, late member of Fire Department—recommending passage of accompanying order:

Ordered, That under the provisions of section 89 of chapter 32 of the General Laws, an annuity of twelve hundred and sixty dollars be allowed and paid to Mary E. Wyllie, widow of Richard T. Wyllie, a member of the Fire Department, who died on December

6, 1946, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Mary E. Wyllie, so long as she remains unmarried, \$1,000 per annum;
For the following-named child, during such time as he is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$260 per annum:

Thomas F. Wyllie, born December 6, 1931; provided, however, that if the widow remarries, the annuity for the said child shall be \$520, during the remainder of the time aforesaid; the payments to date from December 6, 1946, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. ANSEL, for the Committee on Confirmations, submitted the following:

Report on appointment by the Mayor of Edward H. Liner, 44 Griggs terrace, Brookline (referred March 8), as Weigher of Coal, for term ending April 30, 1948—recommending that appointment be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councilors Cook and Tracy. Whole number of ballots 14, years 14, and the appointment was confirmed.

REPORT OF COMMITTEE ON APPROPRIATIONS.

Coun. BRYAN, Chairman for the Committee on Appropriations, submitted the following:

Report on message of the Mayor and appropriation and tax orders for 1948 (referred February 2):

After careful study and public hearings extending over a period of several weeks, the City Council Committee on Appropriations recommends the adoption of the 1948 city and county budget as submitted by Mayor James M. Curley.

The committee further recommends to the Mayor that a supplementary appropriation be submitted for the purpose of granting cost-of-living salary increases to those city employees now receiving less than \$3,000 a year.

The committee further urges that a careful study be made of the wage schedules at the Boston City Hospital with a view to revising upwards the salaries of the low-paid employees at that institution.

In recommending the adoption of the city and county budget, the committee fully recognizes the danger of a tax rate increase which may send this year's rate well over the \$50 mark.

It is the opinion of the Appropriations Committee, however, on the basis of the extensive studies it has made, that the budget cannot be reduced without curtailing or eliminating necessary municipal services which the people of Boston have a right to expect.

During the weeks it had the budget under consideration the committee had not received one suggestion from any source for reducing any item in the budget.

Although civic organizations such as the Chamber of Commerce and the Municipal Research Bureau were aware of the hearings and were privileged to send representatives to these hearings, none of them took the opportunity of doing so. Nothing was heard from any of the organizations which previ-

ously had issued general statements urging budget reductions. It seemed strange to the committee that organizations which profess so great an interest in Boston's municipal affairs were not represented at the hearings on the biggest budget in the city's history, but that was the fact.

The department heads, accompanied by their fiscal clerks, appeared at the hearings on their particular budgets and each item in the budget was thoroughly explored. Since the public hearings were completed, the Committee on Appropriations has held several Executive Sessions which were open to the press and other members of the Council in order that certain matters concerning particular budgets might be examined. This thorough examination of the Mayor's budget convinces the members of this committee that reductions are impractical because, as set forth in the Mayor's message, the main reasons for the increase are as follows:

- (1) Forty-eight-hour week for firemen.
- (2) Day off in six for policemen.
- (3) Increase in minimum and maximum salaries for the members of the Police Department.
- (4) The subsequent similar increase in minimum and maximum salaries for members of the Fire Department to equalize with the Police Department.
- (5) Increased pension cost.
- (6) The increased cost of uniforms and personal equipment of the added personnel in both the Fire and Police Departments, due to the adoption of the 48-hour week for firemen, and a day off in six for policemen.
- (7) The 40-hour week, which, while general throughout the city, affects the Hospital Department, Sanatorium Division and the Long Island Hospital perhaps more than any other department of the city because they are on a seven-day, twenty-four-hour basis.
- (8) The increases in allotment for recipients authorized by the state, and the rise in case loads in the Public Welfare and Veterans' Services Department.
- (9) The increased cost of snow removal.
- (10) Rising cost of Contractual Services, Supplies, Equipment, Materials, and all other commodities purchased by the city. Our institutions particularly are huge users of food, clothing, medicine and other high-priced supplies.

The largest single item in the budget is for salaries and amounts to roughly one half of the entire city budget. A survey of this item discloses that, with the exception of policemen and firemen, the average pay of the city employee is approximately \$2,000 yearly. The Bureau of Labor Statistics states that \$2,200-\$2,500 yearly salary is the minimum necessary to support a family of three. At the present time there are bills pending in the Legislature requesting up to 20 per cent increase in salary for state employees. The Governor has already recommended a cost of living bonus of \$100 to all state employees with an additional increase based on the recommendation of a classification survey made for this specific purpose which would give state employees up to \$800 over the next few years. There is no doubt that consideration will have to be given to the question of increases in salary for city employees. It seems probable that this item which, as stated before, amounts to 50 per cent of the entire budget, may have to be increased.

One half of the balance of the budget, or approximately \$14,300,000, is to cover the cost of general welfare, including old age assistance, aid to dependent children, pensions to employees not members of the contributory retirement systems, and payments to needy veterans.

The sum of \$16,000,000 remaining is accounted for as follows:

Contractual Services.....	\$6,500,000
Equipment	1,300,000
Supplies	4,100,000
Materials	500,000
Snow Removal.....	1,250,000
Special Appropriations.....	2,350,000
	\$16,000,000

Of the \$6,500,000 for Contractual Services the sum of \$4,500,000 is for so-called fixed charges and is expended as follows: Contracts already approved for removal and disposal of waste; street lighting; board of children in foster homes and institutions; care of tubercular and other Boston settled cases in state infirmaries and sanatoria; police listing; rental of buildings and office machines, and telephone service.

Of the \$1,300,000 for equipment, approximately \$900,000 is expended for uniforms for firemen and policemen; clothing for children

under the care of the Child Welfare Department; and clothing, bedding, kitchen equipment and medical equipment for hospital and institutions departments; the purchase of books for the library; and for purchase of fire hose.

Of the \$4,100,000 for supplies, approximately \$3,500,000 is for food, fuel and medical supplies for the hospital and institutions departments; and gasoline for fire, police and public works automotive equipment.

\$500,000 for materials is mostly for the purchase of automobile parts, lumber, etc., used by the departmental forces of the city.

\$1,250,000 for snow removal has already been appropriated by the City Council and is not part of this report.

Of the \$2,350,000 for special appropriations, \$550,000 has been allocated for repairs in the Hospital, Sanatorium and Long Island Hospital; \$325,000 for street and sidewalk repairs; \$200,000 for repairs to bridges; \$196,000 for repairs to Parkways, Improvement of Playgrounds and Rehabilitation of Franklin Park Zoo. Also included in these special appropriations is the sum of \$525,000 for Contingent and Reserve funds, \$312,000 as a so-called downpayment which is a prerequisite for borrowing of funds for construction of public ways and buildings.

The committee believes that Mayor Curley should press his efforts to obtain financial assistance from the Commonwealth in order to prevent an exorbitant increase in this year's tax rate.

In some instances, it appeared to the committee that the Mayor pared appropriations dangerously low. But the committee recognized the need for postponing all but the most essential undertakings in view of the threatened increase of seven dollars or more in the tax rate.

In view of all these facts, the committee unanimously recommends the adoption of the budget as submitted by the Mayor.

President HANNON commended Walter D. Bryan, Chairman, and the members of the Appropriations Committee for the dispatch with which they accomplished their task.

The report of the committee was accepted, and the question came on the passage of the budget as recommended by the committee.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Jeremiah Clancy street, bounded:

Easterly by Washington street, one hundred three and 25-100 feet; southerly by the southerly line of said street by six measurements, thirty-four and 52-100 feet on a curve of fifteen and 95-100 feet radius, ten and 72-100 feet, sixty-two and 77-100 feet on a curve of one hundred seventy-five and 34-100 feet and thirty-six and 10-100 feet on a curve of one hundred and seventy-five feet radius; westerly by another part of said street, forty-feet; and northerly by the northerly line of said street, by six measurements, forty-four and 36-100 feet on a curve of two hundred and fifteen feet radius, forty-eight and 45-100 feet on a curve of one hundred thirty-five and 34-100 feet radius, ten and 72-100 feet, five hundred feet on a curve of twenty-two hundred and forty feet radius, forty-five and 83-100 feet, and forty-five and 96-100 feet on a curve of forty-seven and 2-100 feet radius containing twenty-four thousand and thirty-three square feet, more or less.

The sewerage works to be constructed are as follows: 650 linear feet of 10-inch

pipe sanitary sewer and 650 linear feet of 12-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land on both sides of said street, excluding the lots at the corners of Pleasant Hill avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Lot 1. William J. Driscoll Construction Company.....	\$1,427 48
Lot 2. City of Boston.....	1,336 94

Total..... \$2,764 42

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in Jeremiah Clancy street, Dorchester district, under the order of the Board of March 11, 1948, and awards no damages therefor.

Owners unknown, 24,033 square feet, nothing.

546 NEW INDUSTRIES ON NYC SYSTEM.

A record number of new industries located in a single year on the lines of the New York Central System, of which the Boston & Albany Railroad is a part, was established during 1946.

The 1946 record totals 546 new industries, and it is estimated that they will produce annually an approximate volume of 204,900 carloads of freight traffic, or the equivalent of that produced by a major city.

The location of these new businesses in the territory served by the New York Central demonstrates the continuing growth of that great manufacturing section of the United States, extending through the north-central and northeastern states.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR MINOR SEWERAGE WORKS IN VARIOUS STREETS IN THE WEST ROXBURY AND BRIGHTON DISTRICTS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for minor sewerage works in various streets in the West Roxbury and Brighton districts. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Minor Sewerage Works in Various Streets in the West Roxbury and Brighton Districts," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of WEDNESDAY, APRIL 7, 1948, with a certified check for FOUR HUNDRED (400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

AIDS PAID TO PUBLIC ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME OF MASSACHUSETTS SCHOOL FUND.

State participation in the financing of education began with the establishment of the Massachusetts School Fund in 1834, the income from which was to be used "for the aid and encouragement of common schools," (chapter 169, Acts of 1834). The principal of this fund is now \$5,000,000. The income of the fund has been distributed in many different ways. In 1835, population and the amount raised by local taxation for school support were the determining factors. Many changes followed until the present complex provisions were enacted, mostly in 1919, with some modification in later years.

HEAVY LIFT LIGHTER TO SERVE HUB PORT.

A new all-steel, diesel-powered, heavy lift lighter has been obtained by Charles L. Hazelton & Son Co. of East Boston. With a capacity to lift from 60 to 70 tons it was built for the U. S. Army and completed just as the war came to an end, and features an elevated boom which makes it more adaptable for all around general port work. It can also be used for dredging by attaching a 5-ton grab bucket.

The lighter is 135 feet long, has a 50-foot beam, and was purchased recently from the Maritime Commission. According to its owners it has the heaviest lifting capacity of any equipment north of New York. It cost \$265,000.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for making alterations to Atlantic Avenue Station, constructing a Lobby Building and Emergency Exit for four electric stairways, Section B, East Boston Tunnel. Specifications and plans may be obtained at the office of the Department on and after Monday, March 29, 1948. A deposit of \$25 in cash or certified check will be required for plans and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, April 21, 1948. A properly certified check for thirty thousand (\$30,000) dollars payable to the city must accompany the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is contained in the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Transit Department. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

D. P. MCGILLICUDDY,
(Mar. 27-April 3.) *Secretary.*

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

INVITATION FOR PROPOSALS FOR PAINTING WORK IN CURTIS HALL, JAMAICA PLAIN.

The Superintendent of Public Buildings of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for painting work in Curtis Hall, Jamaica Plain.

Proposals will be received until 12 o'clock noon, Wednesday, April 7, 1948, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Monday, March 29, 1948, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING X-RAY FILM MACHINE TO BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing X-ray Filmachine to Boston City Hospital, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for X-Ray Filmachine." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Wednesday, April 7, 1948, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN MUDDY RIVER IMPROVEMENT FROM A POINT 250 FEET NORTH OF BROOKLINE AVENUE, 130 FEET NORTHERLY, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Muddy River improvement from a point 250 feet north of Brookline avenue, 130 feet northerly, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Muddy River Improvement from a Point 250 Feet North of Brookline Avenue, 130 Feet Northerly, Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of THURSDAY, APRIL 8, 1948, with a certified check for TWO THOUSAND (2,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Mar. 27.) *Commissioner of Public Works.*

SUPPLY DEPARTMENT.

PROPOSALS FOR MILK AND CREAM.

The Supply Department of the City of Boston invites proposals for furnishing for city departments milk and cream, to be delivered as required on specifications. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above mentioned office. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Milk and Cream." Bids will be publicly opened and read Tuesday, April 6, 1948, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

MAYOR CURLEY HAILS EAMON DE VALERA AS WORTHY SUCCESSOR TO LONG LINE OF HONORABLE AND DISTINGUISHED MEN OF IRISH BLOOD WHO HELPED TO WIN, HOLD, AND BUILD AMERICA INTO THE GREAT NATION SHE HAS BECOME—WELCOMES FORMER PREMIER AND PAYS TRIBUTE TO HIS PATRIOTIC ENDEAVORS TO ESTABLISH A FREE GOVERNMENT IN IRELAND AND TO BUILD COUNTRY INTO HER PROPER PLACE AMONG NATIONS OF WORLD—WELCOMES DISTINGUISHED VISITOR AT DINNER IN HIS HONOR AT COPLEY-PLAZA HOTEL.

MAYOR MAKES PLANS TO ENTERTAIN NOTED SOUTH AFRICAN GUEST ON VISIT TO BOSTON IN JUNE.

Mayor James M. Curley on March 24 received the following letter from the office of the Mayor, Kantoor van die Burgemeester, Johannesburg, Union of South Africa:

His Worship the Mayor, Councillor James M. Curley, Office of the Mayor, City of Boston, Massachusetts, U. S. A.

DEAR MR. MAYOR,—I am directed by His Worship the Mayor (Councillor G. B. Gordon) to acknowledge the receipt of, and express his thanks for, your courteous letter dated 17th December last, concerning the visit to Boston of this Council's Director of Social Welfare, Mr. D. N. Murray, during 1948.

The Mayor has further directed me to state that he greatly appreciates your offer of assistance in this matter and that your letter has been handed to Mr. Murray for his information and attention when he contacts your office on arrival in Boston.

Your kind personal greetings are reciprocated by the Mayor.

Yours faithfully,

G. S. SLAUGHTER, *Mayor's Secretary.*

The communication from South Africa was in reply to Mayor Curley's letter of December 17, which read as follows:

To His Honor the Mayor, Kantoor van die Burgemeester, City of Johannesburg, Union of South Africa.

DEAR MR. MAYOR,—I wish to acknowledge receipt of your letter stating that in the early months of the coming year Mr. D. N. Murray, Director of Social Welfare of the Johannesburg City Council, is to make a tour of America for the purpose of studying welfare work by local cities of the United States and Canada.

According to your communication, Mr. Murray will be in Boston from the 4th to the 6th of June, inclusive. We shall be most happy to receive him and assist him in every way possible.

I am sending a copy of this letter, together with your correspondence and memorandum, to our Executive Director of Public Welfare, William G. O'Hare, 43 Hawkins street, Boston, who will be pleased to extend every courtesy to Mr. Murray.

With warm personal regards, I remain,
Sincerely,

JAMES M. CURLEY, *Mayor.*

Mayor James M. Curley, speaking at dinner tendered Eamon De Valera at the Copley-Plaza Hotel, Boston, on the evening of March 27, spoke, in part, as follows:

There is no city in the United States that has been so greatly enriched by the contributions of Irish women and men as the City of Boston.

In the early brave days, when the movement for liberty in the Colonies had its birth—in fact, in 1770, at the Boston Massacre—it was an Irishman by the name of Patrick Carr who gave his life at the christening of the movement for freedom.

It was an Irishman by the name of John Sullivan, in the capture of Fort William and Mary, in December, 1774, who made possible the arms and ammunition that resulted in the successful resistance of British and Hessian aggression at Bunker Hill, where the Colonists opposed not only the might of British but the superstition that had so long existed that the citizen soldier was no match for the professional soldier.

It was an Irishman, General Sullivan, who was in charge when the last vestige of British tyranny was driven from Boston on Saint Patrick's Day, 1776, and it was the "father of our country" who authorized General Sullivan to use as the password on that memorable occasion the name of the patron saint of Ireland—Saint Patrick.

IN WASHINGTON'S ARMY.

It was the Irish in the army of Washington and in the Councils of France who made possible an end of the horrors of Valley Forge and the triumphant sunburst of victory at Yorktown, which paved the way for the ultimate independence of the Colonies and, later, the establishment of American liberty.

It was the people of Ireland who sent a carload of wheat to aid the American people when a famine was in progress in the early days of the Republic.

It was the Irish Brigade, first led by Corcoran, and later by Thomas Francis Maher, in 1864, that captured more flags and standards than the rest of the Union Army combined, and, when the fighting was most severe, they never lost one flag or standard.

It was the people of Ireland, under your leadership as President, Eamon De Valera, who, by adhering to the spirit of neutrality, made possible the preservation of the lives of thousands of American boys training in Ireland during World War II. It was Irishmen, without conscription, who voluntarily enlisted to the number of 250,000 in that war and who worked in munitions plants and shipyards, numbering an additional 250,000; and this contribution, coupled with that of Irish extraction the world over, was, in proportion to their numbers, in excess of the

RETIRING FIRE CHIEF BOUTILIER CONGRATULATED BY MAYOR ON LONG AND DISTINGUISHED SERVICE TO CITY.

His Honor the Mayor on March 22 sent the following letter to Napeen Boutilier, former Chief, Boston Fire Department:

DEAR FRIEND BOUTILIER,—On the occasion of your retirement as Chief of the Boston Fire Department, because of permanent incapacitation due to repeated and severe injuries while on active duty, I wish to congratulate you upon your fearless and loyal service of nearly 44 years.

You were appointed to the Boston Fire Department on June 3, 1904, in the twenty-sixth year of your life. From that day to the present, your public service has been outstanding.

The citizens of Boston join with me in wishing you Godspeed. May the years ahead treat you and your loved ones kindly. May you have the fullest possible measure of health and happiness.

Sincerely yours,

JAMES M. CURLEY, *Mayor.*

NATIONAL "SHUT-IN" DAY OBSERVANCE.

Mayor James M. Curley on March 29 issued the following statement:

Tuesday, March 30, 1948, is being observed in many cities throughout the United States as "National Shut-In Day." The day is being set aside for visiting and offering a word of cheer to those people who are confined to their homes, hospitals and other places of treatment because of illness and disabilities.

I believe that the citizens of Boston will be very glad to join in such a worthy movement. It is a simple thing to devote a few minutes of time in visiting the sick and disabled in our community and giving a word of greeting and cheer to those, especially our hospitalized war veterans, who will be deeply appreciative.

God will bless all who avail themselves of this opportunity to perform a kindly deed for the unfortunate.

ARMY DAY PROCLAMATION.

Mayor James M. Curley on March 30 issued the following statement:

I wish to call to the attention of the citizens of Boston that Army Day has been officially proclaimed for Tuesday, April 6, 1948, by the President of the United States.

We all know that the Army of the United States is the true defender and faithful guardian of our nation in times of war and peace, and has preserved the liberty of our beloved country against all forms of aggression.

Even today, in a world of unrest and misunderstanding, our Army continues to fulfill its duty of spreading the gospel of faith, hope, kindness and charity to all men, in the sincere interest of universal peace.

Accordingly, I am sure that our citizens will suitably observe this day. The Army can fully accomplish its mission only with the complete support of all fellow Americans. We should honor not only the living, but also our departed heroes who gave their lives, their most precious possession, that we may continue to enjoy the fruits of life, liberty and eternal happiness.

CALLS FOR OBSERVANCE OF BOOKER T. WASHINGTON DAY.

Mayor James M. Curley on March 30 issued the following statement:

Monday, April 5, 1948, is to be observed throughout the nation as "Booker T. Washington Day." It will mark the inauguration of a campaign by the Booker T. Washington Birthplace Memorial, the goal of which is to establish an industrial training school at the great Negro educator's birthplace in Franklin County, Virginia, with "service institutes" located throughout the country.

For this campaign Congress authorized the minting of special Booker T. Washington memorial half-dollars, to be sold for one dollar, of which the premium of 50 cents is to go toward the perpetuation of the democratic ideals and teachings of the man who did more to assist and guide his people than any other person in this country.

In 1915, when Booker T. Washington died, Tuskegee Institute in Alabama, which he founded, had become the leading school of its kind in the world. He believed in those early days of freedom for

his people that the Negro for a time must learn to live on the produce of his hands and glorify common labor by added skill.

Now, though the race, through widening opportunity, is finding a place in the learned professions, there remains a great need for training in the technical field. Such is the need the Booker T. Washington Birthplace Memorial seeks to fill in this worthy cause.

MAYOR CURLEY PAYS TRIBUTE TO FORMER PREMIER OF IRELAND, EAMON DE VALERA.

(Continued from page 325.)

contribution of either the United States or Great Britain—all this from a population of less than 3,000,000 souls.

We honor the most beautiful portion of our park system in memory of John Boyle O'Reilly, who came here from a felon's doom because he loved liberty more than life itself and who, by his God-given attainments in the field of prose and poetry, won a place in the hearts of the most effete Boston society.

HAIL TO VISITOR.

Patrick A. Collins was the first of his race to serve as Consul-General to England, shedding luster by his mental attainments upon the country of his birth and the land of his adoption.

We hail you, sir, as a worthy successor to this illustrious line for your accomplishments in Ireland in your patriotic endeavors to establish free government and in your promotion of the industrial, agricultural, commercial, and economic life of the people of Ireland.

We are not unmindful of your contribution to the education of Ireland, in view of the fact that in the first 12 years of your leadership more schoolhouses were constructed than in 700 years of British misrule.

We hail you as a brilliant leader, a great patriot, and wise ruler, and pray that it may be possible in your time to witness the writing of Robert Emmet's epitaph, when Ireland will take her place among the nations of the world as an independent republic.

Illustrious as have been the great men whom I have briefly enumerated, you deserve rank with the truly great—and, in this spirit, Boston opens its arms of welcome.

NEW PERMANENT FIREMEN.

His Honor the Mayor on March 31 received the following letter from Fire Commissioner Russell S. Codman, Jr.:

DEAR SIR,—Subject to your Honor's approval, I will appoint the following-named as permanent men on probation in this department at a salary of \$2,500 a year, to become effective at 8 a. m. Wednesday, April 7, 1948:

Daniel A. Sullivan, 62 Perkins street, Charlestown.

George E. Murphy, 7 Lovis street, South Boston.

Paul E. Porter, 25 Burr street, Jamaica Plain.

Anthony Grace, 119 Bartlett street, Charlestown.

John J. Kelly, Jr., 48 Hall street, Jamaica Plain.

Martin J. O'Brien, 17 Oak street, Charlestown.

William E. Connolly, 244 West Fifth street, South Boston.

Michael J. Piantedosi, 80 Waverly street, Brighton.

Robert P. Campbell, 59 Whiting street, Roxbury.

Hugh F. O'Brien, 15 Levant street, Dorchester.

Ernest C. Smith, 109 Saratoga street, East Boston.

James MacCune, 50 Fuller street, Dorchester.

John F. Connolly, 39 Edison green, Dorchester.

Richard B. Salerno, 38 Navarre street, Roslindale.

James M. Walsh, 15 Saxton street, Dorchester.

Joseph L. Murray, 11 Parker street, Charlestown.

Charles M. Buchanan, 69 Seymour street, Roslindale.

Robert A. Doyle, 9 Rock terrace, Dorchester.

Hubert F. Moran, 24 Avenue M, Franklin Field.

John A. Foley, 173 Centre street, Boston.

The foregoing appointments are necessary in order to fill vacancies in the fire-fighting force caused by the retirements and promotions and in order to maintain the operating efficiency of the fire-fighting force. All these men are veterans, and they have been certified for appointment by the Department of Civil Service and are the first twenty names on the eligible list.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Commissioner.

MAYOR ASKS FOR FUNDS TO COMPLETE COSTS OF WINTER'S HEAVY SNOW REMOVAL.

BOSTON, March 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Because of the unprecedented conditions which existed during the past winter, the expenditures, on account of snow removal, have exceeded the amount of money which was made available for the purpose.

It is necessary at this time to ask for an additional appropriation, and, with that in mind, I respectfully request that your Honor submit to the City Council an order for appropriating an additional sum of \$500,000 for snow removal.

I feel that this amount will be sufficient to cover our current needs.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

As a consequence of this communication received from Commissioner of Public Works Robert P. Curley, I have submitted this day to the City Council an order as follows:

"Ordered, That the sum of five hundred thousand dollars (\$500,000) be, and the same hereby is, appropriated for snow removal, said sum to be raised by taxes on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon apply to the appropriations and taxes herein provided for."

JAMES M. CURLEY,
Mayor.

PUBLIC WORKS DEPARTMENT.

Upon March 23 the Mayor approved a contract with Joseph Botti & Son for earth excavation and refilling to allow Water Division employees to install, regulate or repair Water Division structures; also for the installation of wooden boxes and establishing post hydrants in the West Roxbury district, including Hyde Park, at an estimated cost of \$36,175. The work contemplated in the contract is to be completed on or before December 31, 1948. The following bids were received March 19:

Joseph Botti & Son, \$36,175; Appel & O'Tool Company, \$36,800; C. Russo, Inc., \$41,950; Roslindale Contracting Company, \$47,165.

SUPPLY DEPARTMENT.

Upon March 18 the Mayor approved a contract as requested in the following letter:

BOSTON, March 15, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—On March 12, 1948, bids on proposals for furnishing Class C iron castings to the Water Service of the Public Works Department were publicly opened and read in this office. Following is a tabulation of the only bid received.

It is respectfully requested that permission be granted me to award a contract to the only bidder, E. L. LeBaron Foundry Company, Brockton, Mass.

Total amount of contract, \$16,000.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bid was as follows:

100,000 Pounds Class C Castings.—E. L. LeBaron Foundry Company, 16 cents per pound, total, \$16,000, cash discount, net.

Upon March 22 the Mayor approved a contract as requested in the following letter:

BOSTON, March 11, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Following is a list of bids on proposals for furnishing tires and tubes for the various city departments which were publicly opened and read at this office on February 17, 1948.

I would respectfully request that permission be granted me to award a con-

tract for passenger tires and tubes to the Automotive Distributors, Inc., the lowest bidder, for Pennsylvania tires at the discounts shown below. Permission is also requested to award a contract to the Norwalk Tire and Battery Company, the lowest bidder, for furnishing truck tires and tubes to the various city departments at the discounts indicated below. On the item of solid tires, I would request that permission be granted to award orders, without entering into a written contract, as the amount involved, in our estimation, will not be \$2,000.

Regarding the item of self-sealing tubes, I have reserved decision on this particular item until further investigation has been made by this department. The approximate amount of the above awards will aggregate \$40,000, which is based on discounts from standard lists.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

SUPPLY DEPARTMENT.

BOSTON, March 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department is in receipt of a requisition from the Paving Service of the Public Works Department for equipment to be used for patching and street repairs.

It is respectfully requested that permission be granted me to award an order, without public advertisement, to the Construction Equipment Company, 185 Devonshire street, Boston, as they are the sole distributors of the equipment requested which will be used on the Huber grader that was supplied by the above firm.

Total amount of order, \$1,815.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, March 4, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—We advertised for bids for steel reinforcing rods to be opened on January 21, 1948. At that time no bids were received. As you know, there is a critical shortage of all types of steel at the present time. Finally, we were successful in convincing the Bethlehem Steel Company of our urgent need for the following rods:

Fourteen tons $\frac{3}{4}$ -inch round rods;
five tons $\frac{1}{2}$ -inch round rods; one ton $\frac{3}{4}$ -inch round rods.

It was voted to purchase the twenty tons of steel rods from the Bethlehem Steel Company at a price of \$1,712.

Your approval is respectfully requested to place an order, without advertising, with Bethlehem Steel Company for twenty tons of steel rods at a price of \$1,712.

Yours respectfully,

MALCOLM E. NICHOLS,
Chairman.

CONTRACTS AMENDED.**OVERSEERS OF PUBLIC WELFARE.**

Harry A. Smith, 39 Rochester street, Boston, has been allowed to amend the contract dated December 23, 1947, by striking out "on or before March 8, 1948," as it appears in Article II on page 7, and inserting "on or before May 15, 1948."

This amendment is made and agreed to subject to the provisions of the contract hereinbefore referred to.

The Kabot Painting Company, 10 Post Office square, Boston, have been allowed to amend the contract dated December 9, 1947, by striking out "on or before February 15, 1948," as it appears in Article II on page 7, and inserting "on or before March 15, 1948."

This amendment is made and agreed to subject to the provisions of the contract hereinbefore referred to.

EXTENSION OF CONTRACTS.**FIRE DEPARTMENT.**

An additional extension of time has been granted to the General Ship and Engine Works, Inc., 336 Border street, East Boston, for the performance of a contract for the conversion of two former AMc type naval vessels for use as fireboats, to March 5.

The contract dated December 2, 1946, was to have been completed within sixty working days after receipt of pumps and engines as per Item 58 of the contract specifications. The pumps were received September 27, 1947, and sixty working days after that date required completion of the contract on December 26, 1947.

Due to the fact that weather conditions prohibited performance of said work on several days, your Honor has already extended the time of the contract to January 19, 1948. However, due to the fact that the Fire Commissioner requested the installation of guard rails on both boats, it was not possible to complete the contract on January 19.

An extension of time for the completion of the contract has been granted to Construction Units, Incorporated, for the performance of a contract for the erection of fire station for Engine 8, Ladder 24, at 392 Hanover street, Boston, to June 8, 1948.

The contract dated July 16, 1947, was to have been completed within six months after the Mayor's approval, Temporary Mayor John B. Hynes having signed the contract July 28, 1947. The date of completion in accordance with the contract was to be March 8, 1948.

The completion of this work has been delayed considerably because of the extremely severe winter of 1947-1948. On several occasions, due to heavy snowstorms and extreme cold, progress of the work was unavoidably retarded. Additional work requested by the Fire Department has also delayed completion of the contract.

TRANSIT DEPARTMENT.

Bethlehem Steel Company has been granted an extension of time for the contract for structural steel beams, Rapid Transit Facilities, East Boston district, from December 31, 1947, to February 27, 1948, and that all provisions of said contract, excepting as modified herein, shall continue in full force and effect.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

To enter the building or other structure, or the abutting land or buildings, at 1 and 2 Percy place, Ward 9, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 42 Kendall street, Ward 9, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 3 Bay State place, Ward 6, with such assistance as required, remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 4 Charter street, Ward 3, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 3, 1946, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Woodbourne road, be, and the same hereby is, amended, by adding to said order the amount \$156.60, as an award to Lester T. Poole and Margaret M. Thornton, as tenants in common; that the amount \$156.60 be, and the same hereby is, awarded to Lester T. Poole and Margaret M. Thornton, as tenants in common, for the damages so sustained.

Office of the Mayor, March 16, 1948.
To the City Council.

Gentlemen,—This is to notify you that I have this day removed Charles A. Wood, of 869 Dorchester avenue, Dorchester, as a Constable of the City of Boston, he being disqualified because of nonpayment of premium on his bond.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

VETO OF ORDER RE WORKMEN'S COMPENSATION.

The following was received:

City of Boston,
Office of the Mayor, March 18, 1948.
To the City Council.

Gentlemen,—I am returning herewith, disapproved, the proposed order passed by your Honorable Body on March 8, 1948, concerning the extension of the terms laborers, workmen, and mechanics, as used in that portion of the Workmen's Compensation Act applicable to the City of Boston and to the County of Suffolk.

My objections thereto are that, if I affixed my signature to the proposed order, because of the specific mention therein of chapter 403 of the Acts of 1936 there would be doubt whether the employees would enjoy the benefits of amendments to the Workmen's Compensation Act since 1936.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

VETO OF HOUSING DEVELOPMENT LOAN ORDERS.

The following was received:

City of Boston,
Office of the Mayor, March 16, 1948.
To the City Council.

Gentlemen,—I return herewith, disapproved and without my signature, two orders passed by your Honorable Body on March 1, 1948, one authorizing the borrowing of \$3,000,000 for housing development in South End, and the other for \$4,000,000 for housing development in South Boston.

I am informed that approval of these orders would be ineffectual because the statutory authority limiting the amount which the City of Boston can borrow for housing development would be exceeded.

For the above reason, I veto the orders without prejudice.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the appointment of Robert Kelly, 1 Ingleside street, Roxbury, as Constable of City of Boston, without power to serve civil process, and to serve without bond for the term ending April 30, 1948.

Referred to the Committee on Confirmations.

CLEANING OF STREETS, ALLEYS, ETC.

Coun. YERXA offered the following:

Ordered, That his Honor the Mayor direct the Public Works Commissioner, the Health Commissioner, the Park Commissioner, the Fire Commissioner, and the Real Estate Commissioners to take immediate steps to clean the streets and alleys and sidewalks under their jurisdiction, and to order those whose responsibility it is to clean other alleys and private ways.

Ordered, That his Honor the Mayor be requested to inaugurate a "Clean Up Week" in the City of Boston, with signs posted in conspicuous places requesting all property owners to join with the city in remedying the filthy conditions existing on our streets, alleys, private ways, etc.

Severally passed under suspension of the rules.

PARTITION PLAN IN PALESTINE.

Coun. ANSEL and COOK offered the following:

Ordered, That the Boston City Council send a resolution to the President of the United States, Hon. Harry S. Truman, to Secretary of State George C. Marshall, and to the American Delegate to the United Nations, Hon. Warren Austin, urging that the American Government retain its original position favoring the partition plan in Palestine. It is felt that the partition plan will bring equitable rights to the oppressed Jews of the world and that said partition plan can solve the crisis of the Near East, and that, if properly implemented by the United Nations, it will prove to the world that all small nations can live together in the spirit of brotherhood and good will.

Referred to the Committee on Rules.

RESTORATION OF CAR STOPS, UPHAMS CORNER SECTION.

Coun. HANNON and RAMSEY offered the following:

Ordered, That his Honor the Mayor be requested to communicate with the Trustees of the Metropolitan Transit Authority relative to restoring the car stops recently changed in the Uphams Corner section of Dorchester, and to consider the advisability of constructing a safety island and shelters at the intersection of Hancock street and Columbia road, Dorchester.

Passed under suspension of the rules.

THREE-HOUR CLOSING BY MERCHANTS ON GOOD FRIDAY.

Coun. KEENAN offered the following:

Ordered, That his Honor the Mayor contact the Chamber of Commerce and request that they ask all merchants in Greater Boston to close between the hours of 12 and 3 p. m. on Good Friday.

Coun. COFFEY moved that the order be amended to read the Retail Trade Board instead of Chamber of Commerce, and the order as amended was passed under suspension of the rules.

CLEANING OF STREETS BEFORE EASTER.

Coun. KEENAN offered the following:

Ordered, That the Public Works Commissioner be requested through his Honor the Mayor to clean all the streets in the city before Easter.

Passed under suspension of the rules.

HEALTH UNIT FOR WEST ROXBURY.

Coun. BRYAN offered the following:

Ordered, That the Trustees of the George Robert White Fund be requested, through his Honor the Mayor, to provide for a health unit in the West Roxbury section of Boston.

Passed under suspension of the rules.

KEEPING OF DISTRICT YARD EMPLOYEES IN OWN DISTRICTS FOR CLEANING OF STREETS.

Coun. SHANLEY offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to keep all district yard employees in their own respective districts and to proceed at once with the cleaning up of all streets in Boston to eliminate what can very well be a health menace.

EXTENSION OF BENEFITS OF WORKMEN'S COMPENSATION.

Coun. LINEHAN offered the following:

Ordered, That the Mayor and City Council of Boston, acting as County Commissioners for Suffolk County, do hereby determine under authority of section 69 of chapter 152 of the General Laws, as amended, and every other enabling authority, that the terms laborers, workmen, and mechanics, as used in sections 68-75, inclusive, of said chapter 152, as amended, shall include, in addition to those employees specifically included therein by section 69 of said chapter 152, as amended, all other employees of the County of Suffolk, except members of the police and fire forces, regardless of the nature of their work.

Ordered, That the City Council of Boston, acting for the City of Boston, does hereby determine under authority of section 69 of chapter 152 of the General Laws, as amended, and every other enabling authority, that the terms laborers, workmen, and mechanics, as used in sections 68-75, inclusive, of said chapter 152, as amended, shall include, in addition to those employees specifically included therein by section 69 of said chapter 152, as amended, all other employees of the City of Boston, except members of the police and fire forces, regardless of the nature of their work.

Severally passed under suspension of the rules.

BALL DIAMONDS, COLUMBUS PARK AND SOUTH BOSTON STADIUM.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor request the Park Commission to lay out and put in good playing condition the hard and softball diamonds on Columbus Park and the South Boston Stadium.

Passed under suspension of the rules.

LEGISLATIVE BILLS ON VETERANS AND LOW-INCOME HOUSING.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor request the Legislative Agent for the City of Boston to exert every effort to immediately secure favorable action on Massachusetts House Bills Nos. 1724, 1727, and 1728, pertaining to veterans housing and low-income housing.

The order laid over at the meeting of Feb. 17, 1948 (see p. 36) amending the Regulation for Custodians of the Schools and Regulations for the Use of School Premises relative to leaves of absence for personal illness was taken up and passed unanimously.

The Chairman moved the following amendment of his Order making various amendments to the Rules, submitted at the meeting of Jan. 5, 1948 and laid over:

Sect. 32, par. 1 as presented, be stricken out and the following substituted in place thereof:

Section 32. 1. Motions, orders, resolutions, communications, petitions, etc., which have been referred to the Superintendent shall not be finally disposed of by the School Committee until a report thereon shall have been received from the Superintendent. This report on matters which have been referred by the Superintendent to the Board of Superintendents shall contain a recorded vote of the Board of Superintendents on the questions submitted. Where there is a divided vote, the majority and minority reports shall be submitted in writing.

Sect. 35, par. 1—to insert the word — Revised — following "Robert's Rules of Order" so that the paragraph shall read as follows:

The rules of parliamentary practice as set forth in Robert's Rules of Order Revised shall govern the School Committee in all cases in which they are applicable and in which they are not inconsistent with the Rules of the School Committee.

The amendments of the Order were allowed by unanimous vote and the Order as amended was passed, Mr. Muchnick asking to be recorded as opposed to the amendment to Section 16, par. 2.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

STENOGRAPHIC SERVICE.

FOR STATE, AND CITIES OUTSIDE OF BOSTON AND VICINITY, JUNE 5, 1948.

FOR STATE, BOSTON, AND CITIES AND TOWNS IN THE VICINITY OF BOSTON, JUNE 12, 1948.

The last date for filing applications for the examinations on both of the above dates will be Monday, May 17, 1948, at 5 p. m.

Open to males and females.

This examination is held to fill entrance stenographic positions, which have the title of Junior Clerk and Stenographer in the state service, and various titles, such as Stenographer, Junior Stenographer, Junior Clerk and Stenographer, etc., in the cities and towns.

On June 5, 1948, the examination will be held in various centrally located cities outside of Boston and vicinity. On June 12, 1948, the examination will be held in Boston and persons who reside within commuting distance will be notified for examination on this day. All persons must appear for examination at the place and time designated in the notices mailed to each applicant by the Division of Civil Service.

Persons qualifying in the examination may have their names placed on the state list, as well as on the list for the city or town in which they have domicile.

Salary: For the state service, the entrance salary is \$1,380 a year; the maxi-

mum salary is \$1,740 a year. In the cities and towns, the salary varies.

Vacancies: From time to time.

Duties: Under immediate supervision, to take notes from dictation and transcribe them on the typewriter; to do miscellaneous typing and routine clerical work of ordinary difficulty; and to perform related work as required.

Entrance Requirement: Applicants who have not reached their sixteenth birthday on the date of examination will not be eligible.

Subjects and Weights: Training and experience, 1; clerical tests (including spelling, arithmetic, following written directions, filing, and word knowledge), 1; stenography, 3; total, 5.

The dictation will be given at the following rates of speed: 80, 100 and 120 words a minute, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any one or two of the three speed tests for transcription. If an applicant transcribes two tests, both are marked and the applicant is given the higher of the two marks. The transcription is marked for both speed of dictation and accuracy.

Passing Requirements: Applicants must obtain at least 70 per cent in accuracy of transcription of at least one dictation, and in each subject in order to become eligible.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN GOETHE STREET, WARD 20, FROM SCHILLER ROAD TO DEDHAM LINE; RICHARDSON STREET, WARD 22, FROM WESTERN AVENUE TO MACKIN STREET; RICHFIELD PARK, WARD 15, FROM RICHFIELD STREET SOUTHWESTERLY FOR 192 FEET; TOBIN ROAD, WARD 20, FROM WASHINGTON STREET TO KERN ROAD; AND WAYBURN ROAD, WARD 19, FROM EASTLAND ROAD TO EASTLAND ROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Goethe street, Ward 20, from Schiller road to Dedham line; Richardson street, Ward 22, from Western avenue to Mackin street; Richfield park, Ward 15, from Richfield street southwesterly for 192 feet; Tobin road, Ward 20, from Washington street to Kerna road; and Wayburn road, Ward 19, from Eastland road to Eastland road. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 503, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Goethe Street, Ward 20, from Schiller Road to Dedham Line; Richardson Street, Ward 22, from Western Avenue to Mackin Street; Richfield Park, Ward 15, from Richfield Street Southwesterly for 192 Feet; Tobin Road, Ward 20, from Washington Street to Kerna Road; and Wayburn Road, Ward 19, from Eastland Road to Eastland Road," and left at Room 503, fifth floor, City Hall Annex, before 12 m. of THURSDAY, APRIL 15, 1948, with a certified check for THIRTY-FIVE HUNDRED (3,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR CURLEY CALLS FOR ABANDONMENT OF OR SUBSTITUTE FOR ELEVATED STRUCTURE FROM SULLIVAN SQUARE TO FOREST HILLS AS RELIEF FOR BOSTON'S BOTHERSOME CONDITION—DISCUSSES SITUATION IN MONTHLY RADIO BROADCAST ON "BLIGHT AND BILAYHEI," OR BLIGHT AND HOME—CHARGES TRAFFIC SYSTEM THROUGH HEART OF CITY IS STIFLING BUSINESS AND RESIDENTIAL DEVELOPMENT, IS CONSTANT SOURCE OF ANNOYANCE AND IRRITATION, AND SOURCE OF DESTRUCTION OF PROPERTY VALUES—WANTS PROJECT GIVEN PRIORITY OVER OTHER TRAFFIC IMPROVEMENTS IN PROCESS OF DEVELOPMENT.

The following is the radio address of Hon. James M. Curley, Mayor of Boston, over Station WMEX on Monday, April 5, in his regular monthly series of reports to the citizens of Boston:

PEOPLE OF TRIESTE SEND CITIZENS OF BOSTON EXPRESSIONS OF GRATITUDE, THROUGH MAYOR CURLEY, FOR FRIENDSHIP GIFTS IN TIME OF NEED.

On April 5 Mayor Curley made public the following letter:

"Comune di Trieste Il Presidente, Trieste, February 23rd, 1948."

DEAR MAYOR,—The population of Trieste in these so hard times of their existence have most heartily welcomed the message of solidarity and friendship the American people has spontaneously and generously sent them with the "Ship of Friendship."

On the 20. January many thousands citizens of Trieste rushed to the quays of the port where Drew Pearson's messenger was effecting the delivery of the symbolic gift, in order to express their sympathy and gratefulness toward the population of all 48 States of the Union, which, with their banners, were attending the ceremony.

On that day, the heart of Trieste has beaten in unison with that of the North-American people for the building up of a prosperous and democratic future.

To-day, when the ship that was the messenger of the American friendship is crossing again the Ocean carrying our heartfelt wishes for the wellbeing of the American People who has sent her, I beg you, dear Mayor, to accept also on behalf of the population of your Commune as well as of those of the other Communes of your State, the attestation of the sympathy and gratefulness of this City that in the so hard situation it was left in by the war, desperately strives to recover, while acknowledging in the friendship of the great American Nation the necessary support to take up once more its position in European life and the world's traffic.

With best regards,

THE PRESIDENT OF THE COMMUNE,
Avv. Michele Miani.

TO: the Honourable
Mayor of BOSTON.

Friends of the Radio Audience.

The subject of tonight's report to the citizens of Boston is "Blight and Bilayhei." "Bilayhei" is a word taken from the Hindus, and it means the same as "blighty," a word in common use among English soldiers, particularly in India during the last war. In other words, it means home. Blight, of course, is something with which everyone is familiar — the blight in the case of Boston being the presence of the Boston Elevated Street Railway structure running through the heart of the city, stifling business and residential development, a constant source of annoyance and irritation to the people living along the line, and a constant source of destruction of property values. In other words, we need an abandonment of or a substitute for the elevated structure from Sullivan square to Forest Hills.

Various methods have been considered for a long period of time, and various suggestions have been made. At the present time we are considering a tremendous expenditure of money for extension of rapid transit facilities, but removal of the fetters that are responsible for strangulation and stagnation of Boston should be our first consideration.

I want to make my position perfectly clear, and I believe it is the position to be taken by every forward-looking citizen of Boston, namely, before any major expenditures are made for the extension of the elevated system, that a sizeable appropriation be made in order that a start may take place at once upon the abolition of the elevated structure.

PROMISED RELIEF.

A year ago the Recess Commission on Transportation, aided by the Lieutenant Governor of the Commonwealth, promised that the first matter to be considered in the event that the state purchased the Boston Elevated would be the removal of the elevated structure in Boston.

Today at a hearing on House Bill No. 1950, in the report of the Trustees of the Metropolitan Transit Authority concerning extensions and improvements of the existing rapid transit system, they point out that this particular project should not at this time be given top priority, and that they do not now submit any proposed legislation.

It becomes apparent that the legislative committee and the Legislature and the citizens of Boston were deceived one year ago at the time the state took over the Boston Elevated.

This particular project should be given the priority that was promised by the

MAYOR CALLS FOR OBSERVANCE OF "PAN AMERICAN DAY" BY BOSTON CITIZENS.

Mayor James M. Curley on April 6 issued the following statement:

The Pan American Union, comprising the 21 republics of the Western Hemisphere, was formed in 1890, and has been a powerful force in promoting understanding and peace among the nations of North, Central, and South America.

As a means of observing this 58th anniversary, Wednesday, April 14, has been designated as Pan American Day, and April 11 through April 17, 1948, as Pan American Week.

Simultaneously with this anniversary observance, there is being held in San Juan, Puerto Rico, the Third Inter-American Congress on Municipal History.

I was invited to be a guest of honor at this congress by the brilliant woman who planned it and who will preside over its important sessions — Senora Felisa Rincon de Gautier, Mayoress and City Manager of the beautiful capital city of Puerto Rico. Pressure of municipal business made it impossible for me to leave Boston at this time.

Within the past week, the Ninth International Conference of American States, which was attended by Secretary of State Marshall and staff, was held at Bogota, Colombia, where there was a full and free discussion of problems of outstanding importance to this voluntary continental community of nations. Such conferences promote mutually beneficial hemispheric cooperation in a wide variety of fields.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MAYOR CURLEY DENIES DANGER FROM LACK OF TRAFFIC LIGHTS AT CHARLES GATE WEST AND NEWBURY STREET.

On April 1 Mayor Curley addressed the following letter to the City Council:

To the City Council.

GENTLEMEN,—Complying with the order adopted by your Honorable Body providing for the installing of traffic lights at the corner of Charlesgate West and Newbury street, I beg to state that I have taken the matter up with the Traffic Commission, in view of the fact that a statement appeared in the press setting forth that, in the opinion of Councilor Yerxa, who introduced the order, "... ten persons must be killed before Boston traffic authorities consider it sufficiently hazardous to install traffic signal lights. . . ."

The Boston Traffic Commission has checked with the Registry of Motor Vehicles and the Boston Police Department, and the report showed that in a period of ten years there were no deaths at this point and only five accidents in ten years involving personal injuries.

Consequently, in the judgment of the Traffic Commission, and in view of the fact that the Legislature proposed the laying out and construction of Back street, with a speed highway extending from the Shell to Soldiers' Field, there is no necessity for lights there at the present time, and in all probability there will be no occasion for them when Back street is completed.

Respectfully,

JAMES M. CURLEY,
Mayor.

VETERANS' HIRE BY TRANSIT DEPARTMENT SAVES CITY \$345,000.

Chairman of the Transit Commission Malcolm E. Nichols reported that he had taken up with the Civil Service Commission the matter of hiring veterans now receiving the benefits of the veterans' services rolls. Their employment in the Transit Department has, without a doubt, caused a saving to the city in relief costs.

It is estimated by the chairman that the amount is about \$345,000.

BOSTON PREPARES FOR ANY NATIONAL CALAMITY BY ORGANIZING PLATOON OF FIRE FIGHTERS AT DISPOSITION OF MAYOR CURLEY.

On April 1 Mayor Curley issued the following statement:

At the request of the Secretary of War the city has entered into the War Department Affiliation Plan, whereby the City of Boston organizes a platoon of fire fighters which will be inducted into the Engineering Corps Reserve in the event of any national emergency.

At the Conference of Mayors held in New York several weeks ago, representatives of the various branches of military service (Army, Navy, Marine Corps and Coast Guard) appeared and directed the attention of each executive to the necessity for preparedness for all citizens in the event of atomic warfare — particularly the seacoast citizens.

With a view to complying with the recommendations made, the Fire Commissioner of Boston was directed to organize, at once, an auxiliary fire fighting force within the department for the protection of the people in the event that war should occur.

Already more than 100 men have been designated to carry on this work, and the number will be increased so that all necessary precautions for the safeguarding of life and property may be assured.

MAYOR HONORS NATIONAL COMMANDER OF 40 AND 8 ORGANIZATION.

Chef de Chemin de Fer (National Commander) Guy Land of Clarksdale, Mississippi, arrived in Boston on April 2, for a busy week end with the members of the 40 and 8 Society, honor society of the American Legion.

His program consisted of a luncheon at the Hotel Statler, given in his honor by Mayor Curley, at 1 p. m., Saturday, after which the members of the 40 and 8 made a visitation to the children's building of the City Hospital where toys, candy and ice cream were distributed, and entertainment furnished in all the wards. At five o'clock he attended the State Executive Session of the 40 and 8 in the Hancock Room of the Hotel Statler, and at 6.30, a reception and dinner dansant in the Georgian Room. Sunday noon he was tendered a luncheon at the Hotel Commander in Cambridge, given by the City of Cambridge, and also attended the Department Child Welfare Conference at the quarters of Cambridge Post 27 at 2.30. He was accompanied by Correspondant National Col. Charles W. Ardery, who has held that office since 1924.

CIRCULAR LETTER NO. 6.

CITY OF BOSTON,
MAYOR'S OFFICE, April 1, 1948.
To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence to attend the Convention of City, State and County Municipal Employees to employees who are duly accredited delegates to the convention in Boston, April 26-30.

This leave of absence should be granted only to those who present their credentials.

Respectfully,

JAMES M. CURLEY, *Mayor.*

TRANSFER OF PROPERTY.

The Mayor has approved the following:

BOARD OF ASSESSORS.

Boston, March 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—There is enclosed a copy of a letter sent to the Business Manager of the School Committee, Henry J. Smith, containing an inventory of certain office machines formerly in use in the Assessing Department, which it is the intention of the Board of Assessors to abandon to the custody of the School Committee by reason of the fact that there is now installed in the Assessing Department a Remington-Rand Punch Card Accounting System. The detail of the machines and the original cost thereof will be noted in the accompanying correspondence.

Representatives from the School Committee have looked at the machines, and the Board of Assessors is in receipt of a letter from Mr. Smith to the effect that

the School Committee, upon a receipt of a bill from the Assessing Department, will pay 15 per cent of the original cost of the machines which is figured to be \$2,546.12.

It is respectfully requested, therefore, that under the provisions of the Revised Ordinances of 1947, chapter 3, section 14, your Honor approve this transfer of property of the Assessing Department to the permanent control and use of the School Committee of the City of Boston.

Yours very truly,

PETER J. ALLEN, *Chairman.*

MAYOR CURLEY'S MONTHLY RADIO BROADCAST OVER WMEX ON "BLIGHT AND BILAYHEI."

(Continued from page 345.)

Recess Commission a year ago and be the first matter to be taken care of by the Metropolitan Transit Authority.

Plans for a new subway were presented for the consideration of the legislative committee and the various planning boards more than a year ago, and the question of the removal of the blight of the elevated structure has been a subject of serious consideration for a number of years.

In the report of the Metropolitan Transit Authority concerning certain extensions and improvements of the existing rapid transit system, upon page 22 it states: "The new subway would continue out Washington street to Dudley Station, where a new underground station would be built at this point. The subway would continue out Washington street to a point near Valentine street, where it would swing away from Washington street on a wide curve, passing under Marcella street, and emerge by way of an incline to an elevated structure. This elevated structure would pass over Columbus avenue and Amory street to the easterly side of the right-of-way of the New Haven Railroad. The line would then run parallel with the railroad, on the embankment, to a point just northwest of Forest Hills Station, where it would cross vacant land and join the present elevated structure on Washington street. All of the present facilities at Forest Hills Station, including the yards and yard tracks, would be retained.

The present feeder lines, which now operate to Egleston Station, would be extended to Columbus avenue and Amory street. Here the passengers would board the rapid transit route at the new overhead station. Another station on the proposed line would readily be located in the vicinity of Green street on the new route, with opportunities for feeder lines at this point."

In the concluding paragraph of the report they state that which is an insult to the citizens of Boston, namely: "While the removal of the structure is highly desirable, in view of the high cost of the project in relation to the improvement in service to be obtained, it does not appear to the trustees to be a project to which top priority should be given at this time. The trustees, therefore, do not now submit proposed legislation."

NO CONSIDERATION.

In other words, the recommendation is to give no consideration to the welfare of the city and its citizens and to continue the blight that has so long strangled and retarded the growth of this fair city.

The proposal to utilize a portion of the New York, New Haven & Hartford Rail-

road bed in the vicinity of Amory street would not be greatly more expensive than the cost of the Dorchester Rapid Transit System undertaken by the city many years ago when I held the office of Mayor, and which resulted in a realty development with revenue nearly sufficient to amortize in a period of years the entire cost of the project, in addition to reducing the traveling time of the individual by one hour from his home in Dorchester, Ashmont, or Milton, as against the old surface line system.

The presence of the elevated structure is a blight in Boston which should no longer be permitted to continue.

Its removal would be conducive to the development of the area along the entire section through which the elevated extends, and with stations established at Jamaica Plain, Forest Hills, Hyde Park, and Dedham, resulting in a development such as rarely has been witnessed in the history of Boston.

It should prove a most wise investment by removing a blight which has retarded the growth and kept our city in swaddling clothes. The City of Boston is entitled to a chance to breathe and expand and become what God and man intended it should, in fact, become what every right-thinking citizen recognizes it should be—a city of beauty in which to live and enjoy contentment and happiness.

I have discussed the blight of Boston which must be removed for the good of the entire people and I would now like to devote a few minutes to "Bilayhei," or what the English soldier referred to during the war as "going back to Blighty."

The most important essential of family life and the welfare of the individual is a decent home in which to live in healthful surroundings and the opportunity for the well-being of the inhabitants. In the matter of the protection of public health Boston has occupied for a long period of years the most enviable position among American cities, namely, first place in public health since 1925. A pioneer in preventative medicine and in the forefront of American cities in medical and surgical work for the conservation of motherhood and childhood, there was established some twenty years ago at the Boston City Hospital a maternity building where in the first twelve months of its operation more than 4,000 babies were born, with the lowest death rate of mothers and babies of any municipal institution of its kind in the world. The institution made it possible for prospective mothers to receive the best surgical and medical care regardless as to whether or not they were able to pay for the same.

HEALTH UNITS.

Through the generosity of George Robert White a series of what is now known as White Fund Health Units were established in Boston. It was my privilege to inaugurate this system of protective work in 1922 and to establish eight of the nine units now in operation. As a part of the program for the current year three additional units have been authorized by the White Fund Trustees, namely, a health unit at Blue Hill avenue, at an estimated cost of \$300,000, a health unit on Dorchester avenue in the Fields Corner section at a cost of \$300,000, and a health unit in Hyde Park at a cost of \$200,000. The completion of these three units will make a total of twelve, in every case located in a congested section of the city where it is vital that the health of the people be safeguarded.

Disease is no respecter of persons or geographical lines, and, unless we safeguard the children and families of those in every section of the city, there is no protection for anyone. It is estimated by competent medical authorities that when these three additional units are in operation a further reduction in mortality will take place in Boston.

In addition to safeguarding the public from disease and illness the White Fund Trustees have given consideration to the protection of the public from polluted water in which to swim in Boston, with the result that this year we are authorizing a bathing beach and swimming pool in East Boston, costing in the vicinity of \$1,000,000. Despite the fact that East Boston is pretty much surrounded by water, the establishment of the airport destroyed the bathing facilities at Wood Island Park, and the location of oil storage along Chelsea Creek so polluted the water there that it is unfit to bathe in, with the result that it was found necessary to make provision for an outdoor swimming pool similar to those found in Florida and elsewhere, in addition to the bathing beach in the vicinity of Orient Heights.

Pollution of water in the Charlesbank has made it necessary in the interest of public health to discontinue bathing there at various times each year for the past half dozen years, and so some \$500,000 has been made available for a start upon a swimming pool, locker buildings, showers, and wading pool for the benefit of the people in the West End of Boston, where it is estimated only one in twelve families can boast of a bathtub in their homes.

Pollution of water has made necessary the restriction of bathing at the North End Park, and the White Fund Trustees have generously made available the sum of \$350,000 for a swimming pool and locker building for the benefit of the people living in this section of old Boston, where bathing facilities in homes represent one bathtub to every ten families.

PLANS FOR CHARLESTOWN.

For the benefit of the people of Charlestown the sum of \$350,000 has been made available for an outdoor swimming pool, a wading pool, showers, and lockers at the Doherty Playground at the top of Bunker Hill street in Charlestown.

A sum of \$400,000 has been made available for a stadium to be located at Franklin Park, where schoolboy games can be held with comfort and convenience in the open air and with accommodations immediately for 10,000, and with a further provision that, if it is desirable to increase the seating capacity, the same can be done to 20,000 or 30,000, and this stadium is to be in operation on or before September first.

With a view to providing recreation for the children of the city and utilizing to the fullest possible extent our outdoor facilities, it is my purpose at the next meeting of the White Fund to advocate the purchase by the White Fund Trustees of the zoo in Franklin Park, since the law provides that the property and title thereto must be vested in the George Robert White Fund Trustees. In the event the committee look with favor upon my plan, it is my purpose to commit the fund to an annual expenditure of \$250,000 for the next half dozen years, so that within that period we may have a zoo equal to any to be found in the country or possibly in the world, which will serve as an incentive for the public to devote more time in God's sunshine and fresh air.

These matters which I have referred to represent steps the city is taking to make "blighty" or "bilayhei" a more inviting place and a more healthful place in which to live.

I have always maintained that the duty of government is to promote the health, welfare, and happiness of the people, and not necessarily the pinching of pennies and the lowering of tax rates at the expense of health and happiness of the people.

HOUSING PLANS.

In the matter of housing the City of Boston has made available 6,740 apartments with all conveniences, either as permanent dwellings or temporary dwellings for veterans and their families. Two of the blights of Boston are represented in the sites for housing at the South End, in the vicinity of Holy Cross Cathedral, and on Broadway, South Boston. In 1942 the Boston Housing Authority, acting for the Federal government, took over these two sites, dispossessed 1,200 families, razed the buildings, and for more than six years they have been a blight upon the city.

Upon Friday of this week bids will be opened for construction of housing in the South End, in the vicinity of Holy Cross Cathedral, and shortly thereafter the housing program for Broadway, South Boston, will be advertised. These two developments so long delayed will provide accommodations for some 1,400 additional families in two sections of the city where modern housing is so desirable.

In the vicinity of Forest Hills it is the purpose of the Housing Authority to erect modern apartments for 150 families, and other sites throughout the city will make provision for 1,500 additional families, or a total of 9,790 apartments for veterans. Under the law recently adopted by the Legislature it is possible that we will be enabled to add 4,000 additional apartments to those already contemplated, or a grand total of 13,790 apartments for veterans and their families.

In the event of the adoption of the Wagner-Taft-Ellender Bill, which makes provision for federal aid for slum clearance, it should be possible to remove many of the unsightly and unhealthy spots which are always found in old cities, and with the abolition of these spots and the elevated railway overhead structure, and a proper regard for the health and happiness of the people of Boston, we can continue as the most healthful and perhaps most attractive city in the entire country.

A gratifying feature of the entire situation is that, despite carping criticism of a destructive character leveled at the Mayor, which is more injurious to the city than to the individual at whom it is leveled, the confidence displayed by successful businessmen invariably reflects their well-considered judgment that the city is going forward, since at the present time more than \$300,000,000 of plans for building construction have been filed with the Building Department of Boston. Some are underway now, some are in process of completion, and it is anticipated that the major portion of this work will be done this year, which should make possible—provided the Legislature does not increase the burdens they are constantly placing on the city—a considerable reduction in the tax rate for 1949.

This is our city. It is clearly our duty to make it healthful and beautiful, so that it may continue to be inviting as the

mecca of America, not only for lovers of historical traditions inseparably associated with the movement for the establishment of the liberty of the individual man, but as a place in which to live in the enjoyment of health and happiness.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

J. Tomasello Corporation, 2 per cent; General Crushed Stone Company, net.

* Contract awarded.

Upon March 25 the Mayor approved a contract in accordance with the request contained in the following letter:

BOSTON, March 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Following is a tabulation of bids received on proposals for furnishing concrete grave liners to the Park Department which were publicly opened and read in this office on March 15, 1948.

It is respectfully requested that permission be granted me to award a contract to the Cambridge Cement Stone Company, Brighton, Mass., the only bidder on Items 1 and 2.

The Central Products Company, Framingham, submitted their bid late, but owing to the fact that the Cambridge Cement Stone Company were unable to bid on Item 3, it is respectfully requested that permission be granted me to award a contract, without further public advertisement, to the Central Products Company for Item 3.

Total amounts of awards are as follows: Cambridge Cement Stone Company, \$3,135; Central Products Company, \$2,720.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Item 1.—Cambridge Cement Stone Company, \$14 each.

Item 2.—Cambridge Cement Stone Company, \$6.70 each.

Total.—Cambridge Cement Stone Company, \$3,135.

Cash Discount, Ten Days.—Cambridge Cement Stone Company, 2 per cent.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows.

SUPPLY DEPARTMENT.

BOSTON, March 29, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On November 14, 1947, a contract was awarded to the White Motor Company for furnishing one WB-26AS White chassis to be equipped as per specifications. Against this purchase, there was an allowance for one 1936 Mack five-ton dump truck of \$350, and an allowance for one 1936 Ford one and one half-ton dump truck of \$100, making a total turn-in value of \$450.

The delivery of the new truck was delayed considerably owing to the fact that completion of same was hindered due to the inability to secure the necessary material. In the interim, the Park Department used the five-ton Mack truck, offered in exchange, in snow removal work, and this resulted in a considerable deterioration of the truck.

Upon delivery of the new truck, the White Motor Company made another appraisal of the Mack truck offered in exchange and found, through this continued hard usage, the value of the turn-in truck had depreciated from \$350 offered originally to \$75.

I have investigated this matter and feel that the amount of \$75 now offered for the old Mack truck is a fair appraisal of its value and for this reason I would respectfully request that permission be granted me to amend the contract so that the amount of exchange for the old five-

ton Mack truck be reduced from \$350 as originally appraised to \$75.

Total difference between original contract and amendment will be \$250.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 30, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I would respectfully request that permission be granted me to award an order to the Addressograph Sales Agency, 569 Boylston street, Boston, for furnishing one Graphotype 6300 machine to the Boston Fire Department, 60 Bristol street, Boston.

This machine is used for cutting various stencils necessary for the Fire Department, and no advantage would be gained from a public advertisement for bids, as the Addressograph Company are the manufacturers of same.

The amount of this order is \$1,129.50 delivered.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, March 30, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to award an order for \$411 to Lalime & Partridge, Inc., which is the difference between 1947 Ford half-ton pickup truck that was badly damaged and new Ford half-ton pickup.

It will be for the best interests of the city to secure a new truck and, in my opinion, no advantage would be gained by publicly advertising.

The figures are as follows: Delivered price, \$1,220.63; less tax, \$39.68 — \$1,180.95; less trade, \$769.95; net, \$411.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

The Atlantic Roofing and Skylight Works have been granted an extension of the time of completion of the contract for roofing and metal work at the Longfellow School, contract approved by the Mayor August 11, 1947. Completion date to be extended to May 1, 1948. This extension is requested for the reason that due to weather conditions during the past winter contract could not be completed.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,029.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, effective Saturday, April 3, 1948, at 7:45 o'clock a. m.

Patrolman Benjamin F. McEachern, Division 1, 26 years of service.

Patrolman Henry A. Foster, Division 6, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,030.

The following excerpt from decision of the Supreme Judicial Court of the Commonwealth of Massachusetts as rendered by Chief Justice Stanley E. Qua under date of April 2, 1948, sustaining the discharge from the Boston Police Department on June 4, 1946, of Thomas D. Sullivan, patrolman, Division 19, on the charge of "conduct unbecoming an officer," is hereby published for the information and guidance of the uniformed force:

"In order to hold the discharge of the petitioner justified it was not necessary that there be evidence warranting findings that the petitioner knew that his two companions, MacEachern and Rollins, or either of them, was a criminal or that either of them had committed a crime on the night in question. Without saying that such findings would not have been warranted, at the very least it must have been apparent to the petitioner that he was being arrested in circumstances calculated to create a strong suspicion not only of knowledge of what his companions had done but even of guilt on his own part. Conduct becoming an officer demanded that he should instantly disassociate himself from his companions and clearly align himself on the side of law and order. This he conspicuously failed to do. He waited until the blackjack was actually discovered in his clothing before even mentioning that he was a police officer. At the station, when charged with not having made a full disclosure of all he knew about the wallets, his answer was merely that he did not want to be a stool pigeon. The point need not be labored. The evidence was plainly sufficient to justify his discharge from the police force."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,031.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered, effective Tuesday, April 6, 1948, at 7:45 o'clock a. m.:

Patrolman Joseph P. Connolly, to Division 1.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC SIGNALS AT EDWARD EVERETT SQUARE.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1948.
To the City Council.
Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of February 9, 1948, concerning the installation of traffic signals at Edward Everett square.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, March 18, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In reply to the Council order submitted by Councilor Linehan, dated February 9, 1948, please be advised that this Commission is giving consideration to the installation of traffic signals at Edward Everett square.

The engineers do not believe that Andrew square could be sufficiently controlled by traffic signals.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

Placed on file.

CONSTRUCTION OF SAFETY ISLANDS.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1948.
To the City Council.
Gentlemen,—I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order dated February 2, 1948, concerning the construction of safety islands at all stops along the Eggleston Square-Mattapan line for the protection of street car commuters.

Respectfully,
JAMES M. CURLEY, Mayor.

Metropolitan Transit Authority.
March 18, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.
Dear Mr. Connors,—The request by letter of February 4, 1948, in regard to the construction of safety islands at all stops along the Eggleston Square-Mattapan line has been studied and the cost involved would be \$870,100. The Board of Trustees of the

Authority do not believe that such a heavy expenditure is justified at the present time.
Very truly yours,

EDWARD DANA,
General Manager.

CLEANING OF STREETS, ALLEYS, ETC., BY FIRE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1948.
To the City Council.
Gentlemen,—I beg to submit herewith report of the Fire Commissioner with reference to an order submitted by your Honorable Body by Councilman Yerxa.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, March 25, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of a City Council order requesting that his Honor the Mayor direct the Public Works Commissioner, the Park Commissioner, the Fire Commissioner and the Real Estate Commissioners to take immediate steps to clean the streets and alleys and sidewalks under their jurisdiction and to order those whose responsibility it is to clean other alleys and private ways.

I am well aware of the unclean condition of the city streets and alleys, particularly in some areas where the accumulation of garbage and rubbish is a distinct menace to public health.

However, I do not think it would be practical for the Fire Department to attempt to undertake the task of cleaning streets and alleys. The department lacks the proper equipment to do this kind of work. Also, present limited manpower would be further reduced by taking men out of the fire stations thereby reducing our working personnel to a dangerously low level.

It seems to me that the matter of keeping the streets clean is properly within and under the jurisdiction of the Public Works Department.

Respectfully yours,
RUSSELL S. CODMAN, JR.
Fire Commissioner.

REPLACING OF ALSEN PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1948.
To the City Council.
Gentlemen,—I transmit herewith communication from the Chairman of the Park Department relative to your order dated March 8, 1948, concerning the advisability of taking land adjacent to Victory road for playground purposes, to replace the Alsen Playground which was taken over for veterans' housing, leaving no facilities for the youth of the neighborhood.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 22, 1948.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosure, City Council order, dated March 8, 1948, requesting the Park Commission to look into the advisability of taking land adjacent to Victory road for playground purposes, to replace the Alsen Playground which was taken over for veterans' housing, leaving no facilities for the youth of the neighborhood, I wish to report as follows:

The Alsen Playground on Victory road was taken over as a temporary veterans' housing development in 1946. It is being utilized for such purposes, except the small area on the easterly side of the playground. The housing development was supposed to be for a period of approximately five years. It has brought many hundreds of additional families, with children, to the district. This district now is probably not fully covered with playground facilities.

The nearest all-purpose playground is the Gibson Playground at Dorchester and Geneva avenues, which is four tenths of a mile away. It can be reached only by crossing two heavily traveled highways. The area that could be developed for younger children is located on Everett and Elm streets, one quarter of a mile distant.

There is an area on the opposite side of Victory road, privately owned, and containing about three acres, that has possibilities of developing into a medium-size playground.

Even this area is not wide enough for a regulation ball game. The land would have to be bought, although the assessed valuation is low. The area would have to be drained, filled, graded, surfaced and fenced. To do all this would require a considerable expenditure of money for development. Considering that the housing development on the present playground is only temporary, the condition of the finances at the present time would make it warrant serious consideration.

I do feel, however, that consideration should be given by the housing development of the development of a young children's playground within its present leased area on the easterly side adjacent to Victory road. Any addition to the playground facilities in the district on adjacent land would mean that when the temporary housing development is abandoned, the city would have two fair-size playgrounds adjacent, with a street in between them.

Very truly yours,
JOHN J. MURPHY, Chairman.

PLAYGROUND FACILITIES AT FRANKLIN PARK.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Park Department relative to your order of March 22, 1948, concerning the establishment of playground facilities at Franklin Park for the use of children in compensation for the loss of such facilities due to the erection of the stadium in said area.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 26, 1948.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosure, City Council order requesting that the Park Commission, through his Honor the Mayor, arrange for the establishment of playground facilities at Franklin Park for the use of children in compensation for the loss of such facilities due to the erection of the stadium in said area, I wish to report as follows:

A portion of the Playstead area in Franklin Park is to be used for a schoolboy stadium. The balance of the area, totaling about ten acres, last year was used as a public vegetable garden.

We are now faced with the problem of the return of those recreation areas for children which were used for vegetable gardens last year.

I favor, first, the youngsters, but I appreciate, too, that there is a demand by the farmers for gardening. I would appreciate hearing from Councilor Tracy and the other City Councilors whose wards border on Franklin Park, what the sentiment is of the people in these wards.

Very truly yours,
JOHN J. MURPHY, Chairman.

EXCHANGE OF LAND IN REAR OF MAPES STREET.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Park Department relative to the exchange of land in the rear of Mapes street, Dorchester, for the purpose of straightening the boundary line between the Alsen Playground, Dorchester, and the rear of the property of Israel Garmon, 9 Lester street, Dorchester.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 26, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In 1934 this department agreed with Israel Garmon of 9 Lester street, Dorchester, to make an exchange of land in the rear of Mapes street for the purpose of straightening the boundary line between the Alsen Playground, Dorchester, and the rear of his property.

Under the agreement, Mr. Garmon would deed to the City of Boston approximately 12,772 square feet, and the city would deed to Mr. Garmon 11,236 square feet. The parcels of land to be exchanged are adjacent, are of the same value and all rear land with no frontage on any street.

I now find that this exchange of land was never consummated. The owner of record today is Edith Garmon, who is a relative of Mr. Garmon.

At the present time the Alsen Playground is used and occupied by the Housing Authority for temporary houses for veterans. Fences have been erected by the Housing Authority along the northerly boundary line of what everybody thought was the newly established line. Certain other structures of the Authority may be on land within the area of the 1934 exchange that was not finally carried out.

I have now agreed with Mr. Garmon, for Edith Garmon, to make this exchange of land in the proper legal way so that the northerly line will be a straight line and the 1934 agreed line will be made legal. I feel that it is very important that this be done at once.

I would recommend that the necessary papers be submitted to the City Council for its approval and for your approval to make this transaction legal.

I enclose four copies of an order prepared by the Law Department, whereby the City Council and you may authorize a mutual exchange of land.

Respectfully yours,
JOHN J. MURPHY, Chairman.

Whereas, The City of Boston owns in fee approximately 450,848 square feet of land situated between Victory road and Park street in the Dorchester district; and

Whereas, This parcel of land is in the control of the Park Department for playground purposes; and

Whereas, Edith Garmon owns certain properties situate on Mapes street, Dorchester district, adjacent to the city's playground; and

Whereas, The property division line between said city property and said Garmon property is highly irregular; and

Whereas, The Board of Park Commissioners and Edith Garmon mutually agree that the said property line should be straightened and that the following-described parcels of property should be exchanged; now therefore it is hereby

Ordered, That the Board of Park Commissioners with the approval of his Honor the Mayor of the City of Boston be, and they hereby are, authorized in the name and behalf of the City of Boston to grant to Edith Garmon, her heirs and assigns by an instrument in writing satisfactory in form to the Law Department of the City of Boston all the City of Boston's right, title and interest in and to parcels "A" and "C" hereinafter described in consideration of Edith Garmon granting to the City of Boston by an instrument in writing satisfactory in form to the Law Department of the City of Boston all Edith Garmon's right, title and interest in and to parcel "B" hereinafter described; and it is hereby further

Ordered, That the parcel of land ("B") to be granted to the City of Boston by Edith Garmon shall upon delivery to the City of Boston be placed in the charge and control of the Park Department for playground purposes.

The above-referred-to parcels of land are bounded and described as follows:

Parcel "A."

Beginning at a point forty-three and 75-100 (43.75) feet distant from the southeasterly side line of Park street and opposite to Clayton street; thence running northeasterly thirty-three and 91-100 (33.91) feet; thence turning and running southeasterly by five measurements, one hundred one and 52-100 (101.52) feet, thirty-nine and 48-100 (39.48) feet, one hundred twenty-three and 23-100 (123.23) feet, seventy-six and 57-100 (76.57) feet, and six and 05-100 (6.05) feet; thence turning and running northwesterly three hundred twenty-one and 92-100 (321.92) feet to the point of beginning, containing eight thousand four hundred thirty-six (8,436) square feet of land, more or less.

Parcel "B."

Beginning at a point three hundred sixty-five and 67-100 (365.67) feet distant from the southeasterly side line of Park street and opposite to Clayton street; thence running southeasterly one hundred ninety and 54-100 (190.54) feet; thence turning and running southwesterly by three measurements, ten (10.00) feet, forty-seven and 12-100 (47.12) feet, and forty-six and 91-100 (46.91) feet;

thence turning and running northwesterly ninety-three and 81-100 (93.81) feet; thence turning and running northerly by two measurements, thirty-three and 74-100 (33.74) feet, and seventy-two and 45-100 (72.45) feet to the point of beginning, containing twelve thousand seven hundred seventy-two (12,772) square feet of land, more or less.

Parcel "C."

Beginning at a point five hundred fifty-six and 21-100 (556.21) feet distant from the southeasterly side line of Park street opposite Clayton street; thence running northeasterly forty (40.00) feet; thence turning and running southeasterly seventy (70.00) feet; thence turning and running southwesterly forty (40.00) feet; thence turning and running northwesterly seventy (70.00) feet to the point of beginning, containing two thousand eight hundred (2,800) square feet of land, more or less.

The above-described parcels of land "A," "B," and "C" and all of said measurements are shown on a plan marked "City of Boston, Mapes Street, Dorchester, March 22, 1948, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original of said plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Massachusetts.

TRANSFER OF LAND IN DOHERTY PLAYGROUND TO WHITE FUND.

The following was received:

City of Boston,
Office of the Mayor, March 24, 1948.
To the Honorable City Council.

Gentlemen,—I transmit herewith an order for the transfer of approximately 1.50 acres of land within Ensign John J. Doherty Jr. Playground, Charlestown Heights, to the City of Boston-George Robert White Fund. Accompanying this order are communications from the Manager of the George Robert White Fund and the Chairman of the Board of Park Commissioners relative to the transfer of this land.

The Trustees of the City of Boston-George Robert White Fund have voted to establish in this location at a cost of approximately \$350,000-\$400,000 a work of public utility and beauty consisting of a swimming pool, bath house and bleachers.

Charlestown is bordered on three sides by water, Boston Harbor, Charles River and the Mystic River. Yet, the inhabitants have not a single public beach upon which to bathe. The waters bounding Charlestown are for the most part devoted to commercial and industrial uses and have become polluted and thereby unsafe and dangerous to the health of persons bathing therein. Dewey Beach adjacent to the Doherty Playground and lying between Medford street and the Mystic River, the last of the public bathing beaches in Charlestown has been closed by order of the Board of Health.

I recommend consideration and passage of the enclosed order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
George Robert White Fund,
March 22, 1948.

To the Honorable Mayor and City Council.
Gentlemen,—The City of Boston-George Robert White Fund acting by and through the Trustees designated in the fourteenth clause of the will of George Robert White and having the control and management of said fund on March 18, 1948, passed the following vote:

Voted, That for the purpose of the establishment of a swimming pool, bath house and bleachers by the City of Boston-George Robert White Fund the Trustees have selected a site containing one and one-half (1½) acres of land situated in the Doherty Heights Playground, bounded by Bunker Hill street, St. Martin street and Medford street, Charlestown.

The City of Boston-George Robert White Fund requests that the City of Boston transfer said land to the City of Boston-George Robert White Fund.

The City of Boston-George Robert White Fund offers to the City of Boston the sum of nineteen thousand five hundred (19,500) dollars as the fair cash value of said land.

The Manager of the City of Boston-George Robert White Fund is directed to communicate this request and offer to the Mayor and City Council and to the Board of Park Commissioners of the City of Boston.

Very truly yours,
JAMES J. MCCARTHY, Manager.

City of Boston,
Park Department, March 23, 1948.
To the Honorable Mayor and City Council.

Gentlemen,—The Board of Park Commissioners of the City of Boston have been informed that the Trustees of the City of Boston-George Robert White Fund at a meeting held on Thursday, March 18, 1948, have selected as a site for the establishment of a project consisting of a swimming pool, bleachers and bath house a parcel of land containing approximately 1.50 acres, being a part of the Ensign John J. Doherty Jr. Playground, Bunker Hill and Medford streets, Charlestown Heights. The Trustees of the City of Boston-George Robert White Fund request that this area of land be transferred to the George Robert White Fund and have offered to the City of Boston the sum of \$19,500 as the fair cash value of said land.

The Board of Park Commissioners of the City of Boston on March 23, 1948, voted that this Board recommends that the request and offer of the City of Boston-George Robert White Fund be accepted and further recommends that the selected area of land be transferred to the City of Boston-George Robert White Fund for the sum of \$19,500, the fair cash value thereof.

Very truly yours,
Board of Park Commissioners,
JOHN J. MURPHY, Chairman.

Whereas, The City of Boston owns in fee a public park and playground known as the Ensign John J. Doherty Jr. Playground situated on Bunker Hill and Medford streets, Charlestown Heights, containing approximately 6.10 acres; and

Whereas, The City of Boston-George Robert White Fund has selected within the Ensign John J. Doherty Jr. Playground an area of approximately 1.50 acres of land as a site for the establishment of a project consisting of a swimming pool, bath house and bleachers by the George Robert White Fund and has requested that the said parcel of land be transferred by the City of Boston to the City of Boston-George Robert White Fund and offered to the City of Boston the sum of \$19,500 as the fair cash value of said land; and

Whereas, The Board of Park Commissioners of the City of Boston recommends that the request and offer of the City of Boston-George Robert White Fund be accepted and that the selected parcel of land be transferred to the City of Boston-George Robert White Fund for the sum of \$19,500, the fair cash value of said land; now therefore it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to transfer to the City of Boston-George Robert White Fund by an instrument in writing satisfactory in form to the Law Department of the City of Boston a parcel of land within Ensign John J. Doherty Jr. Playground, Charlestown Heights, containing approximately 1.50 acres for the purpose of the establishment of a project consisting of a swimming pool, bath house and bleachers on said land by the George Robert White Fund and upon the consideration of the payment to the City of Boston by the George Robert White Fund of the sum of \$19,500, the fair cash value of said land. The parcel of land to be transferred is shown on a plan marked "Land in Ensign John J. Doherty Jr. Playground belonging to City of Boston, Park Department." "City of Boston, Bunker Hill Street, Medford Street, Charlestown, March 22, 1948, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original of said plan is on file in the office of the Street Laying-Out Department, City Hall, Boston.

ADDITIONAL APPROPRIATION FOR SNOW REMOVAL.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1948.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Commissioner of Public Works requesting an additional appropriation of \$500,000 for snow removal necessary because of unprecedented conditions in which existed during the past winter. In compliance with this request there is forwarded herewith an order appropriating the sum of \$500,000 for snow removal.

Immediate consideration and adoption of this order by your Honorable Body is recommended.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 26, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Because of the unprecedented conditions which existed during the past winter, the expenditures, on account of snow removal, have exceeded the amount of money which was made available for the purpose.

It is necessary at this time to ask for an additional appropriation, and with that in mind, I respectfully request that your Honor submit to the City Council an order for appropriating an additional sum of \$500,000 for snow removal.

I feel that this amount will be sufficient to cover our current needs.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That the sum of five hundred thousand dollars (\$500,000) be, and the same hereby is, appropriated for snow removal, said sum to be raised by taxes on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for. Referred to the Committee on Appropriations.

TRANSFER OF \$1,000 TO SUPREME JUDICIAL COURT,

The following was received:

City of Boston,
Office of the Mayor, March 29, 1948.
To the City Council.
Gentlemen,—There is forwarded herewith an order transferring the sum of \$1,000 from the County of Suffolk Contingent Fund to the budget of the Supreme Judicial Court, in order that a bill for the services of a Master assigned by the court may be paid. It is practically impossible to estimate the amount necessary for payments of this nature when submitting the budget, because of the uncertainty of the number of cases which may be assigned for hearings before masters. Consideration and adoption of the above-mentioned order, by your Honorable Body is recommended.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:
From the appropriation for County of Suffolk, Contingent Fund, \$1,000, to the appropriation for Supreme Judicial Court, B-35, Fees, Service of Venires, etc. \$1,000.
Referred to the Executive Committee.

TRANSFER FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1948.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$38,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1948 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$170,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$38,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 26, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$38,000, which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of..... \$38,000

When making up the budget estimates for the year 1948, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1948, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
JOHN J. MURPHY, Chairman.

Ordered, That the sum of \$38,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of..... \$38,000

Referred to the Committee on Parkman Fund.

LOCATION OF BUILDINGS OVER SEWER.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1948.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Commissioner of Public Works regarding application for permission to locate buildings over a City of Boston sewer in private lands between Ashby street and Granby street, in the Back Bay, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 26, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Boston University, through its President, Dr. Daniel L. Marsh, has made an application for permission to locate buildings over a City of Boston sewer in private lands between Ashby street and Granby street, in the Back Bay.

As far as this department is concerned, there are no objections to the city's complying with this request. I have been informed by the Corporation Counsel that it will be necessary for the City Council to pass an order authorizing your Honor to execute an instrument of license.

The Law Department has prepared an order, for submission to the City Council, and I enclose four copies of this order, with the suggestion that your Honor present it to the City Council for appropriate action.

In connection with this matter, I also enclose a letter of request from Doctor Marsh, addressed to me, under date of March 6, 1948, and letter which Doctor Marsh wrote to your Honor, under the same date; also a letter from Attorney Kathryn Keene, addressed to your Honor, under date of March 11, 1948.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Whereas, By a written instrument dated April 17, 1900, the River Bank Improvement Company granted to the City of Boston all its right, title and interest in and to a certain sewer located in private lands on Bay State road and Commonwealth avenue and running from Ashby street to Granby street; and

Whereas, The Trustees of Boston University, a corporation organized under the laws of the Commonwealth of Massachusetts is the owner of said private lands subject to the aforesaid sewer easement and is desirous of erecting and maintaining buildings over said sewer; now therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, in consideration of one dollar to be paid to the City of Boston by the Trustees of Boston University, to execute and deliver to the Trustees of Boston University an instrument of license, in form satisfactory to the Law Department of the City of Boston, whereby the Trustees of Boston University are authorized to erect and maintain a building or buildings over said sewer in accordance with plans approved as to location and construction of any building or buildings by the Commissioner of Public Works of the City of Boston, and wherein the City of Boston reserves the right to enter upon the said building or buildings at all times for the purpose of maintaining, operating, repairing and reconstructing said sewer or any other municipal structure therein.

Referred to the Committee on Public Lands.

Passed under suspension of the rules.

ESTABLISHMENT OF PLAYGROUND IN WARD 17 BY WHITE FUND.

Coun. KEENAN offered the following:

Ordered, That the Trustees of the George Robert White Fund be requested, through his Honor the Mayor, to use \$40,000 from the income of the George Robert White Fund or some other source for the establishment of a playground at the corner of Gallivan Boulevard and Washington street, Ward 17, on land owned by the City of Boston.

Passed under suspension of the rules.

OPPOSITION TO BIRTH CONTROL BILL.

Coun. KEENAN offered the following:

Resolved, That the City Council of the City of Boston, in meeting assembled, hereby expresses its strong opposition to the passage by the Massachusetts Legislature of the so-

called birth control bill, or any similar bill which is in violation of the supreme supernatural law.

Referred to the Committee on Legislative Matters.

APPROPRIATION FOR CONSTRUCTION OF SIDEWALKS.

Coun. BEADES, KEENAN and BRYAN offered the following:

Ordered, That under the authority of chapter 44 of the General Laws, section 7, Appendix 5, his Honor the Mayor be requested to appropriate \$150,000 for the construction of granolithic sidewalks on streets which already have a macadamized surface and on which no provision has been made for sidewalks.

Passed under suspension of the rules.

REPLACEMENT OF GAS LAMPS IN WARD 16.

Coun. BEADES offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to immediately instruct the Street Lighting Division to replace all gas lamps in the Ward 16 section of Dorchester which were knocked down, as a result of which many streets have been without proper lighting facilities, which condition can be directly blamed for the increase in crime in this particular section.

Passed under suspension of the rules.

FELICITATIONS TO POSTMASTER CONNELLY.

Coun. ANSEL and RAMSEY offered the following:

Resolved, That the Boston City Council, in meeting assembled, hereby extends its hearty felicitations to Hon. Patrick J. Connelly, Postmaster of Boston, upon his coming retirement from the Federal postal service, and whose zealous efforts and human qualities were ably exhibited as Postmaster of Boston; and be it further

Resolved, That the Boston City Council wishes him continued health and happiness which he so richly deserves.

The resolutions were unanimously adopted.

OPPOSITION TO PAYMENT BY CITY OF COST OF FINANCE COMMISSION INVESTIGATION.

Coun. ANSEL and BEADES offered the following:

Ordered, That the Boston City Council hereby urges the members of the Massachusetts General Court to defeat any attempt to saddle the taxpayers of Boston with the proposed cost of \$150,000 for the investigation of the City of Boston by the Boston Finance Commission; and if a bill for such an investigation is to be passed by the Legislature the cost of same should be borne by the Commonwealth of Massachusetts.

Ordered, That the Park Commission be requested through his Honor the Mayor to es-

tabish playground facilities at Franklin Park for children and to discontinue garden plots for this purpose, if necessary.

Passed under suspension of the rules.

REPAIR OF HEAD HOUSE PIER THROUGH PARKMAN FUND INCOME.

Coun. LINEHAN and WENZLER offered the following:

Whereas, The South Boston Head House Pier as part of Marine Park has been in a deplorable condition for the past seven years, due to the fact that it has broken down in two different places and is now in unsafe condition for use by the public; and

Whereas, Said Head House Pier has been used for many years by thousands of citizens of the City of Boston; and

Whereas, The Head House Pier is an eyesore to all the people that view it in its present broken-down condition, and it is a sad commentary on our city government that such a condition continues to exist; and

Whereas, The so-called George F. Parkman Fund income, which averages about \$200,000 per year, can be used for the purpose of repairing said Head House Pier because it is part of Marine Park which was in existence at the time of the creation of the fund which was created for the purpose of maintaining City of Boston Parks in Existence as of January 12, 1887; therefore be it

Ordered, That his Honor the Mayor request the Park Commissioner who has plans already made for the reconstruction of said Head House Pier to immediately advertise for bids for the reconstruction of the said Head House Pier and the same be paid for out of the income of the George F. Parkman Fund.

Passed under suspension of the rules.

BOSTON'S HARBOR FREEST OF POLLUTION AND HEALTH MENACE OF ANY LARGE CITY ON ATLANTIC SEABOARD—FACTS DISCLOSED AT RECENT ANNUAL MEETING OF AMERICAN SOCIETY OF CIVIL ENGINEERS IN NEW YORK—CREDIT ACCORDED CITY BY NEW YORK'S DIRECTOR OF THE DIVISION OF ENGINEERING AND ARCHITECTURE, DEPARTMENT OF PUBLIC WORKS—ANALYSIS OF TIDAL FLOWS AND POLLUTION LOADS IN FAVOR OF NEW ENGLAND'S LEADING PORT—BROAD EXPANSE OF SALT WATER CLOSE TO SHORE AND FRESH WATERSHED HELP TO MINIMIZE DANGERS.

PUBLIC CELEBRATIONS DIRECTOR AND STAFF PLAN FOR ELABORATE OBSERVANCE OF PATRIOTS' DAY ON APRIL 19—SHORT PARADE FROM CITY HALL FLAG RAISING TO NORTH SQUARE EXERCISES FEATURE.

The Public Celebrations Department announces that the City of Boston will observe Patriots' Day on Monday, the 19th of April, 1948.

Ceremonies will start at 9 a. m. in front of the City Hall, when the National Flag will be raised by his Honor, Mayor James M. Curley. The City of Boston Flag will be raised by Mr. Henry F. Brennan, Acting Director of Public Celebrations.

Immediately following the flag raising, a parade, composed of units from the Army, Navy, Marine Corps, Coast Guard, State Guard, First Corps Cadets, and various veterans organizations will start from School street onto Province street, and then right onto Bromfield street, to Tremont street, to Granary Burying Grounds, where memorial honors to Revolutionary leaders will be conducted. The Mayor will place a wreath upon the grave of Paul Revere.

Following this short halt the parade will proceed down Tremont street to King's Chapel Burying Ground, where Mayor Curley will place a wreath upon the grave of William Dawes, Jr.

The parade will then resume march, continuing down Tremont street, across Scollay square, to right on Hanover street, to right on Fleet street, to right on North street, to North square, North End.

On arrival at North square, North End, at 10 a. m., patriotic exercises will be held. The 32nd annual re-enactment of the "Ride of Paul Revere" will start from in front of the Paul Revere House. Mayor Curley will be one of the principal speakers. Sergt. Thomas M. McGann will impersonate Paul Revere and will be escorted by a detail from the National Lancers.

Maj. Henry J. Hurley will start the ride of William Dawes, Jr., at the same time from John Eliot square in Roxbury.

Appropriate ceremonies will be held by town officials along the routes of both riders.

Among the large cities on the Atlantic seaboard Boston is the best favored of all in the matter of freedom from harbor pollution and the one presenting the least danger to health and convenience. This was made manifest in a port analysis of tidal flows and pollution loads as presented before the American Society of Civil Engineers at their annual meeting held in New York recently. The analysis was presented to the meeting by Richard Gould, Director of the Division of Engineering and Architecture, New York City Department of Public Works. His discussion and findings as reported in the March issue of the *American City* reads as follows:

There are six factors that must be studied when analyzing tidal flows and the pollution loads they can carry. The factors were outlined by Richard Gould, Director of the Division of Engineering and Architecture, New York City Department of Public Works, before the annual meeting of the American Society of Civil Engineers held recently in New York.

The first factor is the *volume* of fresh water and tidal water available to disperse the products of decomposition.

The second factor is the *percentage* of sea water available to coagulate and settle colloidal matter and bacteria.

The third factor is the *surface area* available for oxygen absorption.

Fourth mentioned is the *temperature* of the water.

Fifth is the *displacement time* and consequent *oxygen demand*.

Sixth is the *nature* and *use* of the waterways.

PROXIMITY TO OCEAN.

Of the various harbor areas, the one whose problems are the lightest is Boston. The harbor lies only 2.5 miles from a broad expanse of the Atlantic Ocean. The fresh-water dilution comes from a relatively small, 600-square-mile watershed. The temperature of the water is low, minimizing pollution difficulties.

New York Harbor is in a more critical position. Although it receives runoff from 14,000 square miles and its tidal flows are extensive, polluting material remains in the harbor a long time. Even though salt water backs up the Hudson River for a distance of 60 miles, it constitutes only 50 per cent of the water in the mid-Manhattan area.

Philadelphia's problems are different. It receives water from a 13,000-square-mile watershed, and its tidal flows are relatively small. Salt water intrudes to a much lesser degree than is the case in Manhattan.

MAYOR CURLEY RESERVES RIGHT TO VOTE IN DEMOCRATIC CONVENTION FOR MAN BEST QUALIFIED TO LEAD PARTY TO SUCCESS AND COUNTRY TO PEACE.

On April 8 Mayor Curley issued the following statement:

I have advocated the election of Douglas MacArthur for President of the United States, believing that he was best able to cope not only with our national but with the international situation.

My judgment was based upon his accomplishments in Japan where, without the shedding of a drop of blood, he adjusted the affairs of Japan and demonstrated that character of judgment and courage which is vital at the present hour in dealing with the national and international question. The Republicans of Wisconsin have spoken in caucus and have rejected his candidacy.

I still adhere to the belief that General MacArthur would prove the best man for the presidency in this critical hour in the life of the world.

I shall attend the Democratic Convention in July, and, since the delegation is not pledged to any individual, I shall exercise my right as a delegate to vote for the candidate that in my judgment is best able to cope with the critical situation confronting America and the world at that time.

Like millions of other persons not only in America but throughout the world, I sincerely believe that permanent world peace is more important than the success of any political party, and my support of General MacArthur was based on the belief that he was best able to make world peace possible, which would mean a surcease from sorrow, fear, and tears upon the part of the mothers of the world.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR CALLS FOR ADDITIONAL FUNDS FOR STREET REPAIR WORK.

On April 12 Mayor Curley addressed the following communication to the City Council:

To the City Council.

GENTLEMEN,—The Public Works Commissioner informs me that as a result of one of the severest winters in the history of the City of Boston practically all of the streets of the city are in need of repairs, ranging from the filling of minor holes to major reconstruction work. In order that this repair work may be constructed with as little delay as possible, it is estimated that an additional appropriation of \$200,000 will be needed for the reconstruction of streets.

The constant sanding of icy pavements, together with the regular debris left over from the melting snow, makes necessary an additional appropriation of \$100,000 for the proper cleaning of the streets of the city.

Accordingly, there is forwarded herewith for consideration and adoption by your Honorable Body an order appropriating the sum of \$300,000 for the repair and cleaning of the streets of the city.

Respectfully,

JAMES M. CURLEY, Mayor.

Certificate of Merit.

THE HONORABLE JAMES MICHAEL CURLEY, FOR HIS MERITORIOUS CONTRIBUTION TOWARD THE WELFARE OF THE AFFLICTED AND OPPRESSED JEWS OF EUROPE AND FOR HIS GENUINE EFFORTS AS GOVERNOR OF THE COMMONWEALTH OF MASSACHUSETTS AND AS MAYOR OF THE CITY OF BOSTON TOWARD THE REDEDICATION OF THE NATIONAL JEWISH HOMELAND IN PALESTINE.

ABRAHAM L. SPINTZ,

March 25, 1948: Cochairman.

MAYOR THANKED FOR COURTESIES SHOWN DISTINGUISHED VISITORS.

His Honor the Mayor has received the following communications:

DEAR MR. MAYOR,—I am sure that the Mayor of Johannesburg would wish me to express the sincere appreciation of himself and the Johannesburg City Council for your kindness in arranging for Mr. William O'Hare, your City's Commissioner for Welfare, to show me the valuable work of the Boston Welfare Department.

Mr. O'Hare introduced me to the senior members of his staff and gave me a very considerable amount of time himself in explaining in detail the city's social work. It was most useful to me to get such a good understanding of the work undertaken by your city from such an able administrator as Mr. O'Hare, and I would like to express my own as well as my city's appreciation to you, Mr. Mayor, for the many kindnesses and the great assistance which Mr. O'Hare rendered to me during the few days that I was privileged to be in your city. I would also like to say that

after studying the city's work in some detail, I was impressed with the efficiency with which the whole administration operates.

I should be most grateful if you, Mr. Mayor, would kindly convey to Mr. O'Hare the sincere thanks of my wife and myself for making our stay in Boston so profitable and so pleasant.

Yours sincerely,

DAVID N. MURRAY.

From Dutch Union of Municipalities:

DEAR SIR,—The delegation of the Union of Dutch Municipalities, which recently paid a visit to the U. S. A., begs to thank you in this way for the cordial welcome that we received in your city and for your generous hospitality.

We have greatly appreciated your reception.

Yours sincerely,

N. ARKEMA,

Union of Dutch Municipalities.

For DeValera reception:

YOUR HONOR,—The committee on arrangements for the DeValera reception to Boston wishes to thank you for your kind cooperation during Mr. DeValera's visit here.

We also wish to express our gratitude for your attendance at the dinner on Saturday evening and your presence at the public reception at Boston Garden on Sunday, as well as the warm greeting you extended to him at City Hall.

Sincerely yours,

EUGENE SHEEHAN,

JOSEPH B. GANNON,

MICHAEL T. KELLEHER.

CENTRE STREET SECTION MADE ONE-WAY TRAFFIC ROUTE DURING RAIL REPAIRS.

The following letter was on April 8 received by his Honor the Mayor from Leo F. Curley, Traffic Commissioner, City of Boston:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Metropolitan Transit Authority is renewing street car rails in Centre street, Jamaica Plain, between South Huntington avenue and Green street.

To expedite the movement of traffic in Centre street it is necessary to make Centre street one way from South Huntington avenue to Green street, for an estimated period of three (3) weeks, effective April 8, 1948. Street cars will have to be operated on one track during this period, and there will not be sufficient roadway space available to operate traffic in two directions.

Respectfully,

LEO F. CURLEY,
Traffic Commissioner.

BOSTON'S HARBOR FREEST OF POLLUTION AND HEALTH MENACE.

LOWER COAST CITIES.

Chesapeake Bay presents a unique problem. Its water expanse is 190 miles long and its watershed covers a 27,400-square-mile area at the upper end, and the bay is fed by other rivers, so that

altogether some 80,000 square miles contribute to the runoff.

Baltimore lies in the Chesapeake Bay area. However, it is 160 miles from the ocean, where the tidal range is only one foot. Sewage effluent remains in a land-locked bay for a long period before it reaches major diluting water. The city must exercise care when analyzing the local pollution effects, particularly in respect to secondary growths.

New York City's objective in sewage treatment is to remove enough polluted material so that the receiving waters are not offensive to sight or smell and designated areas may be safe for bathing. New York City, Mr. Gould stated, is affected for the most part only by the filth originating in the metropolitan area, of which the city is the most important factor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

C. Russo, Inc., has been granted an extension of the time of completion of the contract for the building of sewerage works in Keystone street, West Roxbury, from December 30, 1947, to May 22, 1948, a period of 144 days. This extension is requested for the reason that inclement weather prevented prosecution of the work.

Rossano Construction Company, Inc., has been granted an extension of the time of completion of the contract for alteration of canopy on the Summer street entrance of South Station from March 15, 1948, to April 15, 1948. This extension is requested for the reason that the Rossano Construction Company, Inc., was unable to work more than three or four days a week, due to severe weather conditions, since work was started on the above contract.

West End Iron Works has been granted an extension of the time of completion of the contract for building the Old Colony Avenue stairway to April 20, 1948. This extension is requested for the reason that the contractor was delayed through an error in the casting of post rails.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

To enter the building or other structure, or the abutting land or buildings, at 9 Causeway street, Ward 3, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 119 West Ninth street, Ward 7, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 67 Quincy street, Ward 12, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 30, 1946, as amended, determining damages caused by the making of the public improvement consisting of the extension of Milton avenue, be, and the same hereby is, amended, by adding to said order the amount \$55, as an award to William J. Dunn and Helen J. Dunn, husband and wife as tenants by the entirety; that the amount \$55 be, and the same hereby is, awarded to William J. Dunn and Helen J. Dunn, husband and wife as tenants by the entirety, for the damages so sustained.

POLICE DEPARTMENT ORDERS.

General Order No. 1,932.

Patrolman Louis F. Pucillo of Division 4 is hereby commended for meritorious duty performed on April 5, 1948.

Patrolman Pucillo, while off duty in civilian dress en route to his home, and when at the corner of Fleet and Commercial streets, had his attention attracted by the sound of breaking glass and a burglar alarm. Upon investigating, he observed a man emerging from the Red Lantern Cafe, at the corner of Fleet and Commercial streets.

The man ran up Fleet street, pursued by Patrolman Pucillo who repeatedly ordered him to halt. The fleeing man then placed his hand in his left pocket which prompted Patrolman Pucillo to discharge his service revolver twice, one of the bullets striking the man who fell to the ground. He was removed to the City Hospital and found to be suffering from a wounded arm.

The victim has a long record of breaking and entering and larceny charges, having served time in various institutions.

The commissioner is pleased to recognize and commend Patrolman Pucillo for his alertness and devotion to duty exemplified on this occasion, and further directs that he be given two days' additional vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,933.

The resignation of Patrolman James A. J. Doyle of Division 11 having been presented, it is hereby accepted, to take effect Saturday, April 10, 1948, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,934.

In accordance with chapter 181, Acts of 1948, the following amendment to rules and regulations of department, effective March 31, 1948, is hereby ordered:

In Rule 70, under heading "Sale of Second-Hand Motor Vehicles," upon page 269, strike out the following:

Class 1. Agent's or Seller's License, \$150;

Class 2. Used Car Dealer's License, \$250;

Class 3. Motor Vehicle Junk License, \$100;

and insert in place thereof the following: "The annual fee for the licenses described shall be fifty dollars."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,935.

The resignation of Patrolman Leonard V. Avery of Crime Prevention Bureau having been presented, it is hereby ac-

cepted to take effect Thursday, April 15, 1948, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,036.

I am pleased to publish for the information of the department the following letter, received today:

"Eamon DeValera Reception Committee,
Copley-Plaza Hotel,
Boston, April 10, 1948.

COL. THOMAS F. SULLIVAN,
Commissioner, Boston Police Department, 154 Berkeley Street, Boston, Mass.

DEAR COMMISSIONER SULLIVAN.—The DeValera Reception Committee wishes to take this opportunity to thank you for the splendid cooperation offered by your department during Mr. DeValera's recent visit.

We are deeply grateful for the courteous attention of your men and for the efficient way in which all of Mr. DeValera's movements were expedited.

Please believe we are most appreciative.

Sincerely yours,

EUGENE P. SHEEHAN,
JOSEPH B. GANNON,
MICHAEL T. KELLEHER."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 26.

I. PROMOTIONS.

The following promotions, which became effective at 8 a. m., Wednesday, April 7, 1948, are hereby announced:

District Chief James J. Kane, District 6, to deputy chief.

Capt. Robert M. Walsh, Engine Company 14, to district chief.

Operator Francis G. Tapp, Fire Alarm Division, to principal operator (military substitute).

Principal Operator (military substitute) Francis G. Tapp will serve in place of Principal Operator John M. McCarthy who is on military leave of absence.

II. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, April 14, 1948, are hereby announced:

Deputy Chief James J. Kane, from District 6 to Division Headquarters:

District Chief Robert M. Walsh, from Engine 14 to Districts 6-7.

District Chief Edward J. Galvin, from Districts 6-7 to District 6.

Hoseman Thomas J. Hynes, from Tower Company 2 to Fire Prevention.

III. A. D. T. ASSIGNMENTS.

Company commanders shall add the following signal numbers to running cards of the A. D. T. Company in this department:

Signal 747, Linden Park Company, 84 Linden Park street. (Sprinkler.)

Signal 751, Linden Park Company, 83 and 85 Elmwood street. (Sprinkler.)

Apparatus to respond to foregoing signals: Engine 14, Ladder 12, District Chief 8. Nearest box is 2241.

IV. DISCONTINUANCE OF BOSTON AUTOMATIC SIGNAL.

Notice has been received from the Boston Automatic Fire Alarm Company of discontinuance of the following automatic signal:

Signal 416, building 23-27 Sleeper street.

V. HIGH COMMENDATION.

At about 12.53 p. m., March 23, 1948, the department responded to a fire, Box 1324 (three alarms), in the Crawford House, located at 17 and 19 Scollay square, 17-19-23 Brattle street, Boston.

Upon arrival of Deputy Chief Patrick E. Collins at the scene, in response to a second alarm at 12.58 p. m., he ordered Hoseman Edward A. Codair of Engine Company 22, who was acting as his aide, to enter the building to investigate and ascertain the extent of the fire. During the investigation Hoseman Codair, while searching rooms on the fourth floor, found an unconscious man slumped on the floor in one of the rooms and carried him from that floor by way of a stairway to the street where the victim was placed in an ambulance and then moved to the hospital.

Hoseman Codair's search and rescue was made while the building was still charged with heavy smoke and it appears that the man rescued might have succumbed had he remained much longer in the room where he was found by Hoseman Codair.

Because of his prompt action and the personal risk to which he exposed himself in performing the rescue work, the Fire Commissioner is pleased to highly commend Hoseman Codair and his case is referred to the Board of Merit for further consideration.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of that part of Wendell street, Boston Proper district, as a highway, lying between Pearl street and Hartford street, bounded and described as follows:

A part of the highway named Wendell street is hereby discontinued between Pearl street and Hartford street.

Said part of said highway, as hereby discontinued, is bounded:

Southwesterly by Pearl street, twenty-seven and 34-100 feet; northwesterly by the northwesterly line of Wendell street as hereby discontinued, by two measurements, eighty-seven and 8-100 feet and fifty-four and 13-100 feet; northeasterly by the southwesterly line of Wendell street as hereby established, twenty-seven and 75-100 feet; and southeasterly by the southeasterly line of Wendell street as hereby discontinued, one hundred forty-one and 82-100 feet; containing thirty-nine hundred and two square feet, more or less.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of a part of Wendell street, Boston

Proper district, as a highway, between Pearl street and Hartford street, under the order of the Board of April 8, 1948, and awards no damages therefor.

COLUMBUS PARK AND SOUTH BOSTON STADIUM REPAIRS.

The following was received:

City of Boston,

Office of the Mayor, March 29, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Park Department, relative to your order dated March 22, 1948, concerning the laying out and putting in good playing condition the hard and softball diamonds on Columbus Park and the South Boston Stadium.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, March 26, 1948.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I desire to acknowledge your memorandum, with enclosed City Council order requesting the Park Commissioner to lay out and put in good playing condition the hard and softball diamonds on Columbus Park and the South Boston Stadium.

It is my intention, as the playgrounds and parks dry out, to put them into the best condition for baseball and softball playing. After such a severe winter, with so much snow, some of the areas are very wet and muddy. Until such time as they dry out sufficiently to put wheelbarrows and small trucks on the ground, we cannot cause any further damage with equipment on this soft ground. Some of the locations are drying out faster than the others, and work has already been started on the dry areas.

Please be assured that Columbus Park will be put in playing condition for baseball and softball as soon as the condition of the ground warrants raking and preparing the soil and grass.

Very truly yours,

JOHN J. MURPHY, Chairman.

RECONSTRUCTION OF HEAD HOUSE PIER.

The following was received:

City of Boston,

Office of the Mayor, April 2, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department relative to your order of March 29, 1948, concerning the advertising of bids for the reconstruction of the Head House Pier.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, April 1, 1948.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I desire to acknowledge your memorandum, with attached City Council order requesting the Park Commissioner to advertise for bids for the reconstruction of the Head House Pier, the same to be paid for out of income of the George F. Parkman Fund.

About three years ago we received bids for the construction of a new pier to replace the present pier near the old Head House at Marine Park, South Boston. The lowest bid received was in the amount of \$176,128. Due to insufficient funds the work was not carried out. With today's prices, I would estimate the cost of the work to be \$250,000. The present pier is beyond repair.

At the present time the George F. Parkman Fund income averages about \$170,000. We are using this income for the general everyday maintenance of parks and playgrounds that were in existence in 1887. In other words, this income is now used for the payment of wages of the men maintaining such properties. In order to use the Parkman Fund income for the maintenance of, or the construction of, a pier at Marine Park it would be necessary to find other moneys to finance the payment of the wages of Park Department employees working on parks and playgrounds.

Very truly yours,

JOHN J. MURPHY, Chairman.

REOPENING OF MONKEY HOUSE AT ZOO.

The following was received:

City of Boston,

Office of the Mayor, April 2, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Park Department relative to the reopening of the monkey house at the Franklin Park Zoo.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, April 1, 1948.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with attached Council order of March 29, 1948, requesting the Park Commissioner to reopen the monkey house at the Franklin Park Zoo, I wish to report as follows:

The old frame house that was used for the monkeys at Franklin Park was built in 1912. At that time it was constructed as a temporary monkey house. It survived many years, but finally, due to the fact that the government, during the oil shortage of the last war, did not approve an application for fuel oil to heat the building, and considering the condition of the house and the few monkeys there, it was closed.

After 36 years, this wooden frame structure in my opinion would be of no real credit to the zoo or to the City of Boston no matter what repairs were made to it. I say this particularly, as his Honor the Mayor mentioned, during the last week, that he was going to sponsor the construction of a zoo, with new buildings, to be paid for from the George Robert White Fund.

On the over-all picture of the plan for the zoological garden, a monkey house of concrete, brick, and stone construction is contemplated on the northerly side of the Greeting, approximately opposite the present location of the bandstand.

A monkey house in any zoological garden should be of fireproof, verminproof, and indestructible materials.

The present monkey house at the zoo is in a deplorable condition. It has been partially wrecked, apparently by vandals. Even when this house was open it was not possible to maintain it in an odorproof and verminproof condition because of its wooden floors and walls.

I feel that consideration should be given to the plan of his Honor the Mayor to have something worth-while erected for the benefit of the zoological garden, as he has tentatively outlined, said buildings to be constructed from the George Robert White Fund.

Very truly yours,

JOHN J. MURPHY, Chairman.

TRAFFIC LIGHTS AT CHARLESGATE WEST AND NEWBURY STREET.

The following was received:

City of Boston,

Office of the Mayor, April 1, 1948.
To the City Council.

Gentlemen,—In answer to the order adopted by your Honorable Body providing for the installing of traffic lights at the corner of Charlesgate West and Newbury street, I beg to state that I have taken the matter up

with the Traffic Commission in view of the fact that a statement appeared in the press setting forth that in the opinion of Councilor Yerxa, who introduced the order, "... ten persons must be killed before Boston traffic authorities consider it sufficiently hazardous to install traffic signal lights ..."

The Boston Traffic Commission has checked with the Registry of Motor Vehicles and the Boston Police Department, and the report showed that in a period of ten years there were no deaths at this point and only five accidents in ten years involving personal injuries.

Consequently, in the judgment of the Traffic Commission, and in view of the fact that the Legislature proposed the laying out and construction of Back street, with a speed highway extending from the Shell to Soldiers' Field, there is no necessity for lights there at the present time, and in all probability there will be no occasion for them when Back street is completed.

Respectfully,
JAMES M. CURLEY, Mayor.

MEMORIAL TO WAR DEAD.

The following was received:

City of Boston,
Office of the Mayor, April 5, 1948.
To the City Council.

Gentlemen,—I beg to forward herewith the report compiled by the Supervisor of Graves Registration, Frank T. Pedonti, the same constituting a reply to the order passed by your Honorable Body on March 1, 1948.

The replies received, as you will note, are in favor of the memorial to the war dead of Boston, and I respectfully recommend the adoption of the order now pending before your Body.

I beg to state, in addition, that my attention has been directed to the fact that under date of March 1, 1948, an article appeared in the newspapers reading as follows:

"Plans for a \$75,000 memorial to Harvard men who lost their lives in World War II were drafted yesterday by the Harvard War Memorial Committee headed by Senator Leverett Saltonstall.

"The plans call for the inscription of the names of all of Harvard's World War II dead in Memorial Chapel."

So apparently the method proposed in the order pending before your Body is in conformity with the accepted form of memorializing the memory of those who served and died, as is being adopted elsewhere.

I further desire to direct the attention of the City Council to data that has been received from the T. F. McGann & Sons Company of Somerville, Mass., containing a list of cities and towns where similar memorials have been erected.

JAMES M. CURLEY, Mayor.

City of Boston,
Veterans' Graves Registration,
April 5, 1948.

Hon. James M. Curley,
Mayor of Boston.

Your Honor,—In accordance with your direction to execute the order of the Boston City Council of March 1, a copy of the attached letter and reply card were mailed to the families of Boston's war hero dead of World War II. The result is as follows:

Number of letters to families of war dead mailed March 10.....	2,700
Number of letters returned by post office undelivered.....	176

Number of families actual recipients of letter.....	2,524
Total replies received from families....	1,167
Families FOR the memorial.....	1,041
Families NOT for the memorial.....	126

This shows that exactly 89.2 per cent of those families REPLYING signified their desire for the memorial. Many wrote or telephoned expressing great pleasure at such a dignified and reverent acknowledgment of the supreme sacrifice made by a member of their family. Some commended the idea that those people most concerned (the families of the DEAD veteran) should be the ones to be consulted.

It was noted by many of the families that this proposed memorial set apart to honor those who GAVE THEIR LIVES in World War II would in no way detract from what would subsequently be done to honor the contribution made by LIVING veterans.

Respectfully submitted,
FRANK T. PEDONTI,
Registrar of Veterans' Graves.

City of Boston,
Veterans' Graves Registration,
March 10, 1948.

Under date of February 16, 1948, after many months of study, it was unanimously agreed by the Trustees of the George Robert White Fund to submit to the City Council an order providing for the purchase of a suitable location for the establishment of a war memorial to the 3,200 men and women of Boston who died in World War II. The trustees are:

The Mayor of the City of Boston, Hon. James M. Curley, Chairman.
The President of the Boston Bar Association, Judge Jacob J. Kaplan.
The President of the Boston Chamber of Commerce, Mr. Michael T. Kelleher.
The President of the Boston City Council, Mr. Thomas J. Hannon.

The Auditor of the City of Boston, Mr. Charles J. Fox.

In submitting the request to the City Council for authorization of the sale of the site to the above Trustees of the George Robert White Fund, the Mayor stated as follows:

"With a view to dispelling any misunderstanding with reference to the subject of a war memorial by the City of Boston to commemorate the services of those who died in World War II, I beg to direct your attention to the following facts:

"To the present time, no suitable memorial other than the temporary one on Boston Common to commemorate the services of those who died in World War II is to be found in our city. To the men who died either at the Cuban Insurrection, the Mexican Insurrection, the Philippine Insurrection, the Spanish-American War, or in World War I, there is no memorial to commemorate the services of those who died while fighting under the Flag of our Country.

"... We have a duty to those who died in World War II, which can be discharged at the present time, and, unless we take advantage of it, there is a likelihood that their services may be disregarded, as in the case of those who died in other wars.

"The George Robert White Fund at the present time has but a limited amount of money to devote to any particular purpose, but it has made available a sufficient sum to provide a suitable, proper, and worthy memorial to those who died in World War II. A site has been selected adjacent to the Rose Garden in the Fenway, where a gathering of seven to eight thousand persons can be accommodated upon memorial occasions, and where the relatives of those who died may come and read the names in enduring bronze in peaceful and beautiful surroundings, where opportunity can be afforded for prayer and proper tribute to those men and women who sacrificed their all that free government might live. A war memorial center such as has been determined upon should serve as an inspiration to a higher order of patriotism and the preservation of those traditions of service and sacrifice that are so essential to the continuance of free government in the world.

"Other cities and towns, not only in Massachusetts, but throughout the country, have erected, or are now arranging to erect, war memorials similar in character to that planned for the Boston war memorial center.

"... It must be evident to every thinking individual that, unless we take advantage of this opportunity, we are following the policy that has been adopted since the close of the Civil War of giving only lip service to those who died that free government might live. It is clearly our duty to act favorably upon the pending measure, and then to work earnestly and unitedly for the erection of a fitting memorial, such as has a direct appeal to everyone, by the Commonwealth for the perpetuation of the memory of all who served and died in all wars."

The Boston City Council under date of March 1, 1948, adopted an order which read as follows:

"Ordered, That the Registrar of Veterans' Graves be requested through his Honor the Mayor, to circulate the families of Boston's 3,200 World War II dead to determine their sentiments in regard to acceptance or rejection of a \$300,000 memorial in the Fens."

In conformity with that order I enclose a post card for the purpose of ascertaining the action which you desire be taken upon this memorial. The cost is less than \$100 for each one of Boston's war dead heroes. It is not an expenditure of the taxpayers' money, but comes from the proceeds of the White Fund.

In the event that you desire the name of the member of your family who died in World War II to be permanently honored in enduring bronze where the people of his native city may have the opportunity to read of the patriotic service rendered by him, will you please place a cross beside the word "Yes" on the enclosed postal.

In the event you do not desire his memory to be perpetuated through a memorial of this character, will you please place a cross beside the word "No" on the enclosed postal.

An immediate response will be most appreciated.

Sincerely,
FRANK T. PEDONTI,
Registrar of Veterans' Graves.

EXECUTIVE COMMITTEE REPORTS.

Coun. McCORMACK, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred March 29) for sale of land on Canal street at upset price of \$125,000—that same ought to pass.

The report was accepted, and the question came on giving the order its second reading and passage. The order was rejected (a two-thirds vote being required for passage of the order), yeas 10, nays 2.

Yeas—Councilors Bryan, Hannon, Hurley, Kinsella, Linehan, McCormack, Ramsey, Shanley, Sullivan, Tracy—10.

Nays—Councilors Chase, Keenan—2.

Voting Present—Councilor Cantwell.

On motion of Councilor Sullivan the foregoing vote was reconsidered. On motion of Councilor Sullivan the order was laid on the table.

2. Report on petition of Madeline A. Groves (referred March 8) to be paid an annuity on account of death of her husband, Walter J. Groves, late member of Police Department—recommending passage of accompanying new draft:

Ordered, That, under the provisions of section 89 of chapter 32 of the General Laws, an annuity of \$3,080 be allowed and paid to Madeline A. Groves, widow of Walter J. Groves, a member of the Police Department who died on August 2, 1937, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Madeline A. Groves, so long as she remains unmarried, \$1,000 per annum; for each of the following-named children during such time as he or she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$260 per annum: Frederick E. Groves, born August 25, 1932; Thomas F. Groves, born April 3, 1934; Joan R. ORDINANCE RE AUTOMATIC AMUSEMENT DEVICES.

Coun. HURLEY offered the following: City of Boston. In the Year Nineteen Hundred and Forty-Eight. An Ordinance Concerning Automatic Amusement Devices. Be it ordained by the City Council of Boston, as follows:

Chapter forty of the Revised Ordinances of 1947 is hereby amended by inserting after section one hundred and one the following: Automatic Amusement Devices.

Section 101A. (1) On and after May 1, 1948, no person managing or controlling any restaurant, cafe, tavern or other eating or drinking establishment or any inn, hotel, club or public lodging house or any store, terminal, public hall, bowling alley, place of amusement or other place to which members of the public may resort shall keep or offer for operation therein or allow to be kept or offered for operation therein any automatic amusement device, unless and until such automatic amusement device has been licensed by such licensing authority as the mayor shall from time to time appoint. Such authority may, upon written application and upon such reasonable terms and conditions as the mayor may prescribe, grant a license for any or all automatic amusement devices and may, after written notice to the licensee suspend or, after hearing, revoke the same. The licensing authority shall act upon every application for a license under this section within fifteen days after the filing of such application, shall not deny any application except for good cause and upon the denial of any application shall forthwith endorse thereon the reason for such denial. No license shall be granted under this section for any automatic amusement device unless such device is of a type approved by the Director of Standards and Necessaries of Life under section 283 of chapter 94 of the General Laws. No license shall be granted under this section for any automatic amusement device to be kept or offered for operation upon premises within a radius of three hundred feet of a church or a school except after a public hearing of which notice shall be given by the licensing authority, at the expense of the applicant, to the minister, priest, rabbi, or other person in charge of the church, or the headmaster, principal or other person in charge of the school, by registered mail

sent at least five days (Saturdays, Sundays and Holidays excluded) before the hearing.

(2) The term "Automatic amusement device" as used in this section shall be construed as meaning any mechanism whereby, upon the deposit therein of a coin or token, any apparatus is released or set in motion or put in a position where it may be set in motion for the purpose of furnishing music or other entertainment or for the purpose of playing any game involving, in whole or in part, the skill of the player, including, but not exclusively, such devices as are commonly known as juke boxes, music boxes, phonographs, pinball machines (including free play pinball machines), marble games, diggers, grab machines, baseball or football game machines, bowlers, roll-down machines, target machines and horse racing machines.

(3) Licenses granted under this section, unless sooner revoked, shall expire on December thirty-first of each year. Every such license shall specify the street and number of the premises where the automatic amusement device is to be kept or offered for operation or give some particular description of such premises, shall name the person managing or controlling such premises, shall state the type of the automatic amusement device to which it relates, and shall protect any automatic amusement device of the same type which as a substitute or replacement for the automatic amusement device licensed may, during the term of the license, be kept or offered for operation on the premises specified while managed or controlled by the person named; but such license shall under no circumstances protect an automatic amusement device of a type other than the type stated in such license; and such license shall not protect the automatic amusement device if in any place other than the premises from time to time specified in such license or if such premises be managed or controlled by any person other than the person from time to time named in such license. No such license shall specify more than one premise at one time. Upon written application, the licensing authority may from time to time amend any license granted under this section by changing the premises specified or by changing the person named as managing or controlling the premises or by changing both; provided, however, that no premises within a radius of three hundred feet of a church or a school shall be specified by amendment except after a public hearing of which notice shall have been given as hereinbefore provided.

(4) The annual fee for a license under this section for any automatic amusement device other than a pinball machine (including a free play pinball machine), or for any renewal thereof, shall be twelve dollars. The annual fee for such a license for a pinball machine (including a free play pinball machine), or for any renewal thereof, shall be thirty dollars. The fee for any license issued after January thirty-first in any year shall be prorated on the basis of the number of months in which the license is to be in force compared with twelve months. The fee for every change of premises and the fee for every change of person shall be two dollars.

(5) Automatic amusement devices licensed under this section shall be so installed on the premises described in the license as to be in open view at all times while in operation, and shall at all times be available for inspection by the mayor and the police commissioner of the City of Boston or their authorized agents.

(6) No person keeping or offering for operation or allowing to be kept or offered for operation any automatic amusement device licensed under this section shall permit a minor to operate the same; nor shall he use or permit the same to be used for the purpose of gambling.

(7) Any violation of any provision of this section or of chapter one hundred and thirty-six of the General Laws by any person managing or controlling any premises where an automatic amusement device licensed under this section is kept or offered for operation shall be cause for the revocation of all licenses for automatic amusement devices kept or offered for operation on such premises.

(8) The mayor may make rules regulating the use and operation of automatic amusement devices licensed under this section and may require, from time to time, the furnishing of reports concerning the ownership of such devices or any interest therein, and any other information which he may deem pertinent concerning such devices and their use and operation.

(9) If any of the provisions of this section shall be invalid, such invalidity shall not affect other provisions which can be given effect without the invalid provisions,

and to this end the provisions of this section are hereby declared to be severable.

Referred to the Committee on Ordinances.

BOND SALES.

Labor, farm, school and women's groups were responsible for 1943's greatest sale of E Bonds.

Using the person to person approach, Payroll Savings added two million workers—bringing its ranks to 26.4 million. Payroll Savings allotments jumped from 355 millions in December, 1942, to 445 millions in October, 1943. Thousands of labor-management War Bond committees were organized.

Farm committees worked intensively through personal solicitation and farmers' organizations to convert a large share of the largest farm income in history into War Bonds.

In the schools, the nation's youngest group of Bond buyers is rapidly enlisting every pupil in America.

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

PARK DEPARTMENT.

PROPOSALS FOR REPLACING DEFECTIVE CONCRETE
BLOCKS IN WALKS IN THE PARK SYSTEM.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for replacing defective concrete blocks in walks in the park system. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and enclosed in an envelope, sealed and marked "Proposal for Replacing Defective Concrete Blocks in Walks in the Park System," and left before 2 o'clock on Tuesday, April 27, 1948, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PASSENGER AUTO-
MOBILES AND TRUCKS FOR CITY DEPART-
MENTS.

The Supply Department of the City of Boston invites proposals for furnishing passenger automobiles and trucks for city departments, on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Automobiles." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Thursday, April 29, 1948, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO THE CONTROL AND TELEPHONE CABLES AT THE SUMNER TUNNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to the control and telephone cables at the Sumner Tunnel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to the Control and Telephone Cables at the Sumner Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of THURSDAY, APRIL 29, 1948, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, APRIL 24, 1948.

No. 17

VETERANS' SERVICES EXPENDITURES FOR MARCH OF THIS YEAR OVER \$20,000 MORE THAN FOR SAME PERIOD IN 1947—414 MORE CASES AIDED, AFFECTING A TOTAL OF 3,123 PERSONS—341 CASES WERE DROPPED BY REASON OF SECURING EMPLOYMENT OR DUE TO UNEMPLOYMENT COMPENSATION AWARDS—\$246.45 COLLECTED FROM FORMER BENEFICIARIES WHO HAD DRAWN AID WHICH REQUIRED REPAYMENT TO CITY.

Expenditures for veterans' benefits for March of this year show an increase of \$20,140.14 over the same period for the year 1947, according to the monthly statement to Mayor Curley by Director of the Services David J. Brickley. The large increase is explainable from the fact that the department aided 414 more cases during March of this year than in the same month in 1947. Of the total of 1,464 cases aided in March, a total of 3,123 individuals is represented. There were 341 cases dropped during the month. The complete report rendered to the Mayor follows:

BOSTON, April 16, 1948.

HON. JAMES M. CURLEY, *Mayor*.

SIR,—I have the honor to submit the report of the Department of Veterans' Services for the month of March, 1948:

MAYOR CURLEY CONGRATULATES PREMIER DE GASPERI AND ITALIAN PEOPLE ON THEIR OVERWHELMING DEFEAT OF COMMUNISM.

BOSTON, April 22, 1948.

HON. ALCIDE DE GASPERI,
Premier of Italy, Rome, Italy.

DEAR PREMIER DE GASPERI,—I join with many thousands of citizens of Boston who are of Italian origin, in extending our heartiest congratulations upon your wonderful and overwhelming victory for independence.

The people of Italy, who have suffered so much in the past few years, have now definitely cut themselves loose from the shackles of bondage, political or otherwise, to travel the road to freedom.

Their decision reaffirms their faith in God. It means that they are determined to maintain the principles of democracy such as we know them in our America—the right of government by the people's choice, and the right as individuals to think, to speak, and to worship, as they choose.

No more important election has been held in recent times. The result will have far-reaching influence throughout the world. It will be an inspiration to liberty-loving people everywhere.

All America is with you. We shall help in your brave struggle for the reconciliation and cooperation of free men. We shall aid you along the all-important path to rehabilitation, to prosperity, to happiness.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR CURLEY REPLIES TO SCHOOL COMMITTEEMAN MUCHNICK ON VENETIAN BLINDS.

The comments made by School Committeeman Muchnick, which tend to reflect upon the present administration, are entirely unwarranted. The venetian blinds to which he refers were installed under former Mayor Mansfield some 14 years ago. The rug in the Mayor's office was one purchased by me for the city in 1931 and was recovered by me from the rug merchant who had arranged for a rug costing in the vicinity of \$4,000. The old rug is still serviceable and extremely attractive, much better than the one that had been purchased by a previous administration, which was returned to the rug dealer.

The plaques that were placed in the Mayor's office were removed to the outer office some 14 years ago, by some mayor other than myself, and are still there, with the exception of one of my own, that someone purloined about two and one-half years ago, and which has not been recovered by the police up to the present time.

The sentimental value of the old things is far better than any new ones,

and, being a sentimentalist, I still cling to and love the old things that are to be found in the office of the Mayor, even though they were purchased and installed by someone other than myself.

BIDS AWARDED FOR OFF-STREET PARKING AREA RIGHTS.

Bids for the parking area located at Essex street, Columbia and Lincoln streets, were received and opened in the presence of the full Board of Real Estate Commissioners and those submitting bids, at the office of the Board of Real Estate Commissioners, Room 809, City Hall Annex, about 3.10 p. m.

The following bids were read in the presence of all and were as follows:

Boston Auto Parks, Inc., by William Sawyer, president, 25 Huntington avenue, Boston, \$2,604 a month; the Essex-Lincoln Parking, by Leo F. Freedman, individual proprietorship, 31 Amherst road, Waban, \$1,610 a month; Winthrop Square Parking, Inc., by William W. Meyers, 240 Devonshire street, Boston, \$1,562.47 a month; John J. Colbert, 66 St. Andrew road, East Boston, an individual, \$600 a month.

CAB DRIVERS INFORM MAYOR CURLEY OF PLANS TAKEN TO HALT HOLDUPS BY CRIMINAL ELEMENT WHICH HAS BEEN PREYING ON THEM.

His Honor the Mayor on April 15 received the following letter from the City of Boston Cab Association, 32 Oliver street, Boston, Mass.:

HON. JAMES M. CURLEY, Mayor of Boston.

DEAR MAYOR CURLEY,—I am directed by the Executive Committee of the City of Boston Cab Association to forward you the unanimous resolution passed at the meeting of this committee on Thursday, April 8, 1948.

Whereas, There have been numerous crimes of violence and holdups suffered by taxi drivers in the City of Boston during recent months and

Whereas, The Executive Committee of the City of Boston Cab Association believes that steps should be taken to reduce the exposure of drivers to this form of lawlessness, be it

Resolved, That the following program be adopted by the City of Boston Cab Association and recommended to the law enforcement agencies of Massachusetts; and be it further

Resolved, That this six-point program be released to the radio and press and communicated to the Police Commissioner for the City of Boston and the other law enforcement agencies.

1. That all cab operators in the City of Boston Cab Association and elsewhere in Metropolitan Boston be asked to alert drivers of radio equipped cabs to the necessity of being extra vigilant in observing the movements of all taxicabs, particularly at nighttime, and to communicate with their headquarters any suspicious action or circumstances which comes under their observation, such information to be immediately relayed to the police.

2. That all drivers be required to turn in or deposit their money at hourly intervals during the night, so that at no time will they furnish any criminal with an incentive to acquire any sizeable sum of money.

3. All drivers employed by members of the City of Boston Cab Association are hereby instructed to offer no resistance to any armed holdup man where such resistance may jeopardize their life or physical well-being.

4. All drivers are instructed to be observant and curious, particularly at night, and to investigate and offer assistance in all cases which come to their attention wherein cabs are stopped in out of the way places, desolate streets, or where any irregularity appears to exist.

5. The Police Commissioner for the City of Boston is hereby requested to furnish additional protection to taxi drivers while engaged in their occupation and to instruct all patrol cars to be extra vigilant, even to the point of following cabs to their destination, especially after dark.

6. The Massachusetts Commissioner of Public Safety, Metropolitan Police, as well as all the police departments in the metropolitan area, are hereby requested to alert their forces as a means of combating that wave of holdups, beatings, and slayings to which taxi drivers have been subject in recent months.

Very truly yours,

EDWARD J. LUCAS,
Secretary.

MAYOR CONTRIBUTES TO HERO McDONALD AND PRAISES COURAGE DISPLAYED IN EGLESTON SQUARE ACCIDENT.

The courage displayed by Alphonse J. McDonald in endeavoring to prevent the loss of life in taking over the runaway car at Egleston square on Monday night last is one of the finest examples of heroism that has come to public notice for many years.

It is pleasing to know that the entire community is interested in the welfare of this hero of civilian life as well as his splendid service in the Army, and are raising a fund to aid his wife and four children.

I have been very pleased to add my mite and I trust that every citizen in the community that can do so will do likewise for this outstanding example of service and sacrifice displayed by this great man. He deserves the prayers and thanks of the community.

MAYOR CURLEY SEEKS TO HAVE QUARTERMASTER DEPOT LOCATED IN CITY OF BOSTON.

The following letter has been sent to all the Representatives and Senators in Massachusetts by the Mayor:

My attention has been directed to the possibility of the location of Quartermaster Depot, known as the Institution of Man, for experimental work in connection with materials used by the Army and Navy, to be located in the Cambridge section of Massachusetts.

My understanding is that there is objection to the location of a plant in Cambridge, and, in the event that such is a fact, I am desirous that you suggest to the Quartermaster General of the United States Army that a most desirable location is available between River street and Western avenue, adjacent to the Charles River, Boston. There are no structures located on this property and it has railroad facilities, and, in the opinion of competent authorities, it would make an ideal location.

I beg you will direct this communication to the attention of the Quartermaster General, so that in the event they fail to get a location in Cambridge, they will avail themselves of the opportunity to locate in Boston, where it is possible to have every facility that Cambridge can present.

MUNICIPAL GOLF COURSE OPENED ON MAYOR'S ORDERS.

Mayor Curley has ordered the opening of the municipal golf courses on Saturday morning, April 17.

President of the City Council Thomas J. Hannon drove off the first ball at Franklin Park at ten o'clock. Shortly after this hour, at about 10.50, he drove off the first ball at the George Wright Golf Course in Hyde Park.

After the extreme winter season, both golf courses are showing signs of a fairly early spring.

Everything was in readiness for the opening.

At Franklin Park a new building is soon to be constructed at the first tee to replace the one which was destroyed by fire. In the meantime, a portable building has been erected at this location.

MAYOR CURLEY APPROVES PLANS FOR CONSTRUCTION WORK BY VARIOUS CITY DEPARTMENTS AMOUNTING TO \$5,725,000.

Mayor Curley on April 18 approved the following building construction in various city departments and will submit a loan order to the City Council for this purpose:

HOSPITAL DEPARTMENT.—Nurses' Home, \$1,500,000; Neurological Building, \$30,000. Sanatorium Division.—Incinerator, \$35,000. Long Island Hospital.—New Chronic Hospital, \$1,250,000 (expected that Government will contribute \$250,000 of this amount); Laundry Building and Equipment, \$160,000; Incinerator, \$25,000.

PUBLIC WELFARE DEPARTMENT.—New branch at 45 Fayette street and an addition to 43 Hawkins street (Central Office), \$750,000.

LIBRARY DEPARTMENT.—New Branch Library at Neponset, \$100,000.

FIRE DEPARTMENT.—Garage and equipment, \$1,300,000; West Roxbury Fire Station (money already available).

PARK DEPARTMENT.—Golf House, \$25,000; Convenient Station for Women on Common, opposite West street, \$50,000.

TRAFFIC COMMISSION.—Garage and office building, \$500,000.
Total, \$5,725,000.

STREET CONSTRUCTION.—Mayor Curley will also submit to the City Council a loan order in the amount of \$2,000,000 for the construction of public ways.

CITY OF BOSTON COMES INTO \$340,000 FROM STATE AND FEDERAL GOVERNMENTS.

On April 20 Mayor Curley made public the following facts:

The Corporation Counsel reported this morning the receipt from the state of a check in the amount of \$170,344.76, the same representing a judgment in favor of the city as against the Commonwealth, entered in 1942, and an additional \$80,000 is due. These were both delayed welfare payments, extending back over a period of years.

The Corporation Counsel likewise reported the successful termination of action taken against the federal government for damages as a result of a liberty ship colliding with the Charlestown bridge; the sum of \$90,000 being given the city. This grand total of \$340,000 is most welcome.

The Law Department and the city are to be congratulated.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

INSTITUTIONS DEPARTMENT.

Upon April 6 the Mayor approved a contract as requested in the following letter:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On April 5, 1948, following advertisement in the *City Record*, bids were received and publicly opened by the Institutions Department for painting and patch plastering of entire interior of main storeroom and entire first floor, including corridors of clinical laboratory, Long Island Hospital, Boston Harbor. The following bids were received:

Kabot Painting Company, \$1,160;
C. Dale Carbutt, Inc., \$1,430; George J. Bartley Company, \$1,450; Joseph G.

Gazzola, \$1,585; R. Tweed & Son, \$1,777; John Kelleher, Jr., \$2,980.

It is so indicated that Kabot Painting Company is the low bidder. It is a capable and responsible concern, has the men and equipment, and can start work immediately. It has completed one contract at the hospital and its work has been found very satisfactory.

I respectfully urge that the Institutions Department be permitted to prepare a contract with Kabot Painting Company in the sum of \$1,160.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

Upon April 6 the Mayor approved a contract in accordance with a request contained in the following letter:

Upon varying dates as indicated the Mayor has approved contracts with firms, contractors and supply houses for furnishing labor, supplies, etc. Communications from the heads of the various departments were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, January 2, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On November 19, 1947, Temporary Mayor Hynes, as an emergency, approved the award of a contract to Daniel Marr & Son Company, Inc., 384 Dorchester avenue, Boston, for an amount not exceeding \$3,500, for the repair of the smokestack at the Long Island Hospital. On November 18, 1947, the smokestack had apparently been struck by lightning and parts of the brick work had fallen through the Laundry Building. Viewed with field glasses it was obvious that considerable damage had been done. Daniel Marr & Son Company, Inc., made a spot appraisal with the aid of field glasses and estimated, for contract purposes, that the cost of repairing the stack would not exceed \$3,500.

After erecting the scaffolding, and as the work progressed, it was found that the original estimate of \$3,500 is insufficient, as greater damage was found to have occurred. However, 18 feet of the stack was removed for the reason that it was laying without bond on the following course of brick, and the stack stayed to prevent further damage. During December the high winds made it hazardous for the workmen to go aloft for long periods. In consequence, repairs went along slowly. Long cracks have shown up on the stack which at the time of the original estimate could not be foreseen and must be corrected. It is now estimated that a sum not exceeding \$2,700 is required to complete the work satisfactorily.

Your Honor's approval is respectfully requested to permit the Institutions Department to prepare a new contract for a sum not exceeding \$2,700, with Daniel Marr & Son Company, Inc., without the formality of public bidding. Strict account will be kept by our engineers of the time and the material used. This

contractor has his equipment and men on the job, and no advantage would be gained by the city in public advertising.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

SUPPLY DEPARTMENT.

BOSTON, April 8, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to the F. N. McIntire Brass Works, 221 High street, Boston, for furnishing to the Boston Fire Department the following:

Twenty-six 4½-inch N. S. T. ball bearing swivel female by 4½-inch N. S. T. rigid male foam proportioner reduction valve with McDonough design wheel handle adjustment with painted body and chromium plated trimmings at a price of \$165 each; twenty-six 4½-inch N. S. T. male screw bases at a price of \$9 each.

The above material is for the new equipment in the Boston Fire Department for fighting fires with foam and it meets the Boston Fire Department specifications. The F. N. McIntire Brass Works are the sole manufacturer and no advantage would be gained by publicly advertising for bids.

Total amount of contract, \$4,524, net.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, April 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY.—On October 15, 1947, the Transit Department rented from the Tractors, Inc., a Schramm Model 105 portable air compressor at a rental of \$209 per month and has paid a total of \$940.50 in rental.

The Tractors, Inc., is willing to credit the department with \$825 of this amount toward the purchase price. The present list price of this compressor is \$2,800. With the allowance of \$825, it would bring the cost down to \$1,975.

The Board voted to purchase this Schramm Model 105 portable air compressor at a price of \$1,975.

Your approval is respectfully requested to place an order, without advertising, with Tractors, Inc., for one Schramm Model 105 portable air compressor at a price of \$1,975, as nothing would be gained by advertising.

Yours respectfully,

MALCOLM E. NICHOLS,
Chairman.

SUFFOLK COUNTY.

SHERIFF'S OFFICE.

BOSTON, April 5, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

YOUR HONOR.—I respectfully request that Service Orders 3 and 4, under date of March 25, 1948, in favor of Scott & Co., Limited, which cover the furnishing of uniforms of 29 court officers, be awarded with your approval to Scott & Co., Limited, without public advertising.

These two orders involve an expenditure of \$993 from the Superior Court (General Expenses), Civil Sessions, and \$446.85 from Superior Court, Criminal Sessions. The total amount is \$1,439.85.

I feel certain that no advantage can be gained by publicly advertising this proposed purchase, because Scott & Co., Limited, has the type of serge customarily worn by court officers. Our dealings with this company in the past have proven very satisfactory, both as to price and quality of merchandise.

I respectfully request your approval of these contemplated purchases.

Sincerely yours,

FREDERICK R. SULLIVAN,
Sheriff.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

J. A. Singarella Company has been allowed to amend the contract for alterations in patients' dining room, Long Island Hospital, Boston Harbor, as follows: By substituting as the date of completion of the work "June 1, 1948," in place of "March 1, 1948." Delay is due to difficulty in securing required materials.

The Peabody Construction Company has been allowed to amend the contract for construction of a brick and concrete garage, repair pit and concrete ramps at the Long Island Hospital, Boston Harbor, by substituting as the date of completion of the work "May 1, 1948," in place of "February 1, 1948." Delay is due to difficulty in securing required materials.

The Peabody Construction Company has been allowed to amend the contract for the building of a shaft and furnishing and installing a passenger elevator in nurses' home, Long Island Hospital, Boston Harbor, by substituting as the date of completion of the work "June 1, 1948," in place of "March 1, 1948." Delay is due to difficulty in securing required materials.

TO PURCHASE OFFICE EQUIPMENT.

The Mayor has approved the following request of the Superintendent of Supplies:

BOSTON, April 2, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that the amount of thirty-five dollars (\$35) be allocated to the Supply Department Office Equipment from the reserve of Departmental Equipment Non-Revenue to cover the increased charge occasioned by a change in specifications on one (1) automatic time stamp purchased by this office.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

546 NEW INDUSTRIES ON NYC SYSTEM.

A record number of new industries located in a single year on the lines of the New York Central System, of which the Boston & Albany Railroad is a part, was established during 1946.

The 1946 record totals 546 new industries, and it is estimated that they will produce annually an approximate volume of 204,900 carloads of freight traffic, or the equivalent of that produced by a major city.

The location of these new businesses in the territory served by the New York Central demonstrates the continuing growth of that great manufacturing section of the United States, extending through the north-central and northeastern states.

Patrolman Edward J. Lamb, Division 19, is hereby commended for meritorious duty performed on April 15, 1948.

Patrolman Lamb, while directing traffic at a school crossing at the intersection of Blue Hill avenue and Fremont street, Mattapan, performed highly commendable service in the rescue of a youngster who had run around the officer directly in the path of an oncoming streetcar.

The officer ran to the child who had stopped in the center of the car track, picked her up, and attempted to jump from in front of the approaching car when he was struck and thrown to the ground while protecting the child in his arms.

The Commissioner is pleased to recognize the prompt and heroic action of Patrolman Lamb who disregarded his own safety on this occasion, thereby preventing serious injury or possible

death. In addition, it is hereby further ordered that Patrolman Lamb be given one week's extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,040.

The resignation of Patrolman Charles W. Hickey of Division 4 having been presented, it is hereby accepted to take effect Saturday, April 17, 1948, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,041.

The Superintendent of Police is hereby directed to make the following details in connection with the Presidential Primaries in this city on Tuesday, April 27, 1948:

1. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on Presidential Primaries Day, to preserve order and protect voters in the full exercise of their rights.

2. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the Presidential Primaries at 10 o'clock a. m., Monday, April 26, 1948, such details to continue until all ballots cast at the Primaries have been received.

3. One patrolman for duty in parking area surrounding City Hall Annex at 4 o'clock p. m., Monday, April 26, 1948 (the night before Primary Day), to properly place "No Parking" signs and to keep the entire area clear for the following morning, so that twenty-four trucks coming to the Election Commissioners' office for ballots at early hours on primary morning will be able to park without interference or delay.

4. One superior officer for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, April 27, 1948, until relieved.

One patrolman from 4 o'clock p. m., on the same date, until relieved for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for

motor vehicles returning from the polling places with ballot boxes, etc.

5. One sergeant for duty at basement vault of Board of Election Commissioners from 9 o'clock p. m., on Tuesday, April 27, 1948, until such time as all returns from the 362 precincts are in.

6. Twenty-four sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample time, to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF APRIL 27, 1948.

(One motor vehicle for each of the twenty-two wards, excepting Ward 18, Hyde Park, and Ward 20, West Roxbury, for which two trucks, each, have been engaged.)

Wards 1 to 4, inclusive, 6.30 a. m.
Wards 5 to 7, inclusive, 6 a. m.
Wards 8 to 10, inclusive, 5.30 a. m.
Ward 11, 5 a. m.
Ward 12, 5.45 a. m.
Wards 13 to 17, inclusive, 5.30 a. m.

Wards 19 and 20, 5.20 a. m.
Ward 21, 5.25 a. m.
Ward 22, 5.30 a. m.

7. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

8. One patrolman to report at each of the three hundred and sixty-two precincts, as hereinafter set forth, on Tuesday, April 27, 1948, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks. Regardless of the use of voting machines in some precincts, a ballot box will be delivered to each one as usual, and it is essential that the officer be there to receive it.

Attention is called to the necessity of having officers, so detailed, to report at their posts on time, so that there will be no delay in the opening of any polling place.

In Ward 22, Precinct 3 (polling place located in Allston station of Boston and Albany Railroad), from the opening to the close of the polls (8 o'clock a. m., to 8 o'clock p. m.), an officer will be detailed outside this polling place to safeguard the voters.

In all other precincts officer assigned outside polling place will report at 6 p. m. and remain until close of the polls at 8 p. m. Officers assigned to duty outside the polls are to enforce the law which prohibits the distribution of campaign literature within 150 feet of the entrance to a polling place.

9. The detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

10. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions, on which the Division Commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of April 27, 1948, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivery by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of April 27, 1948, with the ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

11. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

12. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

13. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

14. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

15. When the polls are opened, the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

16. At 8 p. m., Tuesday, April 27, 1948, when the polls close, one sergeant will report in each of the 22 wards (excepting Ward 18, Hyde Park, and Ward 20, West Roxbury, for which wards two sergeants and two motor trucks, each, are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked), and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot box, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots and check lists, and individual envelopes containing keys to each voting machine, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

17. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope, and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners. The patrolman will not allow this envelope to be put

into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners.

The unused and spoiled ballots are then to be put into the box for unused ballots and the box sealed and certified, to be delivered to the office of the Board of Election Commissioners.

18. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

19. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

20. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official return, the box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

21. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else (the ballots to be in their separate party boxes or envelopes) shall be placed by the warden in the leatheroid box sent for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners.

The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box with ballots cast, but are to be returned by the officer to the Board of Election Commissioners.

22. While the polls remain open an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

He shall remind the officer and the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box, but shall be safely delivered to the Election Commissioners with the leatheroid box.

23. Attention is called to the fact that the polls at the Presidential Primaries on Tuesday, April 27, 1948, shall open at 8 o'clock a. m. and close at 8 o'clock p. m.

24. Commanding officers of divisions will see that the officers detailed for duty on Presidential Primaries Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on Primary . . . Days."

25. Voting machines will be used in the following precincts at the coming Presidential Primaries:

Ward 1, all precincts.
Ward 2, all precincts.
Ward 3, all precincts.
Ward 4, all precincts.
Ward 5, Precinct 4.

Officers assigned to duty in these precincts should be apprised of the procedure to be followed. When the warden has set up the machines for voting and the polls are declared open, he will give keys Nos. 2, 3 and 4 of each machine in the precinct to the police officer. The officer will have custody of these keys until the close of the polls. Since the law requires that a ballot box be furnished for challenged ballots, the officer will also have custody of the ballot box key during the polling hours. At the close of the polls, the officer will return the keys to warden. Keys Nos. 2 and 3 will be automatically locked into the voting machines. Key No. 4 will be given to the police officer to return to City Hall. This key is to be enclosed in a sealed envelope signed by all the election officers. Since the procedure is most important, the officers will check the envelopes—one for each machine—to be certain that they are in proper order. If any challenged ballots are cast in the precincts where machines are used, the officer will have ballots to return, but in any event he will return to City Hall Annex the box sent to the polling place for ballots cast, in addition to the envelope containing the No. 4 key.

IMPORTANT NOTES.

A. Officers shall strictly enforce the law pertaining to smoking. Smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

B. During the hours from 6 o'clock p. m. to 8 o'clock p. m., there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. Officers shall exert every effort to relieve this congestion.

Officers are reminded that it is the privilege of the voters to watch the count of the votes cast. It is understood that no disturbance or crowding is to be permitted and that the voters are to remain outside the rails.

C. Officers shall handle ballot boxes with great care.

D. At the close of the polls all persons waiting to vote, including any who might be in line at the entrance to the polling place, are to be placed in line by the warden and given cards bearing their names. The police officer is to stand at the end of this line to be certain that no additional persons are permitted to join it. All voters in the line are to be permitted to cast their ballots, whether by paper ballots or by machine.

E. A candidate running on "stickers" (or his representative) may stand at the entrance to the polling place to distribute "stickers."

F. Corrected books showing the locations of the polling places will be sent to each division. You will note that in

many instances precincts have been combined in one building, but the number of precincts is 362.

G. Commanding officers shall direct all officers detailed at the polling places in the various precincts to report promptly according to schedule.

H. Officers shall be informed that in many instances there are two precincts located in the same building, as follows:

PRECINCTS LOCATED IN SAME BUILDING.

Ward 3, Precinct 5, Mayhew School, Chambers and Poplar streets, boys' basement.

Ward 3, Precinct 6, Mayhew School, Chambers and Poplar streets, girls' basement.

PROPOSALS FOR REPAIRS TO PILE BENTS AND ROADWAY OF WARREN BRIDGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for repairs to pile bents and roadway of Warren Bridge. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to Pile Bents and Roadway of Warren Bridge," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of THURSDAY, MAY 6, 1948, with a certified check for FIFTEEN HUNDRED (1,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of other compensation and the furnishing of other benefits under chapter 152 of the General Laws (The Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PUBLIC BUILDINGS DEPARTMENT.

INVITATION FOR PROPOSALS FOR PAINTING WORK IN MUNICIPAL BUILDING, 20 CHESTNUT HILL AVENUE, BRIGHTON.

The Superintendent of Public Buildings of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for painting work in Municipal Building, Brighton.

Proposals will be received until 12 o'clock noon, Thursday, May 6, 1948, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Wednesday, April 28, 1948, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN RICHARDSON STREET AND TELFORD STREET, BRIGHTON, AND MORTON STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying water pipes in Richardson street and Telford street, Brighton, and Morton street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes in Richardson Street and Telford Street, Brighton, and Morton Street, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, APRIL 30, 1948, with a certified check for SEVEN HUNDRED (700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(April 24.) Commissioner of Public Works.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR STRUCTURAL STEEL SHAPES, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 40 tons, more or less, of structural steel shapes, for Rapid Transit facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Tuesday, April 20, 1948. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, April 28, 1948. A properly certified check for one thousand (1,000) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

APPEAL MADE TO VOTERS ON EVE OF PRIMARIES BY MAYOR CURLEY CALLS ATTENTION OF CITIZENS TO NEED FOR GOING TO POLLS IN ORDER THAT AID TO PERMANENT PEACE MAY BE EXTENDED — TELLS RADIO AUDIENCE DECISION AT POLLS MAY IN LARGE MEASURE HELP IN SOLUTION OF MOST IMPORTANT PROBLEM CONFRONTING AMERICA AND THE WORLD TODAY — ALSO POINTS OUT TO ELECTORATE THAT AMERICANS ENJOY A PRIVILEGE, AMONG MANY, NOT PERMITTED PEOPLES OF OTHER NATIONS, THE RIGHT TO EXPRESS FREELY, VIA THE BALLOT BOX, THE OPINIONS AND CHOICES OF THEIR HEARTS.

MAYOR CURLEY REPLIES TO EDITORIAL CHARGES CONCERNING HIS VETO OF APPROPRIATIONS FOR SUMMER REVIEW SCHOOLS.

The following letter was addressed to the Boston papers on April 27 by Mayor Curley:

In the light of your editorial comment on that part of my veto of school appropriations relating to summer review schools, I feel it desirable to submit the following facts of which you may not be aware.

For the past two years, no provision was made in the school budget for the conduct of summer review schools. The 1948 school budget submitted to me by the School Committee represents an increase of \$3,645,989.87 over the budget adopted for 1947. This increase, if approved, would result in an increase of almost \$2.50 in this year's rate. Being desirous of keeping the 1948 tax rate at the lowest figure possible under existing conditions, I felt it incumbent upon me to veto any items in the proposed budget which were not mandatory in character and which represented a departure from previous years.

Speaking specifically on the item "summer review schools," I said in my veto message:

"The increased appropriations for summer review schools and extended use favored by the School Committee will be used, if approved, to restore services in these two fields which have been curtailed or suspended in recent years. Under normal conditions I would not be inclined to oppose the committee in this respect. I feel, however, in the light of the substantial increases which must be provided in the 1948 budget for regular instructional services of the school system, that this is not an appropriate year in which to expand secondary activities."

In making this statement I had in mind that, since over \$2,000,000 must be allowed to the School Department this year for mandatory salary increases, I was justified in disapproving the restoration of an activity which had not been conducted for two years.

Very truly yours,

JAMES M. CURLEY,
Mayor of Boston.

On Monday evening, April 26, Mayor Curley delivered the following radio appeal to the voters of the city and state:

The selection of delegates to the national conventions of the two leading political parties will take place tomorrow. The polls in Boston open at 8 a. m.

Upon your decision may depend in large measure the solution of the most important problem that today confronts America and the world, namely, the establishment of permanent peace.

The delegation headed by Congressman John W. McCormack, Mayor James M. Curley, District Attorney William J. Foley, and State Auditor Thomas J. Buckley can be relied upon to support unitedly the candidate who, in their judgment, is best qualified to work whole-heartedly for the establishment of the ideal of good will for which men and women in every age and generation have labored, namely, an end of the shedding of blood and the writing of a permanent peace based on social and economic justice to the peoples of the world.

For Permanent Peace.

Permanent peace in the world is an ideal for which good women and men have striven and died, even long before the Christian Era, and perhaps upon your action tomorrow this question may be largely determined.

By placing a cross in the circle and nowhere else, it may be possible for you to contribute to this ideal—the fruition of which would bring surcease from death, suffering, sorrow, and tears to the womanhood and manhood of the world.

The privilege which we in America enjoy does not obtain in other countries which have refused to the present time to give their consent to free and untrammelled elections, and yet it is a privilege that we are too often prone not to give the little time that is needed by going to the polls and casting our votes.

The women of the world are the real sufferers in any war. They go down to the valley of death to bring a boy into the world, and yet in the last quarter of a century they have witnessed those children torn from their side, and awaited with fear and dread knowledge of their whereabouts—only to learn in too many cases that they had either been killed in action, suffered loss of limb, or would return with mind gone, never to be restored.

Most Worthy Effort.

If we in our day can end this unnecessary slaughter and bring contentment to the hearts of mothers the world over by the sacrifice of the little time it takes to vote, surely it is worthy of an effort upon our part.

Our ticket as made up has upon it five mothers who can be relied on to do their part to the end that a candidate may be selected who may be relied upon to give his every effort for permanent peace in the world.

The opposition ticket has not seen fit to dignify motherhood by placing any woman upon the ticket.

MAYOR NOT TO REFUND AUTO DEALERS' LICENSE FEES.

The following statement has been issued by his Honor the Mayor:

I have been quoted in at least one newspaper as indicating that, in view of the enactment of a 1948 statute, I will probably have no alternative but to refund to automobile dealers a part of the license fees they have paid to the city for their current licenses.

To clarify my position, I wish to state that the fees were obviously valid when collected and that, under the circumstances, they cannot be refunded.

I might further add that I have asked the City Law Department to determine whether the new statute really does override the fees established by the ordinance.

MAYOR CURLEY APPEALS TO CITIZENS OF BOSTON TO VOTE ON PRIMARY DAY.

(Continued from page 409.)

Rather have they sought to divert the minds of the people by indulging in a discussion of matters unworthy of consideration in a campaign of this character.

They have dwelt at considerable length upon the fact that I have advocated the selection of General MacArthur. I believed when I made the announcement for General MacArthur that he was the best qualified man to establish peace in the world and I still adhere to the belief. But, in view of the fact there is little likelihood he will be a candidate before the convention, the matter disposes of itself, and the opportunity is presented me to support the candidacy of some other individual who can be relied upon

to work whole-heartedly for the achievement of the great goal to which all believers in God and their fellow man subscribe.

Tomorrow is your day. You owe it to your family and to the peoples of the world to go to the polls and, by placing your cross in the circle in the first column headed by Congressman John W. McCormack, Mayor James M. Curley, District Attorney William J. Foley, State Auditor Thomas J. Buckley, and the others associated with them, you will make certain of the election of the ticket of men and women who have been tried in the crucible of public opinion and never found wanting.

BOSTON, April 12, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On April 9, 1948, bids on proposals for furnishing poultry equipment for Deer Island were publicly opened and read in this office. Bid notices were sent to all companies on poultry equipment list and those listed in telephone directory but only one bid was received. The tabulation of this bid is attached.

It is respectfully requested that permission be granted me to award a contract to the only bidder, Chewalla Sanitary Brooder Manufacturing Company, 975 Van Dorn avenue, Holly Springs, Mississippi. Total amount of contract is \$3,550, net.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Item 1. 38-F-15 or Equal Finishing Batteries.—Chewalla Sanitary Brooder Manufacturing Company, \$80 each.

Item 2. 5 B-16 or Equal Brooders.—Chewalla Sanitary Brooder Manufacturing Company, \$102 each.

Discount, Ten Days.—Chewalla Sanitary Brooder Manufacturing Company, net.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

PARK DEPARTMENT.

BOSTON, April 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—The Board of Park Commissioners respectfully requests permission to arrange for the repair of the steam and gas rollers in this department. It is customary at this season of the year to have this equipment repaired so that it may be in proper condition for the rolling of park and playground areas early in the spring. These areas must be rolled and leveled off and made ready for use by the public when our outdoor programs begin.

For the past several years this work has been done by the Clyde Everett Equipment Company, of Cambridge, Mass., who are the New England agents of the Buffalo-Springfield Road and Street Roller Company. The rollers were originally purchased from this company, and I believe they are the proper ones to make the repairs.

The Clyde Everett Equipment Company has submitted an estimate for the complete repair of four rollers in the amount of \$1,589.80.

Accordingly, I respectfully request that we be allowed to have this company do the work and to pay them on a service order, same to be charged to B-39, Park Department budget.

Respectfully yours,

JOHN J. MURPHY, Chairman.

BOSTON, April 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—The Board of Park Commissioners respectfully requests your permission to enter into a contract with Harrison H. Atwood, 32 Laurel avenue, Wellesley Hills, Mass., for architectural services in the preparation of plans and specifications for the new golf building to be erected at the first tee on the Franklin Park Golf Course.

The architect will receive a fee of 6 per cent of the amount of the construction contract, which, it is estimated, will be about \$25,000. The contract for professional services of the architect will be approximately \$1,500.

Mr. Atwood is a well-known architect and exceptionally competent to do the type of work that we require. We believe that nothing would be gained by advertising for bids for architectural services for this work.

It is therefore respectfully requested that the Board be allowed to award to Harrison H. Atwood the architect's contract for the construction of this building on the Franklin Park Golf Course, without advertising for bids, for an estimated sum of \$1,500, same to be charged to the special appropriation, "Park and Playground Improvements, Etc., Revenue."

Respectfully yours,

JOHN J. MURPHY, Chairman.

BOSTON, April 12, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—The Board of Park Commissioners respectfully requests your approval for the award of the refreshment concession on Castle Island, South Boston, to James P. Hoar, of 1662 Columbia road, South Boston, for a term of five years from May 1, 1948, for the sum of \$1,315 a year.

This is the same rental formerly paid by Mr. Hoar for this concession, which he operated from June 1, 1938, until the beginning of the last war under a lease which, if it had not been terminated by the war, would have been in effect until May 31, 1944. He was forced to give up the concession when the Federal government occupied Castle Island for war purposes.

Mr. Hoar has operated concessions in this department for many years past and at the present time is operating the refreshment privilege at the Head House, South Boston. In addition, he maintains lunch concessions in the Boston and Cambridge schools and has a fine reputation in this line of business. His concessions in this department have been conducted in an exceptionally satisfactory manner, and he has never failed to pay his rent when due.

Accordingly, the Board of Park Commissioners feels that nothing would be gained by advertising for bids and that it would be for the best interests of the city to award the refreshment concession at Castle Island to Mr. Hoar for a five-year term beginning May 1, 1948, at a rental of \$1,315 a year.

Respectfully yours,

JOHN J. MURPHY, Chairman.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, April 13, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—The current at the House of Correction, Deer Island, has been changed from D.C. to A.C. thus necessitating replacement of sewing machine motors in the shoe and tailor shops and laundry.

The Singer Sewing Machine Company is the only concern in a position to furnish and install the needed motors in their own equipment.

Since no advantage would be gained by advertising, I respectfully request your permission to enter into a contract, without further advertising, with the Singer Sewing Machine Company, for furnishing and installing motors and other parts as per specifications made a part of the proposed contract for a total sum of \$2,385.50.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 6, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Supplementing my letter of March 18, 1948, in which I requested permission to engage the services of the Crandall Engineering Company, 261 Franklin street, Boston, Mass., as engineer to prepare the plans and specifications for, and to supervise the construction of, a new Warren Bridge, to replace the existing aged and dilapidated structure over the Charles River, connecting Boston Proper with Charlestown, you are hereby respectfully informed that the engineer will be paid a fee of 5.25 per cent for his services, based upon a total estimated construction cost of \$1,800,000.

In addition to the above fee, the engineer will be paid for (1) field surveys for preliminary investigation and for design; and (2) for services of resident engineer and services of field staff.

The aforesaid additional fees are to be based upon the actual out-of-pocket expenses incurred by the engineer, plus 25 per cent.

All of the above fees are based upon the schedule established by the American Society of Civil Engineers.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

TRANSIT DEPARTMENT.

BOSTON, April 14, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to place an order, without public advertisement, with Massachusetts Motor Car Company, Inc., for furnishing 1948 truck cab and chassis, 1½- to 2-ton, to the Transit Department.

This department, under a recent date, asked for bids, and the following bids were received:

Commonwealth Chevrolet Company, \$2,123.69; Corcoran Motor Sales Company, \$1,999.60; Massachusetts Motor Car Company, Inc., \$1,704.35.

The department is in urgent need of this truck cab and chassis. The total amount of the order would be \$1,704.35.

The Board voted to award to Massachusetts Motor Car Company, Inc., who is the lowest bidder, with immediate delivery, and no advantage would be gained by advertisement.

For this reason I respectfully request that the permission asked for above be granted.

Respectfully yours,

MALCOLM E. NICHOLS, *Chairman.*

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, on the days of and during the periods of public exhibitions at Braves Field, the following rules are effective, when signs are placed, from April 26, 1948, to December 31, 1948:

Parking of vehicles is prohibited in the following streets:

Babcock Street, Brighton.

Both sides, from Commonwealth avenue to Ashford street.

Buick Street, Boston Proper.

Both sides, from Commonwealth avenue to the Boston & Albany Railroad.

CONTRACT AMENDED.

R. Tweed & Son have been allowed to amend the contract for painting the interior of the children's hospital, the corridors, and interior of hospital buildings A, B, C, and D, and the interior of the bakery in the main kitchen at the Long Island Hospital, Boston Harbor, Mass., by substituting as the date of completion of the work "May 1, 1948," in place of "February 15, 1948."

This has been caused by extra plastering required and which was not included in the original contract.

EXTENSIONS OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract made October 22, 1947, with John T. Bradley, for painting six buildings, Boston City Hospital, from March 3, 1948, to June 1, 1948. This extension is requested because due to bad weather conditions, no exterior work could be done.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract made with the C. & R. Construction Company, dated October 8, 1946, for the building of sewerage works in Stony Brook, Section 16, West Roxbury, from January 8, 1948, to January 18, 1948, a period of ten days. This extension is requested for the reason that additional time was required to secure materials for wire fence.

Approval has been given for the extension of the time of completion of the contract made with Charles A. Maguire & Associates, from March 31, 1948, to August 1, 1948, for engineer's services, sewage treatment plant, for the Boston to August 1, 1948, for engineer's services, is requested for the reason that it is necessary to continue tests on the raw sewage at Calf Pasture in order to determine the chlorination and sludge digestion requirements.

Approval has been given for the extension of the time of completion of the contract made with Charles Struzziery Company, for the building of sewerage works in Public Alley No. 931, from Boylston street to Peterborough street, Roxbury, from April 5, 1948, to August 5, 1948. This extension is requested for the reason that due to heavy snow storms and inclement weather the contractor was unable to commence this work.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 21, 1946, as amended, determining damages caused by the making of the public improvement, consisting of the extension of Navarre street, be, and the same hereby is, amended, by adding to said order the amount \$246, as an award to Isabella A. Dwan; that the amount

\$246 be, and the same hereby is, awarded to Isabella A. Dwan for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 2, 1946, as amended, determining damages caused by the making of the public improvement consisting of the extension of Navarre street, be, and the same hereby is, amended, by adding to said order the amount \$160, as an award to Calixte O. Doucette and Mary M. Doucette, husband and wife as joint tenants; that the amount \$160 be, and the same hereby is, awarded to Calixte O. Doucette and Mary M. Doucette, husband and wife as joint tenants, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 3, 1946, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Woodbourne road, be, and the same hereby is, amended, by adding to said order the amount \$217, as an award to Willard K. Folsom and Martha F. Folsom, husband and wife as tenants by the entirety; that the amount \$217 be, and the same hereby is, awarded to Willard K. Folsom and Martha F. Folsom, husband and wife as tenants by the entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 21, 1946, as amended, determining damages caused by the making of the public improvement consisting of the extension of Navarre street, be, and the same hereby is, amended, by adding to said order the amount \$351, as an award to Leo H. O'Brien and Agnes T. O'Brien, husband and wife as tenants by the entirety; that the amount \$351 be, and the same hereby is, awarded to Leo H. O'Brien and Agnes T. O'Brien, husband and wife as tenants by the entirety, for the damages so sustained.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Thursday, April 22, 1948, at 7.45 o'clock a. m.:

Patrolman Joseph F. Normile, Division 17, 28 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,043.

The following transfer is hereby ordered, to take effect at 7.45 o'clock a. m., Monday, April 26, 1948:

Sergt. William J. Creodon, from Division 3 to Superintendent's office.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,044.

The following-named police officers of this department, attached to Division 8 (Harbor Police), are hereby appointed assistant harbor masters:

Lieut. Harold G. Mitten.

Patrolman Joseph M. Mullen.

Assistant harbor masters will perform all duties required by law as assistant harbor masters, under the direction of the harbor master commanding Division 8.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 29.

I. GEORGE P. STEWART.

It is with deep regret that the Fire Commissioner announces the death, on April 21, 1948, of Ladderman George P. Stewart of Ladder Company 33. Ladderman Stewart was appointed to the department January 1, 1926.

The funeral will be held from his late residence, 20 Ticknor street, South Boston, at 10.30 a. m., Saturday, April 24, 1948, followed by services at the Gate of Heaven Church, East Fourth and I streets, at 11 a. m.

The Chief of Department will make the customary detail to act as funeral escort.

II. RETIREMENTS.

The following retirement, which will become effective at 4.30 p. m., Friday, April 30, 1948, is hereby announced:

Painter Charles T. Randall, Maintenance Division.

The following retirements, which will become effective at 8 a. m., Saturday, May 1, 1948, are hereby announced:

Capt. William J. Magner, Engine Company 33.

Capt. Lloyd M. Johnson, Fire Prevention Division.

Captain Magner was appointed to the department February 1, 1924. He was promoted to the grade of lieutenant December 18, 1933, and to captain October 16, 1940. Captain Johnson was appointed May 28, 1927. He was promoted to lieutenant June 25, 1941, and to captain February 2, 1944. Painter Randall was appointed to the department December 15, 1916.

All the foregoing-named leave the department with the best wishes of their associates.

III. CHANGE OF TIME.

Sunday, April 25, 1948, is the date required by law to make a change in clock time. In order to conform with the law, clocks in department stations will be set ahead one hour at 2 a. m., and all tower clocks maintained by this department will be set ahead one hour at 6 a. m., or as soon thereafter as is practical, by men regularly assigned to wind clocks.

IV. CHANGES IN DESIGNATION OF FIRE ALARM BOXES.

Fire Alarm Box 3345 now reads "West Park and Spencer streets." The word "West" should be deleted so that assignment cards will read "3345—Park and Spencer streets."

On assignment card for Box 3346, the following designation is given for school-house box: "13-3346—Florence Nightingale School, West Park street." This designation should be corrected by deleting the word "West."

V. A. D. T. ASSIGNMENT.

Company commanders shall add the following signal number to the running cards of the A. D. T. Company in this department:

Signal 743, The Builders' Realty Corporation, 206-212 Eustis street. (Sprinkler.) Apparatus to respond: Engine 12, Ladder 4, District Chief 9. Nearest box is 2134.

VI. CORRECTION IN A. D. T. SIGNAL DESIGNATION.

A. D. T. Signal 572 on page 21 of the running cards now reads "241-243 Washington street, Post Publishing Company." Inasmuch as the Post Publishing Company has vacated the building, the designation should be changed to read as follows: "Signal 572—241-243 Washington street, building."

VII. CHANGE IN DESIGNATION OF G. A. C. SIGNALS.

Company commanders are requested to add the words "mill building" to the designation now given for Signal 281 on page 12 of the G. A. C. assignment book. They shall also add the words

"veneer building" after the location given for Signal 288 on page 12 of the G. A. C. assignment book.

VIII. COMMENDATION.

Lieut. Clarence A. Knight of Engine Company 31 is hereby commended for extinguishing an automobile fire at Box 1313 before the arrival of apparatus on April 17, 1948, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

AIR-CONDITIONING MACHINES AT CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Superintendent of the Boston City Hospital, relative to your order of March 22, 1948, concerning the preparing of plans for the installation of air-conditioning machines in the cafeteria and dispensary.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston City Hospital, April 2, 1948.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Mr. Connors,—At a meeting of the Board of Trustees held today, an order of the City Council was presented, requesting the Trustees, through his Honor the Mayor, to prepare plans for the installation of air-conditioning machines in the cafeteria and dispensary at the hospital.

The Trustees wish to inform the Council that plans have already been under consideration and that money has already been earmarked in the 1948 budget to do this work.

Sincerely yours,
JAMES W. MANARY, Superintendent.

INSTALLATION OF TRAFFIC LIGHTS, WARD 6.

The following was received:

City of Boston,
Office of the Mayor, April 12, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commission, relative to

your order of March 8, 1948, concerning the installing of traffic lights at the corner of D street and West Broadway, Ward 6.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, April 9, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In reply to Council order submitted by Councilor Wenzler, requesting that traffic signals be installed at the intersection of D street and West Broadway, please be advised that this intersection will be signalized in the very near future.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

OPENING OF COPELAND STREET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 6, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Park Department, relative to your order of March 22, 1948, concerning the opening of the Copeland Street Playground, with proper supervision for the use of the school children.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 2, 1948.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your memorandum, with enclosed City Council order, requesting the Park Commissioner to open the Copeland Street Playground with proper supervision for the use of the school children, I report as follows:

The Copeland Street Playground in Roxbury is the property of the School Department. Under the circumstances it might be well to have it referred to the School Committee. At the present time, under the budget, no funds have been provided to operate a children's recreation program on school properties. However, when the summer program of the Park Department starts, after the schools have been closed, we would consider providing a couple of playground instructors if it meets with the approval of the School Committee.

Very truly yours,
JOHN J. MURPHY, Chairman.

FLOODING OF GARVEY PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 12, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Park Department, relative to your order of April 5, 1948, concerning the flooded condition of Garvey Playground, and ways and means of remedying this situation.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 9, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I desire to acknowledge your memorandum, with enclosure, Council order requesting the Park Commissioner to confer with the Commissioner of Public Works relative to the flooding of the Garvey Playground in Neponset and to devise ways and means of remedying this situation.

I have conferred with the Commissioner of the Public Works Department and with the Engineer of the Sewer Division in regard to the flooding of this playground.

It has been found that a certain stoppage existed in the drain line due to the excessive snow on the playground which, when it melted and the field flooded, aggravated the condition. A relief has been accomplished by digging a trench and breaking through the brick wall of the manhole. The water has been running off, and the portion of the field flooded should be dry within a few days. When normal weather conditions return, the stoppage trouble will be corrected. In the meantime the area will be kept dry.

Very truly yours,
JOHN J. MURPHY, Chairman.

REPLACING OF TREES ON EAST BROADWAY.

The following was received:

City of Boston,
Office of the Mayor, April 12, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Park Department,

relative to your order of April 5, 1948, concerning the replacing of the trees which have been removed on East Broadway, between L street and Farragut road.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 9, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosure, City Council order, April 5, 1948, requesting the Park Commissioner to replace the trees which have been removed on East Broadway between L street and Farragut road, I report as follows:

There are many trees on Broadway, South Boston, between L street and Farragut road, most of which are elms. There are a few vacant spaces where trees could be planted. Elm trees are the only ones that should be planted, as most of the remaining trees are elms. At the present time, however, elms are subjected to the dreaded Dutch elm disease. Until this disease is under control, the planting of elm trees would be very unwise. Nothing was listed, when the budget was submitted, for planting more trees on this boulevard. The street, in general, is well taken care of with its present trees.

Considering all the circumstances, I feel it not feasible to plant any additional trees at this location, particularly this year.

Very truly yours,
JOHN J. MURPHY, Chairman.

RESTORING CAR STOPS, UPHAMS CORNER SECTION.

The following was received:

City of Boston,
Office of the Mayor, April 12, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Metropolitan Transit Authority, concerning your order of March 22, 1948, regarding the restoring of car stops in the Uphams Corner section of Dorchester, and the advisability of constructing a safety island and shelters at the intersection of Hancock street and Columbia road, Dorchester.

Respectfully,
JAMES M. CURLEY, Mayor.

METROPOLITAN TRANSIT AUTHORITY,
April 9, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letter of March 24, with copy of order of the City Council, relative to stopping places at Uphams Corner and requesting that consideration be given to the advisability of constructing a safety island and shelters at the intersection of Hancock street and Columbia road, Dorchester, I would say that we agreed to a change in stopping places in the vicinity of Uphams Corner for a trial period at the request of the Dorchester Board of Trade, and at a recent conference with representatives of the Dorchester Board of Trade, the Uphams Corner Improvement Association, Monsignor Dalton, and City Councilors Hannon and Ramsey, it was agreed that the stopping places should be restored to their original locations. This will be done as promptly as possible.

Trackless trolleys will be substituted for the present car service in the Dorchester section in the near future, and it is not deemed advisable to provide an island and shelters at the intersection of Hancock street and Columbia road.

Very truly yours,
EDWARD DANA,
General Manager.

CLEANING AND REPAIRING OF STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 12, 1948.
To the City Council.

Gentlemen,—The Public Works Commissioner informs me that as a result of one of the severest winters in the history of the City of Boston practically all of the streets of the city are in need of repairs, ranging from the filling of minor holes to major reconstruction work. In order that this repair work may be constructed with as little delay as possible, it is estimated that an additional appropriation of \$200,000 will be needed for the reconstruction of streets.

The constant sanding of icy pavements, together with the regular debris left over from the melting snow, makes necessary an additional appropriation of \$100,000 for the proper cleaning of the streets of the city.

Accordingly, there is forwarded herewith for consideration and adoption by your Honorable Body an order appropriating the sum of \$300,000 for the repair and cleaning of the streets of the city.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of three hundred thousand dollars (\$300,000) be, and hereby is, appropriated, to be expended as hereinafter specified, said sum to be raised by taxes on the polls and estates in the City of Boston and that all orders heretofore or hereinafter passed by the City Council relating to appropriations, taxes, and the interest thereon apply to the appropriations and taxes herein provided for.

Apr. 1, 1948.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 5:05 o'clock P. M.

Present: Messrs. Foley, McDevitt, Muchnick and Ward.

In the absence of the Chairman, Mr. Daniel J. McDevitt was elected Acting Chairman.

The Acting Chairman stated that this meeting was called for the purpose of giving a hearing to Harold E. Hyder, instructor, mechanic arts, Boston Technical High School, upon the matter of his reinstatement as instructor, mechanic arts, Boston Technical High School, from which position he was suspended by the Superintendent on Feb. 4, 1948, for a period of one month, without pay, which suspension was continued by an agreement made between Mr. Hyder and the School Committee on Mar. 3, 1948.

The Secretary then read the request from Mr. Hyder for a hearing. Mr. Hyder through his attorney, John J. Donovan, Esquire, then presented a written motion for a private hearing, which was read by the Secretary.

At the request of the Acting Chairman a roll was called upon the question whether the motion for a private hearing should be allowed, and the members respectively voted as follows:

YEAS—Messrs. Foley, McDevitt, Muchnick, and Ward—4.

NAYS—0.

ABSENT—Mr. White—1.

Therefore a private hearing was granted.

The Committee thereupon heard the matter in private and the members then went into a private consultation. At the conclusion of the consultation, the School Committee resumed its public meeting.

Thereupon Mr. Ward moved that the suspension of Harold E. Hyder, instructor, mechanic arts, Boston Technical High School, for a period of one month, without

pay, made by the Superintendent of Schools on Feb. 4, 1948, be affirmed, and further that said suspension be continued to and including Aug. 31, 1948.

Mr. Muchnick moved that for reasons stated during the consultation the motion be amended so that the August 31st date read August 31st, 1949.

At the request of the Acting Chairman a roll was called on the question whether the amendment offered by Mr. Muchnick should be adopted, but the amendment failed of passage by the following vote:

YEAS—Mr. Muchnick—1.
NAYS—Messrs. Foley, McDevitt, and Ward—3.

ABSENT—Mr. White—1.

At the request of the Acting Chairman a roll was called on Mr. Ward's motion and the members respectively voted as follows:

YEAS—Messrs. Foley, McDevitt, Muchnick, and Ward—4.

NAYS—0.

ABSENT—Mr. White—1.

Therefore, it was

ORDERED, That the suspension of Harold E. Hyder, instructor, mechanic arts, Boston Technical High School, for a period of one month, without pay, made by the Superintendent of Schools on Feb. 4, 1948, be affirmed, and further that said suspension be continued to and including Aug. 31, 1948.

The Committee adjourned.

PROPOSALS FOR FURNISHING FOUR (4) PASSENGER AUTOMOBILES FOR THE PARK DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing four (4) passenger automobiles for the Park Department, on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Automobiles."* There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Thursday, May 13, 1948, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(May 1.) Superintendent of Supplies.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

\$25,000,000 IN CANS.

Returns to Florida citrus growers from grapefruit for canning during the 1945-46 season approximated \$25,000,000, according to W. C. Stolk, vice-president of American Can Company. During that season, the amount of grapefruit that went into cans, 22,000,000 boxes, was more than three times the total output of the state's groves in 1925.

N. E. FOREIGN TRADE \$680,100,000 IN 1946.

The value of foreign trade flowing through the Customs Districts of New England amounted to \$680,100,000 in 1946, which was more than 4.6 per cent of the total for the U. S. and involved a movement of 7.7 million tons of commodities. Exports were valued at \$209,500,000, with weight of 1.2 million tons, whereas imports totaled \$470,600,000, weighing 6.5 million tons. Compared with the U. S. totals, New England had only 2.1 per cent of value and 1.2 per cent of weight of exports, but accounted for 9.5 per cent of value and 11.1 per cent of tonnage of imports. New England's share of U. S. exports and imports registered gains in both for the years 1945 and 1946, reflecting the resumption of private trade and the gradual availability of ocean shipping at New England ports.

PROPOSALS FOR PORTLAND CEMENT FOR CONSTRUCTION.

The Supply Department of the City of Boston invites proposals for furnishing for city departments Portland cement, as specified. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Portland Cement."* Bids will be publicly opened and read Tuesday, May 11, 1948, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

MAYOR CURLEY CALLS FOR COOPERATION OF ALL ELEMENTS OF BOSTON CITIZENRY TO WORK WHOLE-HEARTEDLY FOR CITY'S FUTURE—ASKS CESSATION OF PIN-PRICKING EFFORTS AS HINDERING PROGRESS, TO THE END THAT CITY LEAD NATION IN ADVANCING CIVILIZATION—CALLS ATTENTION, IN MONTHLY BROADCAST OVER RADIO, TO FACT THAT CITY STANDS AT TOP OF LIST OF MUNICIPALITIES IN MANY PUBLIC FEATURES, INCLUDING HEALTH, AIRPORT FACILITIES, HARBOR, EDUCATIONAL, RECREATIONAL, AND FINANCIAL ADVANTAGES—WANTS CONTENTED AND HAPPY PEOPLE.

On May 3 Mayor Curley delivered the following radio address to the citizens of Boston and the Commonwealth:

MAYOR CURLEY ASKS COUNCIL TO APPROVE \$4,315,000 FOR BUILDING CONSTRUCTION TO AID IN CARING FOR CITIZENS.

On May 3 Mayor Curley addressed the following letter to the City Council:

City of Boston,
Mayor's Office, May 3, 1948.
To the City Council.

GENTLEMEN,—I submit herewith a loan order in the sum of \$4,315,000 for the construction of buildings by several departments of the city. The sum of \$156,079.81 has already been appropriated in the 1948 budget as required under the provisions of section 7 of chapter 44 of the General Laws.

The major portion of this loan will be allocated for the construction of a 200-bed hospital on Long Island at a cost of \$1,250,000 which will make possible the transfer of chronic patients now treated at the City Hospital; a building for the Fire Department at a cost of \$1,500,000 which will include a garage and repair shop, space to house the administrative offices of the department, and a fire station to accommodate Engine 23 now located at 84 Northampton street; a new district office for the Welfare Department at 43 Fayette street and an addition to the present Central Office building at 43 Hawkins street at a total cost of \$650,000; a garage, repair shop, and office building for the Traffic Commission at a cost of \$500,000.

Other projects included in this loan order are a laundry building costing \$160,000 and an incinerator costing \$25,000 at Long Island Hospital; a branch library in Ward 16 at a cost of \$100,000; a building for the Neurological Service at the City Hospital at a cost of \$30,000; an incinerator at the Sanatorium at a cost of \$35,000; a convenience station for women on Boston Common opposite West street at a cost of \$35,000; and a golf starter's building at Franklin Park at a cost of \$30,000.

I respectfully recommend to your Honorable Body the approval of the loan order herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

Friends of the Radio Audience.

The time has arrived for cooperation of all elements of the population to cease pin-sticking and, regardless of racial, religious, or political animosities, work whole-heartedly for Boston and its future. Boston leads the nation today in historical treasures associated with the establishment of free government in the world. Boston is first in public health. Boston has the most accessible airport in the world. Boston has the best harbor along the Atlantic coast. Boston ranks high in educational institutions, recreational facilities, and financial standing, with freedom from strikes, and a contented and happy people.

MAYOR CURLEY ARRANGES TO HAVE BIG CIRCUS PARADE AND BABY ELEPHANT PRESENTATION TO OPEN DRIVE FOR \$2,500,000 FUND TO AID HOMELESS HUNGRY CHILDREN OF EUROPE.

Upon May 3 Mayor Curley issued the following statement:

At a conference in the Mayor's office on May 3 the following were in attendance: Mayor James M. Curley, D. B. Stanbro, Hotel Statler, George Estes, Forrester Clark, Chairman, John Galvin, Joseph Kelly, Maurice Lawler, Louis Brems, and Charles Manion, Street Commissioner.

These gentlemen are representing a group interested in raising funds for the Crusade for Children abroad in all foreign countries, and is part of the United Nations appeal for children.

Ringling Brothers and Barnum and Bailey Circus have decided to turn out their entire circus and parade on Friday, May 14, for the first time in 28 years, which will arouse the people to the necessity of aiding in relief of foreign countries. The parade will start at 10 a. m., May 14, from Nashua street to Canal street, to Haymarket square, to Washington street, to Hanover street, to Scollay square, to Tremont street, to Boylston street, to Charles street, and to Nashua street where the parade will disband. The parade will be held rain or shine. Stands will be erected for review of the parade by the Governor of the Commonwealth and representatives of

It is our duty to maintain and proclaim these facts to the world. It should no longer be a question of what political party governs the city—it should be our duty to maintain the place we hold among American cities regardless of who holds the office of chief executive. Boston problems may be listed under eight heads. First, and most important—reduction of taxes. Second—removal of the elevated structure, a blight upon our city. Third—development of commerce. Fourth—development of industry. Fifth—housing for veterans, in which particular field Boston today leads the entire nation. Sixth—improvement of recreational facilities. Seventh—increased wages for lower paid employees. Eighth—auditorium and memorial to veterans of all wars.

For Auditorium.

In this particular connection I beg to state that the President of the Boston Chamber of Commerce appeared within the past week before the George Robert White Committee and stated that a group was found in Boston who were prepared to finance a \$10,000,000 expenditure for an auditorium to take the place of the present Mechanics Building and certain properties of the New York Central Railroad on Huntington avenue, provided that

MAYOR CURLEY OPENS DRIVE FOR HOMELESS CHILDREN.

(Continued from page 437.)

the state and the Mayor of Boston and officials of the city, and by officials in charge of parade arrangements, in addition to representatives of the school departments, both public and parochial.

The chief marshal of the parade will be Nancy Manion who was chosen as Queen of the May, and who will head the parade in a "coach and four" accompanied by her assistants.

During the progress of the parade the officials of the Ringling Brothers and Barnum and Bailey Circus will present to the Mayor and officials a baby elephant, at the stand on Tremont and West streets, for the children of the city.

The committee has taken up with officials of the Boston schools and officials of the parochial schools the granting of a holiday for children to view the parade on this day and I am very hopeful it will receive their approval.

Invitations will be extended to the different racial groups in the city to participate.

State Chairman Forrester A. (Tim) Clark of the "Crusade for Children," declared that a goal of \$2,500,000 has been set for Massachusetts as part of a nation-wide campaign for \$60,000,000 to aid 60,000,000 starving European children.

Donald B. Stanbro, manager of the Hotel Statler, chairman of the events committee, said the parade will serve as "kickoff" for the campaign.

MAYOR CURLEY CALLS FOR COOPERATION OF ALL TO WORK FOR BOSTON'S FUTURE.

(Continued from page 437.)

there could be an abatement of taxes for a period of twenty years, and at the end of that period the building revert to the city as property of the City of Boston. Now, all of these matters are highly important and yet they are essential and can be accomplished if the right degree of cooperation is established between all agencies in our city—Democrats, Republicans, and independent citizens, Chamber of Commerce, Retail Trade Board, press of the city, religious organizations, local trade boards, and the Boston Finance Commission. If all of these organizations and agencies can be induced to cooperate in the passage of measures now pending before the Legislature a sufficient amount of money may be derived by the city, since under our laws in Massachusetts the municipalities have no power to create revenue-producing legislation. They can only do what the Legislature permits them to do.

At the present time, Massachusetts municipalities are caught in a vise. They need more revenue to meet unusual snow removal expenses, rising welfare costs, equal pay for teachers, extensive highway repairs occasioned by the severe winter, higher wages for municipal employees, shorter working hours for firemen, policemen and other employees, and the continued high level of commodity prices. Unfortunately, their powers of obtaining the revenues necessary to meet these mandatory expenses are woefully restricted. Unless the Legislature adopts during its current session measures which will expand the revenue sources available to municipalities, the only avenue open

to cities and towns for meeting current operating costs is material increases in property taxes.

Since the average property tax rate in this state in 1947 was \$38.07, the thought of further substantial increases in local tax rates is not pleasant to contemplate. What can the Legislature do to counteract this upward spiral in municipal taxes? Let me state that the Legislature has killed the increase in the corporation tax which would provide ample funds to forestall what now appears to be inevitable—namely, confiscatory local tax rates.

This measures an increase in the corporation tax from the present 5½ per cent to 15 per cent, which is estimated would produce roughly \$120,000,000. While at first glance this might appear to represent a staggering burden on the corporations of the state, it should be remembered first of all that moneys paid under the state income tax law are deductible on Federal taxes, and that, in effect, the amount involved in the proposed corporation tax increase would merely be diverted from the Federal treasury to the state treasury.

In addition, the Federal government last year granted refunds to Massachusetts corporations totaling \$350,000,000, so that these companies have ample resources to meet increased state income tax requirements—and the action of the Legislature is a source of regret.

STATE INCOME TAX CHANGE.

The second financial measure which the Legislature might well consider, now that it has killed the corporation tax, is amendment of the state income tax so as to provide under the earned income section for a withholding payroll tax of 1 per cent, the receipts from which could either be utilized by the state to finance an increased state aid to municipalities program, or turned over directly to municipalities to offset the high tax rates which now appear inevitable in 1946. Philadelphia and Toledo are notable examples of the soundness of the payroll withholding tax. The story of Philadelphia, which adopted its so-called payroll tax in 1939, is well known by this time. The tax now supplies in excess of 25 per cent of the city's total income, and has removed from the property owners in the city an annual tax burden of at least \$10. In the ten years the tax has been in operation, Philadelphia has advanced from the brink of bankruptcy to unquestionable solvency. The story of Toledo, however, is not as well known as that of Philadelphia, and so I would like to take a few minutes to touch on some of the accomplishments in that city which have been possible since the adoption of its payroll tax. A little over two years ago, Toledo was a deficit-ridden municipality.

Today, the 315,000 residents of this Great Lakes industrial community are trying to decide what to do with a \$3,165,855 surplus on hand in the city treasury for 1948—a surplus which may reach \$7,000,000 by 1950. Should they pay all of the city's bonded debt through 1976 and cut the real estate tax rates? Or should they build a new city, complete with superhighways, new bridges, public buildings, and swimming pools, and spend a few millions improving streets and sewers?

The reason for the quandary and this municipal munificence, so rare in urban America, is the city income payroll tax ordinance which Toledoans voted upon themselves and neighbors two years ago April 11. It produced \$4,051,774 in ten months of 1946, brought incomplete col-

lections of \$5,300,000 for 1947, and it is expected to bring in \$5,500,000 a year until 1950. The Toledo tax is a levy of 1 per cent—one penny on each dollar earned by residents or by nonresidents working there, and on the net profits of businesses, professions, and corporations of those doing business in Toledo.

For many years prior to 1946, Toledo officials had a stock excuse when requested by citizens to provide necessary improvements and expansion in services. The response to these requests was always the same. The city had no money, and no new revenues were in sight. Today, however, this type of response is never used. Toledo has the funds today to satisfy citizen demands. Last year its paving program provided for the reconstruction of 33 streets, and this year 92 streets are included in a similar program. Also, Toledo is building a \$250,000 contagious disease hospital, a \$240,000 community building and swimming pool, 8 smaller pools, a \$96,000 war memorial, and a \$205,000 bridge. It has purchased two new parks of 92 and 18 acres, and is paying off \$6,800,000 of operating bonded debt left from the depression.

OTHER ACCOMPLISHMENTS.

The pay-tax revenues have done other things, too—such as replacing 80 per cent of the Police Department's prewar rolling stock and some 1904-vintage fire engines. It has furnished substantial repairs for city-owned structures that had been neglected for many years. For the benefit of those who may have tuned in since the opening of this broadcast, let me state that I am not reading from Grimm's *Fairy Tales*, but I am merely presenting a factual statement of what Toledo has been able to accomplish since the inclusion in its revenue structure slightly two years ago of the so-called payroll tax. In the light of the experience of Philadelphia and Toledo in this respect, I trust that the Legislature will, before adjournment of the current session, give serious consideration to the adoption of this proven revenue measure.

It should be remembered, and I feel it desirable to point out, that current increases in municipal operating costs have, in a large measure, arisen beyond the control of municipal officials in every portion of the Commonwealth of Massachusetts. I have before me a schedule listing legislative measures enacted in the past two years which have imposed a financial burden of approximately \$12,000,000 on the City of Boston.

These measures include a 48-hour work week for firemen; one day off in six for patrolmen; a 40-hour work week for employees, exclusive of police, fire and school; liberalization of pension and annuity benefits, especially for veterans; equal pay for teachers; mandatory salary increases for teachers and members of our Police and Fire Departments; widespread salary increases for county employees; and increased welfare disbursements resulting from the establishment by the Commissioner of Public Welfare of mandatory budgets for persons being aided under the Old Age and Aid to Dependent Children Laws. Undoubtedly, the Legislature, in its wisdom, felt the enactment of these various laws was necessary and essential for the public good, but I am afraid scant consideration was given to the fact that the appropriations which must be provided to carry out such legislative provisions will represent, in terms of the tax rate, an increased burden of \$8.50 per thousand on the property owners of this city.

LEGISLATIVE OBLIGATION.

Since legislative enactments have contributed in no small measure to the financial problems now facing municipal authorities, the Legislature should be willing at this time to take definite action to broaden the local revenue base and thus make unnecessary the imposition of additional tax burdens on one class of our citizenry. In my judgment the adoption of a 1 per cent withholding tax would be the greatest contribution to the welfare, contentment, and happiness of all the people of Boston. For example, a person owning a home that represents an investment of \$6,000—in the event the tax rate was reduced \$8 per thousand—would be saved \$48 each year on his tax bill, and the cost of a 1 per cent withholding tax, namely, one cent on each dollar received, would be but \$25. So the adoption of a 1 per cent withholding tax would represent a saving to every householder owning a \$6,000 home of \$23 per year, and a similar saving for each individual in proportion to the valuation of property owned. It would, in my judgment, result in greater interest on the part of the people as a whole in the selection and election of public officials to administer the affairs of the city. It would give each one a vital interest in the well-being of the community and in the conduct of civic affairs.

I trust that every individual listening in will consider it his duty to contact their senators and representatives and urge the adoption of a 1 per cent withholding tax which will strike every individual that earns his livelihood on Boston. We have 900,000 persons coming into Boston every day, contributing nothing to the conduct of the affairs of the city—very little to the welfare of the city other than criticism—who criticize our streets, criticize our police, criticize our institutions, and give nothing in return. If they could be induced to part with a portion of this money—since they represent an actual working population greater than the entire population of Boston, men, women and children combined—it would be a great source for public good, and a great relief to every person who lives in Boston, makes his livelihood here, and hopes to remain here and continue here until he dies—in the best city in the entire world, our city, Boston.

SALE OF LAND AND BUILDINGS AUTHORIZED.

Upon authorization by the Law Department the Mayor has approved the following sales of city land and buildings by auction or transfer:

Rosemont Street, Hyde Park.

Boston, April 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—Pursuant to a vote of the School Committee of the City of Boston on July 9, 1947, that it was advisable to sell a parcel of school property situated on Rosemont street, Hyde Park, formerly the site of the Prescott School, the Board on Sale of Land or Buildings of the City of Boston on July 15, 1947, voted that a sale of said school property be made at public auction at an upset price of \$500, and the Mayor of the City of Boston was authorized to execute a proper instrument to convey said property to a purchaser at such sale.

The Superintendent of Construction, Department of School Buildings, on

April 7, 1948, conducted a public auction sale, and the parcel of land was sold to Sabino Pasquale for the sum of \$1,600, he being the highest bidder at said auction.

The enclosed instrument is a deed prepared by this office whereby the authorized sale and conveyance to Sabino Pasquale may be executed. This deed has been approved as to form by me as Corporation Counsel and is transmitted to you herewith for your approval, signature, seal, and acknowledgment.

Yours very truly,

JOSEPH A. SCOLPONETI,
Corporation Counsel.

Washington Street, West Roxbury.

Boston, April 16, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY.—Pursuant to a vote of the School Committee of the City of Boston on July 9, 1947, that it was advisable to sell a parcel of school property situated on Washington street, West Roxbury, the Board on Sale of Land or Buildings of the City of Boston on July 15, 1947, voted that a sale of said school property be made at public auction at an upset price of \$2,000, and the Mayor of the City of Boston was authorized to execute a proper instrument to convey said property to a purchaser at such sale.

The Superintendent of Construction, Department of School Buildings, on April 7, 1948, conducted a public auction sale, and the parcel of land was sold to Edward C. Doherty, 4 Eleanor street, Dedham, Mass., for the sum of \$3,800, he being the highest bidder at said auction.

The enclosed instrument is a deed prepared by this office whereby the authorized sale and conveyance to Edward C. Doherty may be executed. This deed has been approved as to form by me as Corporation Counsel and is transmitted to you herewith for your approval, signature, seal, and acknowledgment.

Yours very truly,

JOSEPH A. SCOLPONETI,
Corporation Counsel.

Grove Street, West Roxbury.

Boston, April 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY.—Pursuant to a vote of the School Committee of the City of Boston on September 26, 1947, that it was advisable to sell a parcel of school property situated on Grove street, West Roxbury, the Board on Sale of Land or Buildings of the City of Boston, on December 1, 1947, voted that a sale of said school property be made at public auction at an upset price of \$800, and the Mayor of the City of Boston was authorized to execute a proper instrument to convey said property to a purchaser at such sale.

The Superintendent of Construction, Department of School Buildings, on April 7, 1948, conducted a public auction sale, and the parcel of land was sold to Alfred N. Foley, 50 Princeton road, Arlington, Mass., for the sum of \$850, he being the highest bidder at said auction.

The enclosed instrument is a deed prepared by this office whereby the authorized sale and conveyance to Alfred N. Foley may be executed. This deed has been approved as to form by me as Corporation Counsel and is transmitted to

you herewith for your approval, signature, seal, and acknowledgment.

Yours very truly,

JOSEPH A. SCOLPONETI,
Corporation Counsel.

Charlestown Heights.

Boston, April 15, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY.—By an order of the City Council of the City of Boston passed March 29, 1948, and passed again April 12, 1948, and approved by the Mayor of the City of Boston April 14, 1948, the Mayor of the City of Boston was authorized to transfer to the George Robert White Fund by an instrument in writing satisfactory in form to the Law Department a certain parcel of land within the Ensign John J. Doherty, Jr., Playground, Charlestown Heights, containing 1.50 acres, for the purpose of the establishment of a project consisting of a swimming pool, bathhouse, and bleachers by the George Robert White Fund, and upon the consideration of the payment to the City of Boston by said fund of the sum of \$19,500.

Enclosed is an instrument prepared by the Law Department of the City of Boston whereby the above-referred-to order of the City Council may be executed. This instrument has been approved as to form by me as Corporation Counsel and is transmitted to you herewith for your approval, signature, seal, and acknowledgment.

After execution thereof, please return the enclosed instrument to this office, and I will arrange for the delivery of same to the George Robert White Fund and the collection and deposit of the stated consideration.

Very truly yours,

JOSEPH A. SCOLPONETI,
Corporation Counsel.

SUMMER STREET BRIDGE CLOSING.

Commissioner Robert P. Curley of the Public Works Department announced, on May 1, that it will be necessary to make some very important structural repairs on the Summer Street Bridge, South Boston, over the Reserved Channel.

As a result, it will be necessary to close the bridge to all use on Sunday, May 2, from 8 a. m. to 5 p. m.

The Commissioner added that the necessary signs will be provided to divert traffic while this work is in progress.

MAYOR AND MRS. CURLEY PLANT TREES ON COMMON ON ARBOR DAY.

On Arbor Day, Friday, April 30, Mayor and Mrs. James M. Curley each planted a tree on Boston Common. The trees were planted along the walk opposite West street leading to the Mayor's Walk.

The trees are European lindens. Mrs. Curley and his Honor carried out the usual custom that has been in vogue in Boston on the Common for many years.

The first Arbor Day was set apart in Nebraska in 1872. Great enthusiasm was aroused, and more than 1,000,000 trees were planted in that state at that time, which was practically bare of trees. The Mayor also requested that all citizens, wherever possible, join with him in planting some trees or shrubbery, and thus help make this city a better place in which to live.

RE-ELECTED CHAIRMAN OF DOOMING BOARD BY ASSESSORS.

His Honor the Mayor received the following letter from Peter J. Allen, Chairman, Board of Assessors:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—The First Assistant Assessors assembled today in their new conference room on the third floor in the annex to form the Dooming Board for the year 1948. The Dooming Board, whose function is to assess the personal property in the City of Boston, is an extremely important board.

Following the tradition of many years the oldest assessor, Frederick F. Smith, was re-elected chairman of the Dooming Board. Mr. Smith is a colored gentleman of very high repute in the community, has been a member of the Massachusetts Bar for a great many years, and an employee of the city since 1904. In addition to Mr. Smith's recognized ability as an assessor of real and personal property, he well merits the approval of his fellow men as a parliamentarian.

I am certain that your Honor will find it a pleasant duty to acknowledge Mr. Smith's appointment as chairman of the Dooming Board for the year 1948.

Respectfully,

BOARD OF ASSESSORS,
PETER J. ALLEN, *Chairman*.

MAYOR ORDERS SHAW MONUMENT ON COMMON PROTECTED FROM PREJUDICED VANDALS.

The following letter was sent, on May 3, by his Honor Mayor James M. Curley to John Murphy, Chairman of the Boston Park Commission:

MR. JOHN MURPHY, *Chairman*,
Boston Park Commission.

DEAR SIR.—The memorial opposite the State House on Beacon street, representing Colonel Shaw leading a colored regiment in the Civil War, designed by Saint Gaudens, has been an object of vandalism for many years, being customary for those persons who are offended by the memorial of a white man leading a colored regiment, to, from time to time, either break off the sword carried by Colonel Shaw or twist the same.

I am desirous that you arrange to have a heavy steel rod inserted in the sword, so that it can be neither twisted nor broken off.

Respectfully,

JAMES M. CURLEY, *Mayor*.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon April 23 the Mayor approved a contract with Ricciardelli Company for furnishing and installing cast-iron sectional boiler in the William Wirt Warren School. Bids, opened April 20, were as follows:

Ricciardelli Company, \$5,444; J. W. Praught Company, \$5,838; James P. Sullivan Company, \$5,900; W. A. Shephard Company, \$6,055; Joseph F. Dwyer, \$6,344; J. J. Hurley & Co., \$6,361.

Upon April 26 the Mayor approved a contract with J. J. Hurley & Co., for installing horizontal return tubular boilers in the Sherwin School. Bids, opened April 22, were as follows:

J. J. Hurley & Co., \$10,181; J. W. Praught Company, \$10,747; W. A. Shephard Company, \$11,094; Joseph F. Dwyer, \$11,182; Ricciardelli Company, \$11,945.

Upon April 26 the Mayor approved a contract with J. J. Hurley & Co., for installing horizontal return tubular boilers in the Harvard School. Bids, opened April 22, as follows:

J. J. Hurley & Co., \$11,371; W. A. Shephard Company, \$11,663; Joseph F. Dwyer, \$11,913; J. W. Praught Company, \$12,723; Ricciardelli Company, \$13,429.

LIBRARY DEPARTMENT.

Upon April 26 the Mayor approved a contract with the Bay State Cleaning Company for the cleaning of certain windows during the year 1948 in the Central Library Building and at 31 other buildings. Bids, opened Wednesday, April 14, were as follows:

Bay State Cleaning Company, Group I, \$2,128.04; Group II, \$811.72; total, \$2,939.76.

Careful Cleaning Company, Group I, \$2,364; Group II, \$890; total, \$3,254.

W. C. Holmes Cleaning Company, Group I, \$3,810; Group II, \$1,100; total \$4,910.

South Boston Window Cleaning Company, Group I, no bid; Group II, \$1,130; total, \$1,130.

OVERSEERS OF PUBLIC WELFARE.

Upon April 21 the Mayor approved a contract with R. Tweed & Son for painting certain rooms in the Temporary Home for Women and Children. Bids, opened Thursday, March 18, were as follows:

James J. Brown & Son, \$1,340; R. Tweed & Son, \$1,477; Kabot Painting Company, \$1,850; Max Cahn, \$1,900; John M. Kennedy, \$2,365; Bedford Painting and Decorating Company, \$2,634; National Painting Company, \$3,078; Federal Painting and Decorating Company, \$3,700.

The bid of James J. Brown & Son was withdrawn. Due to that fact the contract in the sum of \$1,477 was awarded to R. Tweed & Son.

PUBLIC WORKS DEPARTMENT.

Upon April 5 the Mayor approved a contract as requested in the following letter:

BOSTON, April 1, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to the award of a contract for machinery repairs on the South Drop South Ferry, East Boston side, to the C. & R. Construction Company, 75 Bradeen street, Roslindale, the third bidder, at an estimated cost of \$3,850.

I do not believe that a satisfactory job could be done for the price bid by the United Ship Building Corporation and for the slight difference in the bids of the second and third bidders, I believe the C. & R. Construction Company is best qualified to do the work in a satisfactory manner, as they have very recently satisfactorily completed a similar job on the adjoining drop.

The work to be done is to be commenced immediately after the signing of the contract by the Mayor and shall be fully completed within two weeks from that date.

The following bids were received March 29 after advertising in the *City Record* March 20, 1948:

United Ship Building Corporation, \$2,683; Eastern Painting Company, \$3,770; C. & R. Construction Company, \$3,850.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Upon April 23 the Mayor approved a contract with the Rev-Lyn Contracting Company, the lowest bidder, for redocking Reservation Road Bridge over the New York, New Haven & Hartford Railroad, at an estimated cost of \$9,650. The work to be performed under this contract is to be commenced on a date to be specified on a written order from the Commissioner of Public Works and shall be fully completed within three months from that date. The following bids were received April 21:

Rev-Lyn Contracting Company, \$9,650; Martin J. Kelly Company, Inc., \$9,793; A. Orlando, Inc., \$10,117.50; Rossano Construction Company, Inc., \$10,823.90; John F. Shea Company, Inc., \$11,456.25; Charles Callahan Company, \$11,974; John P. Cavanagh, \$12,932.50.

Upon April 26 the Mayor approved a contract with Martin J. Kelly Company, Inc., for extending the east shaft of the Dorchester Bay Tunnel at Squantum, Quincy, at an estimated cost of \$2,900. The work to be performed under this contract is to be commenced within ten days after the contract is signed by the Mayor, and shall be fully completed within thirty days from that date. The following bids were received April 21:

Martin J. Kelly Company, Inc., \$2,900; Charles Callahan Company, \$3,725.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and supply houses for furnishing labor, supplies, etc. Communications from the heads of the various departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, April 3, 1948.

HON. JAMES M. CURLEY.

Mayor of Boston.

DEAR SIR,—We hereby request your Honor's permission to amend the contract entered into by and between the Board of Trustees and Rossano Construction Company, Inc., which was approved on December 11, 1947.

The aforesaid contract covered all work necessary for and incidental to installation of sterilizer equipment at Boston City Hospital, and provides that the estimated cost of the work is \$42,009; however, an "order for change in contract," adding the sum of \$5,293, was agreed upon by the parties hereto and said increase was approved by your Honor on February 24, 1948. It now appears that due to structural defect in Ward "O", an additional cost amounting to \$1,096 is necessary.

In view of the foregoing, we respectfully request your Honor's permission to amend the aforesaid contract to include this additional work, adding \$1,096 to the total of the original contract sum and the addition approved on February 24, 1948, thereby increasing the total contract sum to \$48,398.

Respectfully yours,

MARTIN J. ENGLISH, M. D.,
President, Board of Trustees.

PARK DEPARTMENT.

BOSTON, April 20, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is necessary that we take immediate steps to repair many of the roads in the park system that are in poor condition. We desire to repair bituminous, concrete and sheet asphalt type of road surfaces on which the guaranty has expired. The surfaces and foundations of these roads have disintegrated, and after the hard usage of the winter months it is necessary that we make immediate repairs.

The City of Boston has in force now an agreement with the Central Construction Company for patching bituminous type pavement on streets and highways which are under control of the Public Works Department of the city. This company has agreed to make repairs on pavements on park roads as designated by this department at the same unit prices that are now in effect with the City of Boston Public Works Department. These unit prices, we feel, are the lowest that can be obtained and this concern has all the necessary facilities to complete the required work in a short period of time. It is my judgment that nothing can be gained by publicly advertising for bids for doing the work.

In view of all this, we respectfully request permission to award a contract for the repair of parkways and roadways as designated by this department, without publicly advertising for bids, to the Central Construction Company, 228 Southampton street, Boston, at the unit prices set forth in the above-mentioned contract with the Public Works Department, for a sum not to exceed \$15,000. The cost of the work will be charged to the special appropriation, "Reconstruction and Repairs of Parkways and Roadways."

Respectfully yours,

JOHN J. MURPHY, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, April 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Last week an emergency arose in South Boston Municipal Building. It was found that tubes in the Sims hot water generator were leaking and flooding the boiler. This condition is serious and could result in a serious flood condition and cause considerable damage.

Upon investigation, in view of the fact that 13 additional showers have been already added to this installation and an additional number is contemplated for the new gymnasium, it was decided that it was impracticable to repair this generator, so installation of a new hot water generator of additional capacity sufficient to take on present and contemplated showers was decided on.

In view of the foregoing and in consideration of the emergency nature of the work, I invited Ferris & Mahoney Company, 24 Cambria street; J. M. McCusker Company, 19 Chestnut avenue; and P. J. Riley Company, 295 Highland street, to bid on a specification which incorporated the desired work, with the following results:

J. M. McCusker Company, 19 Chestnut avenue, \$1,990; Ferris & Mahoney Company, 24 Cambria street, \$1,965; P. J. Riley Company, 295 Highland street, \$1,875.

As time is the essence of this contract and the serious emergency nature of the work, I respectfully request that your Honor grant me authority to dispense

with advertising and to award this contract to the P. J. Riley Company, 295 Highland street, Roxbury, in the sum of \$1,875.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 8, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—At the present time the surfaces of our streets throughout the city are in a particularly dangerous condition, as a result of the unusually severe winter through which we have just passed. The city forces, which are limited in number, have done everything possible to remedy the situation, and, with the supplementary assistance given by contractors who were engaged for the purpose, temporary repairs have been made.

While the conditions I have mentioned relate to pavements generally, a particularly bad situation specifically exists as regards the bituminous type of pavement upon which the maintenance guaranty has expired. This, however, is a form of work for which the city itself is not equipped to lay or repair, and, of necessity, a contractor must be engaged to make such repairs as are essential.

It is desirable, in my opinion, that the materials for the work in question be manufactured at a location quite proximate to the places where they will have to be used, so that the work of laying or repairing those portions of our streets which are dangerous to persons and property might proceed with the minimum of delay.

After careful study of the problem, it is my considered judgment that the Central Construction Company, 228 Southampton street, Boston, can handle this work in the most efficient and economical manner, having the only plant of its kind operating in Boston, and being immediately equipped to manufacture and supply the materials to be used in this work, thus insuring complete performance.

Furthermore, this company has had considerable experience in laying and repairing this type of roadway surface, having been awarded contracts by this department for this type of work for the years 1946 and 1947, and has performed in a completely satisfactory manner.

I therefore respectfully request the authority of your Honor to dispense with advertising and to award a contract to the Central Construction Company, of 228 Southampton street, Boston, for repairing, during the current year, the bituminous pavements upon which the maintenance guaranty has expired in all sections of the city, at a cost of \$128,134.

The contract will contain quantities of work to be paid for out of the regular appropriation for repairing streets, as well as quantities for restoration of areas to be paid for by the Sewer and Water Divisions of this department, where these divisions have made openings for underground purposes, the breakdown being as follows:

Reconstruction of Streets, \$111,834;
Sewer Division (Sewerage Works Approp-

riation), \$1,300; Water Division (Budget Item B-42), \$15,000.

Yours respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, April 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On January 18, 1948, I requested and received your approval to issue a service order in the sum of \$1,990 to P. J. Riley & Co. for renewing inside roof drains at the Calf Pasture Pumping Station. We stated that this work was of an emergency nature because of the dangerous condition of the pipehangers, also that it would be necessary to employ high staging.

At that time it was our intention to renew and rehang the drains adjacent to the roof line and to renew only that part of the drain stack that extends along the station wall from the floor level to the roof line as was found necessary.

We now find that the drain stacks are so badly cracked and worn that it is necessary to replace them in their entirety; also to renew three roof drains which extend through the roof.

Your approval is requested to cancel the original service order in the sum of \$1,990, and to enter into an unadvertised contract with P. J. Riley & Co., in the sum of \$3,500, on a stock and time basis to complete the work.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, April 16, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is necessary for the Water Division of this department to relocate high pressure fire hydrant No. 305 on Hanover street, Boston.

The estimated cost of doing this work indicated that the job was too small for public advertisement, and as the work contemplated should be done without delay, invitation bids were solicited from three firms who are qualified for this particular type of work. In accordance with the invitations sent out, the following bids were opened in this office on Monday, April 12:

Construction Units, Inc., \$1,950; Appel & O'Toole, \$2,025; C. & R. Construction Company, \$2,624.

I respectfully request your permission to dispense with advertising in this particular instance, and to issue a service order to the low bidder, namely, Construction Units, Inc., in the amount of \$1,950.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

TRANSIT DEPARTMENT.

BOSTON, April 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to place an order, without public advertisement, with Ace Welding Service for furnishing one 800-gallon single compartment fuel oil truck tank, fully equipped with a 1½-inch pump, a power take-off, a 1½-inch meter, 100 feet of 1½-inch hose and hand-operated hose reel, built-in bumper, two stop and tail lights, mounted on the department chassis.

This department, under a recent date, asked for bids and the following bids were received:

Boston Steel & Manufacturing Company, \$1,849.34; Ace Welding Service, \$1,652.38.

The department is in urgent need of this fuel oil truck tank.

The total amount of the order would be \$1,652.38.

The Board decided to award to Ace Welding Service, who is the lower bidder, with early delivery, and no advantage would be gained by advertisement.

For this reason I respectfully request that the permission asked for above be granted.

Respectfully yours,

A. JOSEPH FRENO,
Acting Chairman.

POLICE DEPARTMENT ORDERS.

General Order No. 1,045.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at the close of business Friday, April 30, 1948.

Wherefore, in view of this operation of law, after April 30, 1948, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Harold W. Beckwith, Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,046.

Patrolmen William F. McDonald, Charles Doherty, John F. Barthel, Leo V. Devlin, Carl A. Fetler, all of Division 9, and Andrew J. Gill, of Division 10, are hereby commended for meritorious duty performed on April 13, 1948, in connection with the capture of three men who had committed a series of armed holdups and breaking and entering cases.

The Commissioner is pleased to recognize and commend these officers for the prompt response to radio message as well as the excellent cooperation and devotion to duty exemplified by them, which resulted in the quick apprehension of these armed felons.

In addition, each of the above-named officers is granted three days' extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of manhole construction by the Boston Edison Company, estimated to be one (1) week, vehicles are excluded from the following street, effective April 29, 1948:

Revere Street, Boston Proper.

From Anderson street to Garden street.

IV. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter which he has received from Major General Keating of the United States Army:

"April 21, 1948.

MR. RUSSELL S. CODMAN, JR.,
Fire Commissioner.

DEAR COMMISSIONER CODMAN,—I wish to express my sincere appreciation for the wholehearted cooperation of your department during the celebration of Army Week. Your assistance in obtaining floodlights for our evening displays together with the loan of your band contributed materially to the success of the Army Day program.

Please accept my sincere thanks and kindest personal regards.

Sincerely yours,

FRANK A. KEATING,
Major General, United States Army
Commanding."

The Fire Commissioner is also pleased to publish the following letter which he has received from Mr. Irving C. Wright:

"April 27, 1948.

MR. RUSSELL S. CODMAN,
Fire Commissioner.

DEAR COMMISSIONER,—You probably know that my sister's house (our old homestead) burned down the night of April 10.

While I was over there the following day helping her, she told me of the very fine and efficient work done by the men in your department. Only for their quick work and the fact that they are so well trained, the house would have been a total loss. As it was, many articles of value were saved.

As she knows that I know you, she asked me if I would not write to you and ask you to express her thanks to those men for the fine job that they did."

V. TRANSFER.

The following transfer, effective at 8 a. m., Wednesday, May 5, 1948, is hereby announced:

Hoseman John E. Carey, from Engine Company 12 to Ladder 33.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners: Voted,—That the order of the Street Commissioners and Mayor of September 21, 1946, as amended, determining damages caused by the making of the public improvement consisting of the extension of Navarre street, be, and the same hereby is, amended, by adding to said order the amount \$246, as an award to Hilma V. Olson; that the amount \$246 be, and the same hereby is, awarded to Hilma V. Olson for the damages so sustained.

BUILDING PROTECTED.

BUILDING DEPARTMENT.

The Mayor has approved the request of the Building Commissioner, to enter the building or other structure, or the abutting land or buildings, at rear 94 Charter street and 548 Commercial street, Ward 3, with such assistance as required, and make safe, vacate forthwith, or remove certain area of high ground overhanging wall, and to protect the public by a proper fence or otherwise as may be necessary.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

East shaft of the Dorchester Bay Tunnel at Squantum, Quincy, Mass., to be extended approximately ten (10) feet at a cost of \$2,000.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 26, 1948.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President HANNON in the chair. Absent, Councilor Coffey. The meeting was opened with the salute to the Flag.

FIRE HYDRANTS, CITY SQUARE, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Department of Public Works and the Boston Fire Department, relative to your order of March 8, 1948, concerning the conducting of a survey of the City square section of Charlestown, for the purpose of determining the need for additional fire hydrants in that area.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 16, 1948.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order of the City Council that his Honor the Mayor be requested to instruct the Public Works Commissioner and the Chief of the Fire Prevention Bureau of the Boston Fire Department to conduct a survey of the City square section of Charlestown, for the purpose of determining the need for additional fire hydrants in that area.

The Water Division of the Public Works Department has been instructed to conduct a survey of the location mentioned above.

Very truly yours,
D. M. SULLIVAN,
Acting Commissioner of Public Works.

City of Boston,
Fire Department, April 5, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—Reference is made to your communication of March 10, 1948, with attached copy of order from the City Council, requesting the Chief of the Fire Prevention Bureau to conduct a survey of the City square section of Charlestown for the purpose of determining the need for additional fire hydrants in that area.

Upon receipt of your communication I directed the deputy chief in charge of the Fire Prevention Division to conduct a survey of the area which is now completed. I am forwarding for the consideration of his Honor the Mayor the report of Deputy Chief Montgomery, containing a recommendation to install two additional hydrants at the location specified in the chief's report. The installation of these hydrants is a function of the Water Division of the Public Works Department.

Very truly yours,
RUSSELL S. CODMAN, JR.,
Fire Commissioner.

City of Boston,
Fire Department, March 31, 1948.

Mr. Russell S. Codman, Jr.,
Fire Commissioner, Boston.

Dear Sir,—As a result of the survey request in the City Council order of March 8, the following information is submitted.

The City square and adjacent areas are not properly supplied with hydrants. As presently situated, there is one opposite 15 City square at the corner of Main street, one opposite the Young Men's Christian Association building, one at the corner of Rutherford avenue and Harvard street, and one on the approach to the high bridge at the White Tower lunch. Should these four hydrants be in use, long lines would be necessary for additional water, since there is only one within a reasonable distance from the square.

I recommend that two additional hydrants be installed in City square located as follows: Near the corner of Chelsea street in front of the Waldorf Lunch and near the drinking fountain on the park sidewalk.

Respectfully submitted,
Edward N. MONTGOMERY,
Deputy Chief in Charge,
Fire Prevention Division.

CONSTRUCTION OF GRANOLITHIC SIDEWALKS

The following was received:

City of Boston,
Office of the Mayor, April 21, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of March 29, 1948, concerning the appropriation of \$150,000 for the construction of granolithic sidewalks on streets which already have a macadamized surface, and on which no provision has been made for sidewalks.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 20, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that under chapter 44 of the General Laws, section 7, Appendix R, his Honor the Mayor be requested to appropriate \$150,000 for the construction of granolithic sidewalks on streets which already have a macadamized surface and on which no provision has been made for sidewalks, and this will advise you that there are in Boston a great many streets originally constructed without edgestones or permanent sidewalks.

Chapter 44, section 7, of the General Laws, which provides for the "Public Ways, Construction of, Loan," requires that any sidewalks, other than those built in the original construction of a street, be financed by five-year bonds.

All money borrowed by the City of Boston under the "Public Ways, Construction of, Loan" is on ten-year bonds.

The 1948 budget provides \$50,000 for construction and reconstruction of sidewalks, all of which is required for the maintenance of existing sidewalks.

In order to provide for the construction of sidewalks in conjunction with the reconstruction of streets, it would be necessary to appropriate approximately \$150,000, to be used as down payment on a separate loan for the construction of sidewalks, or to appropriate the same amount annually, as the yearly expenditure would be about \$150,000.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

PLAYGROUND FACILITIES AT FRANKLIN PARK.

The following was received:

City of Boston,

Office of the Mayor, April 13, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department, relative to your order of March 29, 1948, concerning the establishment of playground facilities at Franklin Park for children, and to discontinue garden plots for this purpose, if necessary.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, April 12, 1948.

Mr. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosure, City Council order, requesting the Park Commissioner to establish playground facilities at Franklin Park for children and to discontinue garden plots for this purpose, if necessary, I wish to report as follows:

The area of the Playstead, Franklin Park, is 26 acres. A short while ago about 14 acres of this lot were sold to the George Robert White Fund for a schoolboy stadium. It has been reported by his Honor the Mayor that work would start soon and would be completed by the fall.

The balance of the area could be used for baseball or gardens, or even a combination of both. The balance of 12 acres would provide about 400 garden lots which is the approximate number of gardens that were in the park last year. This year we have over 100 applications for garden plots. It is possible that before the gardening season opens we might have from 300 to 400 applications.

The City Councilors from those districts bordering on the park, claim the people want the field to be used for athletic purposes. My first thought is for the youngsters and I favor, first, play areas for children. I do feel that his Honor should realize that all baseball would mean there, would be no gardens. I am going to provide baseball on this area this year.

Very truly yours,

JOHN J. MURPHY, Chairman.

ESTABLISHMENTS FOR SALE OF SECONDHAND ARTICLES.

The following was received:

City of Boston,
Office of the Mayor, April 21, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Police Commissioner relative to your order of March 22, 1948, concerning the notification of all abutters before the issuance of any permit for the establishment of any business for sale of secondhand articles, including automobiles.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department, March 26, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I am in receipt of your letter dated March 24, 1948, inclosing copy of order passed by City Council on March 22, 1948, which reads in part as follows:

"Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to notify all abutters, whether required by law to do so or not, before issuance of any permit for the establishment of any business for sale of secondhand articles, including automobiles . . ."

In all cases where application is made for a license involving the use of premises by secondhand dealers, public lodging houses, pawnshops, junk shops, and automobile dealers (Classes 1, 2, and 3), it is necessary that applicant for said license obtain approval of the Zoning Division of the Building Department before the application is investigated. For many years the stamp of approval of Zoning Board has been regarded as a prerequisite to the issuance of licenses. After approval of Zoning Board and a thorough investigation by the Police Department, licenses are usually granted to suitable persons.

The law relating to the sale of secondhand motor vehicles is specific and imposes a further duty on licensing authorities insofar as Class 3 licenses, known as "motor vehicle junk licenses," are concerned.

General Laws (Ter. Ed.) chapter 140, section 59, as amended, provides in part, as follows:

"Section 59. . . . Cities and towns by ordinance or bylaw may regulate the situation of the premises of licenses within class three of section fifty-eight, and all licenses and permits issued hereunder to persons within said class three shall be subject to the provisions of ordinances and bylaws which are hereby authorized to be made. No license or permit shall be issued hereunder to a person within said class three until after a hearing, of which seven days' notice shall have been given to the owners of property abutting on the premises where such license or permit is proposed to be exercised . . ."

It would appear that the proposed procedure would be in violation of General Laws (Ter. Ed.) chapter 140, section 59, as amended, since the Legislature has specifically set forth that such procedure shall apply to only Class 3 licenses.

In view of the foregoing, I regret to report that it is not possible for me to comply with request contained in this order.

Very truly yours,
THOMAS F. SULLIVAN,
Commissioner.

LOAN FOR CONSTRUCTION OF PUBLIC WAYS.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1948.
To the City Council.

Gentlemen,—The Commissioner of Public Works has submitted to me a request for loan

authorization for the construction of public ways or permanent pavement amounting to \$2,000,000.

Believing this to be necessary for the purposes outlined, I respectfully recommend to your Honorable Body the approval of the loan order herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 16, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I respectfully recommend that you ask the City Council to make a loan appropriation of \$2,000,000, under the title of Public Ways, Construction of.

To carry out the contemplated street construction program, I feel that it is absolutely necessary to obtain this money, which will be spent for the original construction of streets, as ordered by the Board of Street Commissioners, and for the reconstruction of streets and highways in various sections of the city, which, due to the conditions existing following the severe winter through which we have passed, are very much in need of rebuilding.

The so-called "down payment" has been provided in the budget appropriations for the current year, as made available by the City Council.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, and under the provisions of chapter 393 of the Acts of 1906, the sum of \$2,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of public ways or permanent pavement, and that, to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

RENAMING OF PRINCE STREET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Park Department relative to your order of April 5, 1948, concerning the changing of the name of the Prince Street Playground, at Prince street, near the corner of Snow Hill street, to John DeFilippo Playground.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 9, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosures, requesting the Park Commissioners, through Council order of April 5, 1948, to change the name of the Prince Street Playground, at Prince street, near the corner of Snow Hill street, to John DeFilippo Playground, in memory of the said John DeFilippo, veteran of World War II, killed in action in the service of his country, I wish to report as follows:

I have had investigated the history of this veteran, and I find that he was the type of young man for whom something should be done in the way of honoring his memory.

Since this order of the City Council was adopted, I have had a request from a prominent North End man and a veterans' organization who wish to be heard in a protest for the naming of any area in the vicinity for any one man. There has been no hearing to date, but it would be well to have all of those interested to be more or less unanimous before anything definite is done.

Very truly yours,
JOHN J. MURPHY, Chairman.
